**Early Interracial Oneness Pentecostalism** Talmadge L. Steele, 2020-07-17 Making a Mass Institution describes how Indianapolis Indiana created a divided and unjust system of high schools over the course of the twentieth century one that effectively sorted students geographically economically and racially Like most U S cities Indianapolis began its secondary system with a singular decidedly academic high school but ended the 1960s with multiple high schools with numerous paths to graduation Some of the schools were academic others vocational and others still for what was eventually called life adjustment This system mirrored the multiple forces of mass society that surrounded it as it became more bureaucratic more focused on identifying and organizing students based on perceived abilities and more anxious about teaching conformity to middle class values By highlighting the experiences of the students themselves and the formation of a

distinct school centered youth culture Kyle P Steele argues that high school as it evolved into a mass institution was never fully the domain of policy elites school boards and administrators or students but a complicated and ever changing contested meeting place of all three

**Hoosier Schools** William J. Reese, 1998 This anthology is important for historians of education but it has a larger purpose Public schools have remained a faithful barometer of the major economic political and social changes that swept across the nation Social historians can learn much from this well written anthology Journal of American History a fine contribution to the history of public policy studies The Public Historian School reform activists sometimes forget that schools are a product of history that many proposed reforms were tried before with mixed results That understanding of the past is critical to our understanding of current efforts to improve schools These original studies of school reform in Indiana from before the Civil War to the most recent efforts offer a much needed perspective on the reoccurring struggle to remake the public schools in a new image

*And So It Goes*

Charles J. Shields, 2011-11-08 Vonnegut's life was a fascinating tragicomedy worthy of his best novels. A superbly researched and above all very entertaining biography. Blake Bailey, New York Times bestselling author of Philip Roth. The Biography. A New York Times Notable Book. A Washington Post Notable Nonfiction Book. In 2006 Charles Shields reached out to Kurt Vonnegut in a letter asking for his endorsement for a planned biography. The first response was no. A most respectful demurring by me for the excellent writer Charles J. Shields who offered to be my biographer. Propelled by a passion for his subject and already deep into his research, Shields wrote again and this time to his delight the answer came back O.K. For the next year which ended up being Vonnegut's last, Shields had access to Vonnegut and his letters. After four additional years of research and writing, *And So It Goes* is the first truly exacting look into the life of a man who has fascinated so many. Esquire: An incisive gossipy page-turner of a biography. Janet Maslin, The New York Times: A triumphant biography. From his harrowing survival of the Dresden firebombing through forty years of culture clashes and domestic battles, here is the Vonnegut we all thought we knew and the man we never got to see: a writer of searing wit and wisdom of driving ambition and perhaps most of all of aching loneliness. Jess Walter, 1. New York Times bestselling author of *Beautiful Ruins*. An engaging, surprising and empathetic page-turner. Deirdre Donahue, USA Today: Adroit literary analysis that highlights obscure or overlooked influences on Vonnegut. With access to more than 1,500 letters, Shields conducted hundreds of interviews to produce this engrossing definitive biography. Publishers Weekly: starred review. *Walking Among Pharaohs*. Peter Der Manuelian, 2023. Pyramids with hidden burial chambers. Colossal royal statues and minuscule gold jewelry. Decorated tomb chapels, temples, settlements, fortresses, ceramics, furniture, stone vessels and hieroglyphic inscriptions everywhere. This is the legacy of forty-three years of breathtakingly successful excavations at twenty-three different archaeological sites in Egypt and Sudan: ancient Nubia. George Reisner, 1867-1942, discovered all this and more during a remarkable career that revolutionized archaeological method in both the Old World and the New. Leading the Harvard University-Boston Museum of Fine Arts Expedition, Reisner put American and particularly Boston Egyptology on the world stage. His uniquely American success story unfolded despite British control of Egyptian politics, French control of Egyptian antiquities and an Egyptian yearning for independence, all while his Egyptian teams achieved the fieldwork results and mastered the arts of recording and documentation. Reisner's lifespan covers the birth of modern archaeology, aspects of colonialism, racism and nationalism, the history of Harvard and of the Museum of Fine Arts, Boston (MFA) and the issues of repatriation and cultural patrimony long before they became the hot topics they are today. This new biography gathers unpublished documents from all over the world to present the untold story of one of the founding fathers of excavation methodology and restore his place in the history of world archaeology while not overlooking some of his cultural interpretations that we can easily reject today. **Local Civics with National Purpose**.
