The Cure of Poetry in an Age of Prose Mary Kinzie,1993-07-15 The role of the poet Mary Kinzie writes is to engage the most profound subjects with the utmost in expressive clarity The role of the critic is to follow the poet word for word into the arena where the creative struggle occurs How this mutual purpose is served ideally and practically is the subject of this bracingly polemical collection of essays A distinguished poet and critic Kinzie assesses poetry's situation during the past twenty five years Ours she contends is literally a prosaic age not only in the popularity of prose genres but in the resultant compromises with truth and elegance in literature In essays on the rhapsodic fallacy confessionism and the romance of perceptual response Kinzie diagnoses some of the trends that diminish the poet's flexibility Conversely she also considers individual poets Randall Jarrell Elizabeth Bishop Howard Nemerov Seamus Heaney and John Ashbery who have found ingenious ways of averting the risks of prosaism and preserving the special character of poetry Focusing on poet Louise Bogan and novelist J M Coetzee Kinzie identifies a crucial and curative overlap between the practices of great prose writing and great poetry In conclusion she suggests a new approach for teaching writers of poetry and fiction Forcefully argued these essays will be widely read and debated among critics and poets alike Tennessee Librarian ,1994 Discourses on the Edges of Life Vicent Salvador,Adéla Kotátková,Ignasi Clemente,2020-04-15 Death inhabits our collective imaginary even though sometimes like a squatter it hides discretely in order to avoid conflicts It is undoubtedly a multi faceted subject of study which requires consideration from an interdisciplinary perspective This book deals with this phenomenon and more specifically with the discourses that surround and construct our perspectives and understanding of death and dying Of course the present volume does not attempt to be exhaustive and considers the subject from several standpoints including linguistics anthropology history of medicine and importantly literary studies It combines various points of view and different methodologies of knowledge in the hope that they come together to constitute a written dialogue or more precisely a polylogue The ordering of the texts in this volume provides readers with an itinerary that begins with more general approaches such as a historical presentation of the medicalisation of death and an in depth reflection on the best way to die and ends with studies of specific literary works from different periods The itinerary that this book provides is framed by a discourse analysis based overview that explores how different approaches to death and dying intersect and complement each other in an interdisciplinary endeavour This analysis focuses on literary and non literary genres in order to shed some new light on a topic that is inexhaustible because of its sociocultural relevance Forthcoming Books Rose Arny,2002 The Encyclopaedia Of Indian Literature (Volume Two) (Devraj To Jyoti) Amaresh Datta,2006 A Major Activity Of The Sahitya Akademi Is The Preparation Of An Encyclopaedia Of Indian Literature The Venture Covering Twenty Two Languages Of India
