Siblings Brothers And Sisters Of Children With Special Needs:

Siblings Kate Strohm, 2014-06-03 The siblings of children with special needs are often the overlooked ones in families struggling to cope Kate Strohm is an experienced health professional and journalist who has sister with cerebral palsy In this book she shares the story of her journey from confusion and distress to understanding and acceptance She provides a forum for other siblings to describe their own journeys Kate also provides strategies that siblings themselves parents and practitioner can use to support the brothers and sisters of children with special *Brothers and Sisters of Disabled Children* Peter B Burke, 2003-07-15 Examining the overlooked subject of non disabled siblings in families where there is a disabled child this book details the experiences of these children and explores what it means to them to have a disabled brother or sister The author makes clear recommendations for future practice *Brothers, Sisters, and Special Needs* Debra J. Lobato, 1990 Children learn some of their earliest lessons about sharing competition and compromise through negotiations with their siblings As early as age 3 children can recognize special problems their brother or sister has due to a developmental disability or chronic illness *Brothers sisters and special needs* shows professionals and parents how they can help a child s understanding of disability or chronic illness develop in a healthy adaptive direction during the preschool and elementary school years This explicit curriculum and activity guide designed especially for children ages 3 to 8 sets up a series of fun work shops to help siblings get to know their own personal strengths recognize positive characteristics of their handicapped brother or sister and other family members and learn ways of coping constructively with stressful family events *Brothers sisters and special needs* will be of interest to professionals early interventionists parents social workers psychologists and pediatricians **Being the Other One** Kate Strohm, 2005-02-08 When there s a disabled child in the family how are normally developing siblings affected According to Kate Strohm a counselor and health educator siblings of the disabled face particular emotional challenges that are often overlooked Able siblings commonly struggle with feelings of isolation grief anger and anxiety and these and other emotional issues can have lifelong effects *Being the Other One* is based on the author s own experience as a sibling of a sister with cerebral palsy and on extensive interviews she conducted with siblings of all ages In clear and compassionate terms Strohm explores the often secret feelings of siblings and offers valuable strategies for coping with the challenges they face *Being the Other One* reveals the difficulties faced by siblings at all stages of life from early childhood through adulthood when siblings must often assume responsibility for the care of their disabled brothers and sisters Though the book looks honestly at the many challenges that siblings face it is full of encouragement and practical strategies Strohm emphasizes that when siblings are able to clearly identify and openly express their feelings and concerns and when parents and health professionals offer the needed support siblings can thrive This book includes writing exercises for personal exploration and a substantial resources section listing helpful books organizations and websites

Living with a Brother Or Sister with Special Needs Donald J. Meyer, Patricia F. Vadasy, Rebecca R. Fewell, 1985 Living

with a Brother or Sister with Special Needs focuses on the intensity of emotions that brothers and sisters experience when they have a sibling with special needs and the hard questions they ask What caused by sibling s disability Could my own child have a disability as well What will happen to my brother or sister if my parents die Written for young readers the book discusses specific disabilities in easy to understand terms It talks about the good and the not so good parts of having a brother or sister who has special needs and offers suggestions for how to make life easier for everyone in the family The book is a wonderful resource not just for siblings and their parents but also for teachers and other professionals who work with children with special needs This revised and updated edition includes new sections on attention deficit hyperactivity disorder fetal alcohol syndrome fragile X syndrome traumatic brain injuries ultrasound speech therapy recent legislation on disabilities and an extensive bibliography

Brothers and Sisters of Disabled Children Peter Burke,2004 Examining the overlooked subject of non disabled siblings in families where there is a disabled child this book details the experiences of these children and explores what it means to them to have a disabled brother or sister The author makes clear recommendations for future practice

Special Brothers and Sisters Annette Hames,Monica McCaffrey,2005-10-01 Special Brothers and Sisters is a collection of real life accounts from the brothers and sisters of children with special needs disability or serious illness ranging in age from 3 to 18 years They explain in their own words what it s like to live with their siblings There is a lot of advice available for parents of a child with a disability or illness but very little about the important issue of educating their siblings about how they feel and why they may behave differently from other children Special Brothers and Sisters is an engaging and educational collection that will enable young people and adults to share in the extraordinary experience of being a sibling of a child with special needs a disability or serious illness

