In Pursuit of Leviathan Lance E. Davis, Robert E. Gallman, Karin Gleiter, 2007-12-01 In Pursuit of Leviathan traces the American whaling industry from its rise in the 1840s to its precipitous fall at the end of the nineteenth century Using detailed and comprehensive data that describe more than four thousand whaling voyages from New Bedford Massachusetts the leading nineteenth century whaling port the authors explore the market for whale products crew quality and labor contracts and whale biology and distribution and assess the productivity of the American fleet They then examine new whaling techniques developed at the end of the nineteenth century such as modified clippers and harpoons and the introduction of darting guns Despite the common belief that the whaling industry declined due to a fall in whale stocks the authors argue that the industry's collapse was related to changes in technology and market conditions Providing a wealth of historical information In Pursuit of Leviathan is a classic industry study that will provide intriguing reading for anyone interested in the history of whaling The Seamen's Journal , 1929 *"A" General Collection of the Best and Most Interesting Voyages and Travels in All Parts of the World* John Pinkerton, 1814 Overhead Costs W. Zetetic Cosmogony: That The World Is Not A Rotating Revolving Globe Thomas Winship,2018-02-18 To fanciful minds and theoretical speculators the so called science of modern astronomy furnishes a field unsurpassed in any science for the unrestrained license of the imagination and the building up of a complicated conjuration of absurdities such as to overawe the simpleton and make him gape with wonder to deceive even those who truly believe their assumptions to be facts and to make men doubt Divine Revelation with as little discrimination as they were formerly called upon to believe If the reader will carefully follow and weigh the evidence in the following chapters he cannot fail to be delivered from the thralldom of popular credulity and led to seek the truth himself
