The Routledge Companion to Banking

Regulation and Reform Ismail Ertürk, Daniela Gabor, 2016-10-04 The Routledge Companion to Banking Regulation and Reform provides a prestigious cutting edge international reference work offering students researchers and policy makers a comprehensive guide to the paradigm shift in banking studies since the historic financial crisis in 2007 The transformation in banking over the last two decades has not been authoritatively and critically analysed by the mainstream academic literature This unique collection brings together a multi disciplinary group of leading authorities in the field to analyse and investigate post crisis regulation and reform Representing the wide spectrum of non mainstream economics and finance topics range widely from financial innovation to misconduct in banking varieties of Eurozone banking to reforming dysfunctional global banking as well as topical issues such as off shore financial centres Libor fixing corporate governance and the Dodd Frank Act Bringing together an authoritative range of international experts and perspectives this invaluable body of heterodox research work provides a comprehensive compendium for researchers and academics of banking and finance as well as regulators and policy makers concerned with the global impact of financial institutions

Reforms and Innovation in Education Alexander M. Sidorkin, Mark K. Warford, 2017-10-05 This book investigates the interrelationship between educational reforms and pedagogical and technological innovations as well as the implications of this relationship for the quality of human capital By analyzing recent educational reforms in Russia and the US the authors shed new light on how these reforms may help or hinder innovations such as the introduction of computer technologies into classrooms new methods of teacher evaluation constructivist teaching methods and governance in public schools Taking labor economics as a useful lens for conceptualizing the diffusion of innovation in the first part of the book the authors analyze how certain power arrangements can block educational innovations in schools In the second part they examine recent educational reforms in the US and Russia The final part presents a vision of the next generation of educational reforms which may enable innovation diffusion rather than hamper it

Public Management Reform and Innovation H. George Frederickson, Jocelyn Johnston, 1999-05-12 This text confronts questions public managers face in their efforts to meet demands of reform and innovation It considers bureaucratic resistance the dilemma faced when a reform agenda runs counter to the law and the belief that improved management can remedy flawed policy