Living with a Brother or Sister with Special Needs Donald Meyer,Patricia F. Vadasy,2014-02-01 Living with a Brother or Sister with Special Needs focuses on the intensity of emotions that brothers and sisters experience when they have a sibling with special needs and the hard questions they ask What caused my sibling s disability Could my own child have a disability as well What will happen to my brother or sister if my parents die Written for young readers the book discusses specific disabilities in easy to understand terms It talks about the good and not so good parts of having a brother or sister who has special needs and offers suggestions for how to make life easier for everyone in the family The book is a wonderful resource not just for siblings and their parents but also for teachers and other professionals who work with children with special needs This revised and updated edition includes new sections on attention deficit hyperactivity disorder fetal alcohol syndrome fragile X syndrome traumatic brain injuries ultrasound speech therapy recent legislation on disabilities and an extensive bibliography

Living with a Brother Or Sister with Special Needs Donald J. Meyer,Patricia F. Vadasy,Rebecca R. Fewell,1985 Living with a Brother or Sister with Special Needs focuses on the intensity of emotions that brothers and sisters experience when they have a sibling with special needs and the hard questions they ask What caused by sibling s disability Could my own child

have a disability as well What will happen to my brother or sister if my parents die Written for young readers the book discusses specific disabilities in easy to understand terms It talks about the good and the not so good parts of having a brother or sister who has special needs and offers suggestions for how to make life easier for everyone in the family The book is a wonderful resource not just for siblings and their parents but also for teachers and other professionals who work with children with special needs This revised and updated edition includes new sections on attention deficit hyperactivity disorder fetal alcohol syndrome fragile X syndrome traumatic brain injuries ultrasound speech therapy recent legislation on disabilities and an extensive bibliography

Sibshops Donald Joseph Meyer, Patricia F. Vadasy, 2008 Long awaited revision of the essential guide for organizing and running support groups for siblings of children with special needs

Living with a Brother Or Sister with Special Needs Donald J. Meyer, 1996-11-01 Living with a Brother or Sister with Special Needs focuses on the intensity of emotions that brothers and sisters experience when they have a sibling with special needs and the hard questions they ask What caused by sibling s disability Could my own child have a disability as well What will happen to my brother or sister if my parents die Written for young readers the book discusses specific disabilities in easy to understand terms It talks about the good and the not so good parts of having a brother or sister who has special needs and offers suggestions for how to make life easier for everyone in the family The book is a wonderful resource not just for siblings and their parents but also for teachers and other professionals who work with children with special needs This revised and updated edition includes new sections on attention deficit hyperactivity disorder fetal alcohol syndrome fragile X syndrome traumatic brain injuries ultrasound speech therapy recent legislation on disabilities and an extensive bibliography

Special Brothers and Sisters Monica McCaffrey, Annette Hames, 2005-08-15 This is a collection of real life accounts from the siblings of children with special needs disability or serious illness ranging from 3 18 years old They explain in their own words what it s like to live with their siblings These stories come with related tips to help siblings deal with some of the things that happen in their family lives

Working with Families of Children with Special Needs Naomi Dale, 2008-03-07 The importance of partnerships between professionals and the parents of children with special needs disability is well established in childcare legislation But is it reflected in practice Written for practitioners and those in training this book recognises that forming partnerships can be a fraught process involving dissent as well as cooperation Naomi Dale draws on case histories from her own experience to examine key partnership issues such as consent confidentiality and diagnosis delivery She combines up to date theory and research with practice to provide a wealth of suggestions and ideas for effective family work Working with Families of Children with Special Needs features useful exercises with each chapter making it an excellent resource book and practice manual for multidisciplinary professionals

Understanding Your Young Child with Special Needs Pamela Bartram, 2007-05-15 Understanding Your Young Child with Special Needs explores the developmental impact of disability on normal stages of child development and examines the complex nature of the emotional bonds between parents and their

children with special needs **It Isn't Fair!** Stanley D. Klein, Maxwell J. Schleifer, 1993-06-21 Parenting is always a vital and challenging task Even more vital and challenging is the task of parenting a child with a disability When there is more than one child in the family all parents want to share their time energy and love with all their children and all siblings sometimes wonder if they are being treated fairly When one child in a family has a disability all this becomes more complex Parents and sisters and brothers often feel that for them It isn't fair Selected and compiled from two decades of The Exceptional Parent magazine It Isn't Fair reveals first hand the myriad feelings of normal brothers and sisters at all stages as they grapple with caretaking frustration powerlessness jealousy guilt and worry about their special siblings Breaking the wall of silence that deference has imposed on their experiences here are the siblings of the child with autism the child injured at birth the child institutionalized after many years at home Parents offer their own experiences and perspectives on their children and they illustrate the importance of sharing information within the family The editors also include professional commentary

