Patrick Jory, 2021-01-07 Manners have long been a central concern of Thai society Kings aristocrats prime ministers monks army generals politicians poets novelists journalists and teachers have produced a large corpus of literature that sets out models of appropriate behaviour These include such things as how to stand walk sit pay homage prostrate oneself in the presence of high status people sleep eat manage bodily functions dress pay respect to superiors deal with inferiors socialize and play These modes of conduct have been taught or enforced by families monasteries court society and in the twentieth century the state through the education system the bureaucracy and the mass media In this innovative new social history based on Thai manners and etiquette manuals dating from the early nineteenth century to the late twentieth century Patrick Jory presents the first ever history of manners in Thailand and challenges the idea of Western influence as the determinant of change in ideals of conduct **A History of Thailand**

Chris Baker, Pasuk Phongpaichit, 2009-04-14 In *A History of Thailand* Chris Baker and Pasuk Phongpaichit reveal how a world of mandarin nobles and unfree labour evolved into a rural society of smallholder peasants and an urban society populated mainly by migrants from southern China They trace how a Buddhist cosmography adapted to new ideas of time and space and a traditional polity was transformed into a new nation state under a strengthened monarchy The authors cover the contests between urban nationalists ambitious generals communist rebels business politicians and social movements to control the nation state and redefine its purpose They describe the dramatic changes wrought by a booming economy globalization and the evolution of mass society Finally they show how Thailand's path is still being contested by those who believe in change from above and those who fight for democracy and liberal values Drawing on new Thai language research this second edition brings the Thai story up to date and includes a new section on the 2006 coup and the restoration of an elected government in 2008 **To the Islands**

Paul Battersby, 2007-01-01 *To the Islands* traces the persistence across two centuries of a regional idea expressed variously as Australasia the Malay Archipelago and the Islands The book explores the manifestations of this idea in trade travel investment and diplomatic interactions between Australia and its island neighbors from the early years of British colonization to the present day

Women's Suffrage in Asia Louise Edwards, Mina Roces, 2006-08-21 Including chapters on Indonesia India Thailand China the Philippines Japan Malaysia Korea Vietnam and international suffrage connections *Women's Suffrage in Asia* engages in debates on suffrage in the region by raising issues unique to the country's case studies presented It explains why the history of suffrage is neglected in the nationalist historiography and untangles the connections between culture nationalism and colonialism in the context of women's struggles for suffrage *Cities in Motion* Su Lin Lewis, 2016-07-19 A social history of cosmopolitanism in Southeast Asia's ethnically diverse port cities seen within the global context of the interwar era *The Palgrave Handbook of Languages and Conflict* Michael Kelly, Hilary Footitt, Myriam Salama-Carr, 2019-02-18 This Handbook maps the contours of an exciting and burgeoning interdisciplinary field concerned with the role of language and languages in situations of conflict It explores conceptual approaches sources of information that are available and the institutions and actors that mediate language encounters It examines case studies of the role that languages have played in specific conflicts from colonial times through to the Middle East and Africa today The contributors provide vibrant evidence to challenge the monolingual assumptions that have affected traditional views of war and conflict They show that languages are woven into every aspect of the making of war and peace and demonstrate how language shapes public policy and military strategy setting frameworks and expectations The Handbook's 22 chapters powerfully illustrate how the encounter between languages is integral to almost all conflicts to every phase of military operations and to the lived experiences of those on the ground who meet work and fight with speakers of other languages This comprehensive work will appeal to scholars from across the disciplines of linguistics translation studies history and international relations and provide fresh insights for a broad range of practitioners interested in understanding the role and implications of foreign languages in war **Constitutional Bricolage** Eugénie Mérieau, 2021-12-02 This book analyses the unique constitutional system in operation in Thailand as a continuous process of bricolage between various Western constitutional models and Buddhist doctrines of Kingship Reflecting on the category of constitutional monarchy and its relationship with notions of the rule of law it investigates the hybridised semi authoritarian semi liberal monarchy that exists in Thailand By studying constitutional texts and political practices in light of local legal doctrine the book shows that the monarch's affirmation of extraordinary prerogative powers strongly rests on wider doctrinal claims about constitutionalism and the rule of law This finding challenges commonly accepted assertions about Thailand arguing that the King's political role is not the remnant of the unfinished borrowing of Western constitutionalism general disregard for the law or cultural preference for charismatic authority as generally thought Drawing on materials and sources not previously available in English this important work provides a comprehensive and critical account of the Thai mixed constitutional monarchy from the late 19th century to the present day *Doublespeak* Alisa Smith, 2025-06-25 The followup to the literate and action packed historical thriller *Speakeasy* *Doublespeak* finds plucky protagonist Lena on a journey back to her past Lieutenant Lena Stillman has been left

