Schwartz,1997 Schwartz speculates that Johnson who revered hard facts a wide cultural base and common sense would have exhibited scant patience with the heavily academic approaches currently favored in the study of literature He considers it probable that the combatants in the early struggles of the culture wars are losing energy and that in the wake of Alvin Kernan s declaration of the death of literature new battlegrounds are developing Ironically admiring the orchestration and staging of battles old and new superb he calls them he characterizes the entire culture war as a battle between straw men carefully constructed by the combatants to sustain a pattern of polarization that could be exploited to provide continuing professional advancement *A Dictionary of Writers and their Works* Christopher Riches,Michael Cox,2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general

History of Iranian Literature J. Rypka,2013-11-11 Some justification seems to be necessary for the addition of yet another History of Iranian Literature to the number of those already in existence Such a work must obviously contain as many novel features as possible so that a short explanation of what my collaborators and I had in mind when planning the book is perhaps not superfluous In the first place our object was to present a short summary of the material in all its aspects and secondly to review the subject from the chronological geographical and substantial standpoints all within the compass of a single volume Such a scheme precludes a formal and complete enumeration of names and phenomena and renders all the greater the obligation to accord most prominence to matters deemed to be of greatest importance supplementing these with such figures and forms as will enable an impression to be gained of the period in question all this is far as possible in the light of the most recent discoveries A glance at the table of contents will suffice to give an idea of the multifarious approach that has been our aim We begin at the very first traces of evidence bearing on our subject and continue the narrative up to the present day Geographically the book embraces Iran and its neighbouring countries while it should be remarked that Iranian literature in its fullest sense also includes Indo Persian and Judeo Persian works
