Si Quieres Escribir If You Want To Write:

The Raven, 1905 **Song, Struggle, and Solidarity** Mark Abendroth, 2019-11-05 The New York City Labor Chorus NYCLC was the first group of its kind when it formed in 1991 with members of different unions joining together in song Song Struggle and Solidarity The New York City Labor Chorus in Its Twenty fifth Year is the product of Mark Abendroth's ethnography on the NYCLC during its calendar year from fall 2016 to spring 2017 Abendroth was in his sixth year as an active member of the chorus at that time He kept field notes of nearly every NYCLC performance and weekly rehearsal during the year He also interviewed twenty eight of the approximately eighty five members and studied documents in the group's history Chapters include a history of singing in the labor movement in the United States a history of the NYCLC in its first twenty four years and a focus on developments during the group's twenty fifth year The book ends with the author's conclusions on the NYCLC's accomplishments challenges and possibilities **Armed Jews in the Americas** Raanan Rein, David M.K. Sheinin, 2021-07-05 A Jewish weapons manufacturer during the American Civil War a Jewish Canadian chair of the Metropolitan Toronto Police Board and Jewish Argentine guerrilla fighters these are some of the individuals discussed in this first of its kind volume It brings together some of the best new works on armed Jews in the Americas Links between Jews and their ties to weapons are addressed through multiple cultural political social and ideological contexts thus breaking down longstanding stilted myths in many societies about Jews and weaponry Anti-Semitism and Jewish self defense Jewish volunteers in the Spanish Civil War and in the 1948 Arab Israeli war and Jewish American gangsters as ethnic heroes form part of the little researched topic of Jews and arms in the Americas **Spanish Now! Level 1: with Online Audio** Barron's Educational Series, Ruth J. Silverstein, 2015-08-01 This updated edition of the combination textbook and workbook is designed as an introduction to Spanish for classroom use The emphasis is on oral proficiency conversational speaking and listening comprehension but the authors also present detailed instruction in the fundamentals of Spanish grammar vocabulary reading comprehension and writing in Spanish The book is filled with exercises and answers true to life dialogues illustrations of Hispanic art and photos that capture the flavor of Spanish culture in Spain and Latin America In this new edition the vocabulary sections and readings have been updated to include the latest technology while the cultural sections now include information about the Hispanic individuals currently making a splash on the world scene *Spain's revolution against Franco: The great betrayal* Alan Woods, 2019-10-25 The story of the Spanish revolution of the 1930s is quite well known to most people on the left but there is a surprising level of ignorance concerning the events that occurred subsequently History did not cease with the victory of Franco in 1939 And the story of how the Franco dictatorship was eventually brought down by the revolutionary movement of the Spanish workers is an inspiring one Under the most difficult and dangerous conditions Spanish workers launched a strike wave which in its intensity and duration has no parallel anywhere There was nothing remotely like this in Hitler's Germany Mussolini's Italy or Salazar's Portugal This was a genuine revolution which could and

should have gone far further than it did. If it did not finally succeed that was no fault of the working class. The Spanish revolution of the 1970s was shamefully betrayed by the leaders of the communist and socialist parties who entered into an agreement with former fascists in order to halt the movement in its tracks. Alan Woods participated personally in the last phase of this struggle and was a witness to some of its most decisive moments. Using a wealth of documentary material from the time and also new interviews with key participants in the events, he tears away the thick veil of lies, myths, and half-truths to reveal what actually occurred. With new struggles and challenges on the order of the day in Spain and the rest of the world, it is the duty of all conscious workers and revolutionary youth to study the lessons of the past as a necessary precondition for victory in the future. This book is an important contribution to a necessary learning process and is obligatory reading for anyone who is interested in the struggle for socialism today.
