Pierce, 1987 Losing a million minds : confronting the tragedy of Alzheimer's disease and other dementias. , 1987 Aging Social Policies Robbyn R. Wacker, Karen A Roberto, 2010-12-07

Due to population explosion and a global increase in average life expectancies an unprecedentedly high percentage of the world's population is aging. By the middle of this century there will be up to 2 billion individuals over the age of 65 a demographic shift never before experienced in our human history. In addition declining birth rates in industrialized countries means a decrease in the number of adults under 64. In *Aging Social Policies: An International Perspective* the authors consider how policy domestic and international affects and will continue to affect the lives of our aging population. *Losing a Million Minds*, 1987. *Budgetary Review of Income Security Programs* United States. Congress. House. Committee on the Budget. Task Force on Income Security, 1988. *Cost-containment Measures in Health Schemes* R. Brooks, 1986. **Biblical Perspectives on Aging** J. Gordon Harris, 2013-04-03. As the population of older Americans grows meaningful perspectives on aging are needed by both the young and the old. *Biblical Perspectives on Aging: God and the Elderly* takes a detailed look at the views of aging presented in the Old and New Testaments. This wide ranging and insightful survey encompasses not only the entire Bible but also interpretations of sacred Middle Eastern and Judaic documents. This new expanded edition of the original classic text adds thorough discussions of the wisdom of the Bible and Jewish literature with ways to interpret these readings and what they teach about spirituality and growing older. Approaches to aging issues have changed in recent years. With the average American lifespan increasing the view of old age as a solitary time of waiting has been pushed aside. So too has the assumption that the elderly simply want to remember the good old days. This updated edition of *Biblical Perspectives on Aging: God and the Elderly* has expanded its scope to incorporate and address the effects of these changing views. This sweeping study of the Bible's positive treatment of aging and elderly figures sheds new light on contemporary society's negative view of the elderly and what can be done about it. Clear examples from both Scripture and literature provide a wealth of understanding, comfort and wisdom to everyone interested in aging and the Bible. In addition this new edition explores the changing relationships that exist among aging, hermeneutics, mentoring and spirituality. The new insights revealed here reinvigorate the challenge against ageism and traditional pictures of old age as a time of withdrawal and living in the past. Among the issues explored in *Biblical Perspectives on Aging: God and the Elderly* are aging experiences and the Bible, biblical theology and its role in social support for the elderly, hermeneutics and old age spirituality and its relationship to aging, cross generational relationships and mentoring and a detailed index of Old and New Testament Scripture references. Accessible and concise with compelling arguments and numerous examples *Biblical Perspectives on Aging: God and the Elderly* is an ideal resource for pastors, seminary students, professionals and leaders of programs for the elderly. It shows both young and old that while aging may not be easy, biblical theology can ease some of its mystery. *The Brookings Review*, 1985.