Siblings Kate Strohm, 2014-06-03 The siblings of children with special needs are often the overlooked ones in families struggling to cope Kate Strohm is an experienced health professional and journalist who has sister with cerebral palsy In this book she shares the story of her journey from confusion and distress to understanding and acceptance She provides a forum for other siblings to describe their own journeys Kate also provides strategies that siblings themselves parents and practitioner can use to support the brothers and sisters of children with special Special Education in Contemporary Society Richard M. Gargiulo, 2012 Special Education in Contemporary Society An Introduction to Exceptionality is designed for use by preservice and inservice teachers who will teach students with special needs in the general classroom The text provides a rare glimpse into the lives of persons with exceptionalities including their families and teachers Focusing on human exceptionalities across the life span the text employs a traditional organization beginning with four foundations chapters that introduce teachers to special education followed by 10 categorical chapters each on a different disability Each categorical chapter features sections on transition cultural diversity technology instructional strategies and family considerations **Special Education in Contemporary Society** Richard M. Gargiulo - Professor Emeritus, Emily C. Bouck, 2020-01-07 Special Education in Contemporary Society An Introduction to Exceptionality offers a comprehensive engaging and readable introduction to the dynamic field of special education Grounded in research and updated to reflect the most current thinking and standards of the field this book provides students with the knowledge skills attitudes and beliefs that are crucial to constructing learning environments that allow all students to reach their full potential Authors Richard M Gargiulo and Emily C Bouck encourage a deep awareness and understanding of the human side of special education providing students with a look into the lives of exceptional students and their families as well as the teachers that work with exceptional persons throughout their lives The Seventh Edition maintains the broad context and research focus for which the book is known while expanding on current trends and contemporary issues to better serve both pre service and in service

teachers of exceptional individuals This title is accompanied by a complete teaching and learning package **Children with Special Needs** Ulrika Hallberg, Gunilla Klingberg, 2023-03-31 There can be a lack of understanding of the vulnerable situation of children with disabilities and their families even among professional caregivers whose mission is to protect the health and wellbeing of these children Their respectful treatment should include knowledge empathy humanity and an open and sympathetic dialogue This book provides an overview of knowledge and literature review of children and adolescents with special care needs that contribute to the respect and understanding of children with disabilities and their families It also explains possible reasons for different outcomes in research studies and why there is a lack of knowledge in some areas concerning these children Research on children with disabilities is considerable but often can be difficult to access on many levels which means it does not always benefit those who need this knowledge This compact book addresses this by presenting the international research in the field in an understandable way for people who work with children with disabilities and their families The authors provide a broad picture of the background reality of life opportunities for professional help and support as well as outlook of these children and families Among the topics covered The Health and Well being of Children with Disabilities The Health and Well being of Relatives Occupation On the Road to Adulthood Children with Special Needs An Overview of Knowledge on Disability is pertinent reading for students in all areas of health care including nursing and psychology social work sociology and education aimed at children and young people The text also would be of interest to those who practice in these areas and or encounter children with disabilities in their daily work

Parents and Families of Students With Special Needs Vicki A. McGinley, Melina Alexander, 2017-01-05 Parents and Families of Students With Special Needs Collaborating Across the Age Span teaches students the skills they need to effectively collaborate with parents and families to ensure a child s success in the classroom Authors Vicki A McGinley and Melina Alexander s text takes a lifespan approach with a special emphasis on the critical transition points in a child s life Information is provided on what can be seen at each stage of an individual with disabilities development and addresses concerns and needs that families may have during these unique phases of growth Chapters written by professors and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative The authors provide an in depth discussion of how parents and families are affected by particular disabilities family system theory the laws that affect individuals with disabilities and assessments for individuals with disabilities
