Siege in the Sun Dorothy Eden,1970      **Siege in the Sun** Mary Paradise,1967      Christ's Second Coming: ... scripturally, historically and philosophically considered. With a reply to Prof. Shedd on "Eschatology" ... also, remarks on an article ... upon the same subject, by the Rev. F. Hatfield, etc Richard Cunningham SHIMEALL,1865      Battleground Chicago Frank Kusch,2008-05 The 1968 Democratic Convention best known for police brutality against demonstrators has been relegated to a dark place in American historical memory Battleground Chicago ventures beyond the stereotypical image of rioting protestors and violent cops to reevaluate exactly how and why the police attacked antiwar activists at the convention Working from interviews with eighty former Chicago police officers who were on the scene Frank Kusch uncovers the other side of the story of 68 deepening our understanding of a turbulent decade Frank Kusch s compelling account of the clash between Mayor Richard Daley s men in blue and anti war rebels reveals why the 1960s was such a painful era for many Americans to his great credit Kusch allows the pigs to speak up for themselves Michael Kazin Kusch s history of white Chicago policemen and the 1968 Democratic National Convention is a solid addition to a growing literature on the cultural sensibility and political perspective of the conservative white working class in the last third of the twentieth century David Farber *Journal of American History*      *Master Sun's Art of War* Sun Tzu,2011-03-15 P J Ivanhoe is one of the English speaking world s foremost translators and interpreters of classical Chinese philosophical texts His translation of the Sunzi Bingfa reads beautifully adorned only by sobering photographic plates of the famed terracotta army of the first Qin emperor that turn one back to the text in a properly reflective mood The Introduction and endnotes are blessedly spare providing just the right amount of interpretive scholarship to assist comprehension of the text while not interfering with its intrinsic simplicity clarity and profundity Sumner B Twiss Distinguished Professor of Human Rights Ethics and Religion Florida State University      *Dynastic China* Tan Koon San,2014-08-15 *Dynastic China An Elementary History* surveys four millennia of China s history It traced commentaries from the mythological period of Pangu creator of the Chinese universe and the Goddess Nuwa creator of the Chinese people through to the legendary periods of the Xia Shang and Zhou dynasties to subsequent succeeding dynasties from the Qin Dynasty 221 BC to the end of the Qing Dynasty 1912 AD It weaved through brutal political intrigues and conspiracies of China s imperial existence The persistent entronement of child emperors for the benefits of power hungry eunuchs dowagers members of the imperial clans generals and warlords formed a large part of the narrative Encrypted within are salient elements of Chinese philosophical precepts civilisation values and political ideals The core concepts that mould the idea of tian xia all under heaven and tian ming Mandate of Heaven and how these guided Chinese perception of their world are painstakingly explained The profound influence of Confucianism and the functional adoption of the Legalist framework in statecraft are imparted in the context of practicality and idealism So too is the complementary notion of natural dualities the Yin Yang harmony of contradictions How these filtered through from

philosophy to cultural values are deftly introduced Imperial obsessions with frontier threats are also incisively presented So are the diplomatic statecraft of matrimonial kinship tributary exchanges and military engagements adopted to conduct relations China's perception of people in the frontier region are insightfully described The application of the Chinese character *yi* to refer to them it seems carries a more gracious nuance to mean of a distinct or different nature and not the offensive attribution of barbarian as made out in western notion This and many more distinctions in discernment of the Chinese mindset are perceptively elucidated in the book