nearly alone on her code breaking mission in remote Alaska World War II has been over for a month but due to crimes committed a lifetime ago Lena is still under the control of the powerful Miss Maggie Shaken by her role in the disappearance of Corporal Link Hughes and by her own misjudgment of his character Lena yearns for an opportunity to redeem them both Then she receives a shocking message containing Link s potential location Siam Embarking on a clandestine rescue mission to Bangkok Lena is reunited with shadows from her past including loyal friend Byron who is eager to escape his safe dull life and the attractive yet dangerous William Yardly As personal and political allegiances shift in the postwar maelstrom it seems impossible to know who is good or bad innocent or culpable and whether they are motivated by love or revenge Overlaying rich historic detail and an intricate plot Doublespeak is an entrancing sequel to Alisa Smith s first novel Speakeasy which received the honor of being a Walter Scott Prize Academy recommended book of 2018 Love and Death of King Ananda Mahidol of Thailand Pavin Chachavalpongpun,2021-12-01 This book examines two aspects of the abbreviated reign of King Ananda Mahidol 1935 1946 or King Rama VIII of the current Chakri dynasty of Thailand First it discusses the royal family s plot to thwart a romantic relationship between the young king Ananda and his Swiss girlfriend Marileine Ferrari a daughter of a famous pastor of Lausanne Switzerland Interracial marriage particularly with Westerners has been strictly forbidden for Thai kings or heirs apparent The restriction stems from the interwoven connection between sexual relationship and the security of the throne The second part investigates the mysterious death of King Ananda a long held taboo topic in Thailand Although the two events were not specially related both in their own way served to unavoidably shake the position of the monarchy and hence threaten its existence The palace s reactions to these events demonstrated its continuous search to maintain its power and ultimately to warrant its survival Foreign Direct Investment in Three regions of the South at 20th Century Susan M. McMillan,1999-03-15 Foreign direct investment is an important part of an increasingly global political economy This book explores the consequences of this investment in six countries in the Global South The country comparison chapters detail the political and economic situations of these countries and their policies and experiences with foreign direct investment One chapter examines the statistical patterns among foreign direct investment and its expected outcomes The analysis indicates that the effects of foreign direct investment are shaped by existing development patterns **Prince Charoon et al** Andrew Dalby,2011-04-19 Southeast Asia needs to be dealt with as a whole because although the one national delegation from the region Siam took a minor part nationalist movements in several Southeast Asian countries reached an early climax significant though inconclusive in the years 1919 1920 The planned Peace Conference Wilson s Fourteen Points and the victory of Communism in Russia all contributed to this activity and in spite of national differences it needs to be seen as a whole The focus of the book will be on developments around 1919 thus it will bring out for the first time the unexpected significance for South east Asia of the 1919 milestone It will also have a biographical bias taking a special interest in the personalities of major figures in this important period in order to show the influences and the patterns of thought that

underlie their activities at the time of the Peace Conference Following a brief introduction making the link between world events in 1919 and South east Asia the book sets the scene in the region Succeeding chapters deal with the five countries Siam Vietnam Burma Indonesia Philippines in which the years 1919 21 were of special significance as well as the impact of the peace conferences in relationships with their neighbours the growth of international Communism and global politics in later years *Imperial Policy and Southeast Asian Nationalism* Hans Antlov, Stein Tonnesson, 2013-10-08 Traditionally the tumultuous period 1930 50 in South East Asia has been viewed as a dichotomy of European vs Asian or imperialist vs nationalist This highly acclaimed volume presents another triangular perspective and challenges established wisdom about the period

Politics and Constitutions in Southeast Asia Marco Bunte, Björn Dressel, 2016-07-15 In recent years the constitutional landscape of Southeast Asia has changed tremendously Against a worldwide background of liberalization globalization and democratization states in the region have begun to alter their constitutions reinforcing human rights provisions and putting in place institutional safeguards such as constitutional courts and human rights commissions On closer examination however the picture is very complex with constitutional developments differing greatly between states This book explores a range of current constitutional developments in the different states of Southeast Asia through a distinct political lens Drawing on comparative and single case studies it considers various constitutional areas including constitution drafting human rights legal safeguards and the continuing role of the military sets constitutional developments in the wider political and historical context of each country and makes comparisons both with Western democracies and with other developing regions The book concludes by assessing overall how far constitutional practices and trajectories are converging towards a liberal Western model or towards a distinctly Southeast Asian model

Refashioning Pop Music in Asia Allen Chun, Ned Rossiter, Brian Shoesmith, 2004-07-31 This collection of thirteen essays examines cultural political economic technological and institutional aspects of popular music across Asia from India to Japan

Defence and Decolonisation in South-East Asia Karl Hack, 2013-12-16 This book explains why British defence policy and practice emerged as it did in the period 1941 67 by looking at the overlapping of colonial military economic and Cold War factors in the area Its main focus is on the 1950s and the decolonisation era but it argues that the plans and conditions of this period can only be understood by tracing them back to their origins in the fall of Singapore Also

it shows how decolonisation was shaped not just by British aims but by the way communism communalism and nationalism facilitated and frustrated these
