Short Reign Of Pippin Iv Viking:

The Short Reign of Pippin IV, A Fabrication John Steinbeck, 2022-08-16 Set against the backdrop of mid 20th century political disillusionment John Steinbeck's *The Short Reign of Pippin IV A Fabrication* masterfully blends satire and absurdism to craft a narrative that critiques the nature of power and leadership The book chronicles the rise and fall of the fictional monarch Pippin IV who despite his idealistic vision for France finds himself ensnared in the chaotic web of political machinations and public expectations Steinbeck's prose is both sharp and poignant inviting readers to reflect on the fragility of authority within a world that often prioritizes spectacle over substance This dazzling fabrication enables a profound exploration of human folly through an engaging combination of humor and tragedy prompting readers to consider the complexities of governance and the human condition John Steinbeck celebrated for his keen insights into social issues and human behavior draws inspiration from his extensive experiences during the Great Depression and his profound understanding of systemic oppression His commitment to social justice often permeated his work and in *The Short Reign of Pippin IV* he employs absurdist elements to unveil the farcical nature of political power ultimately shedding light on the real world implications of governance and the interplay of hope and disillusionment *The Short Reign of Pippin IV* is a captivating read for those who appreciate layered storytelling infused with intellectual critique Steinbeck's wit and philosophical depth make this novella a significant addition to the literary canon appealing to both fans of classic literature and contemporary readers alike It serves as a poignant reminder of the cyclical nature of leadership and the inevitable confrontations between ideals and reality

Criminal Tom Gash,2016-05-05 The way we see and understand crime falls into two types of story that in essence have been told and retold many times throughout human history in fiction as in fact Criminality is either a selfish choice an aberration or a forced choice the product of social factors These two stories continue to dominate both our views of and responses to crime And says Tom Gash they are completely wrong In seeking to dispel the myths that surround and inform our views of crime Criminal argues that our obsession with big arguments about crime s causes can lead us to mistake individual cases as proof of universal rules How he asks can we suspend our knee jerk reactions and begin to understand crime for what it is as a risk that can be managed and reduced Mark David E. Shanghai David Francis Urrows, 2021-09-23 This book reveals the story of François Ravary Jesuit missionary musician and organ builder The mastermind behind the construction of the bamboo organs of nineteenth century Shanghai Ravary's unpublished letters from China present a vivid picture of the excitement and crises surrounding the Roman Catholic mission in the often violent integration of global space of this time Focusing on an individual life this study adds needed perspective to histories of the treaty port era By shifting the inquiry towards a nuanced empirical and refocused evaluation of the landscape Ravary is revealed as a humanist in the Christian tradition curious about Chinese society and culture as well as the force behind China's first brass band first school orchestra and other landmarks of Sino European musical convergence This book is a must read for anyone interested in nineteenth century China studies cultural histories and the diffusion of Western art practices

A Century of Miracles H. A. Drake, 2017-08-01 The fourth century of our common era began and ended with a miracle Traditionally in the year 312 the Roman emperor Constantine experienced a vision of the Cross that led him to convert to Christianity and to defeat his last rival to the imperial throne and in 394 a divine wind carried the emperor Theodosius to victory at the battle of the Frigidus River Other stories heralded the discovery of the True Cross by Constantine's mother Helena and the rise of a new kind of miracle maker in the deserts of Egypt and Syria These miracle stories helped Christians understand the dizzying changes they experienced in the fourth century Far more than the outdated narrative of a life and death struggle between Christians and pagans they help us understand the darker turn Christianity took in subsequent ages In A Century of Miracles historian H A Drake explores the role miracle stories played in helping Christians pagans and Jews think about themselves and each other These stories he concludes bolstered Christian belief that their god wanted the empire to be Christian Most importantly they help explain how after a century of trumpeting the power of their god Christians were able to deal with their failure to protect the city of Rome from a barbarian sack by the Gothic army of Alaric in 410 Augustine's magnificent City of God eventually established a new theoretical basis for success but in the meantime the popularity of miracle stories reassured the faithful even when the miracles came to an end Thoroughly researched within a wide range of faiths and belief systems A Century of Miracles provides an absorbing illumination of this complex polytheistic and decidedly mystical phenomenon *Encyclopedia of the American Short Story* Abby H.
