Morier,2023-06-19 Reprint of the original first published in 1857 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost **Our work at home & abroad** Church extension assoc,1906 **Pelagonius and Latin Veterinary Terminology in the Roman Empire** Adams,2018-07-17 The language of Latin veterinary medicine has never been systematically studied This book seeks to elucidate the pathological and anatomical terminology of Latin veterinary treatises and the general linguistic features of Pelagonius as a technical writer Veterinary practice in antiquity cannot be related directly to that of the modern world In antiquity a man could claim expertise in horse medicine without ever passing an examination Owners often treated their own animals The distinction between professional and layman was thus blurred and equally the distinction between scientific terminology and laymen s terminology was not as clear cut as it is today The first part of the book is devoted to some of the non linguistic factors which influenced the terminology in which horse diseases and their treatment were described **iVillager** Abba Gony Mustafa,2018-11-27 It has taken me a thirty year journey from my dusty village Kokoland to reach America the land of Uncle Sam Both Kokoland and America belong to planet Earth but they are two different worlds and neither one knows about the existence of the other Few people in my village have the slightest clue about life in America To them the village might as well be the center of the universe I m one of few lucky or unlucky ones depending on how you look at it who happened to miraculously have had the opportunity to live in both worlds It goes without saying that I can also speak with confidence that my level of confusion is unparalleled as you will find in this book Once I had confused Elvis Presley the King for Yuri Gagarin the Russian Astronaut In fact there are people in Kokoland who still believe so What difference will that make anyway when folks still believe that the Earth is flat **The Collected Works of Witness Lee, 1960, volume 1** Witness Lee, On October 5 1959 Brother Witness Lee began a service training in Taipei Taiwan that ended on January 22 1960 A follow up training began on February 16 1960 and lasted until April 2 During that time Brother Lee released messages on the elders management of the church and continued his synopsis of the books of the Bible with synopses of Numbers and Deuteronomy After the training ended on April 2 he began another training for young people on April 26 which was intended to last five weeks however after the second week Brother Lee became ill He rested until June 28 at which time he began a five day co workers series of meetings with about twenty brothers see Church News in volume 1 of this set After these meetings he held various weekly training meetings with co workers His speaking in these meetings included the subjects of the sufficiency pursuit and learning of the Lord s serving ones and the law of revival On September 27 he left for the United States for the second time He remained mainly in New

Equine Behaviour in Mind: Applying Behavioural Science to the Way we Keep, Work and Care for Horses Suzanne Rogers, 2018-12-28. Intended for people who work with horses and for owners who want to learn more. Equine Behaviour in Mind provides ideas for practical ways that changes can be incorporated into daily interactions with horses. This book advocates a mindful approach to working with horses encouraging the reader to think in a horse centric way. Academic behavioural research is used to underpin understanding of horse behaviour and changes that can be made to positively improve horses' lives. The aim is to provide both the theory behind behaviour minded horse management and the practical application to enable impactful changes to be made. Real world examples and case studies are provided to highlight these points. Horse behaviour is discussed in a range of contexts including breeding, training and competing. A behaviourally minded approach to teaching riding to medical and dental check ups to rehabilitation and rescue and to driving change for horse welfare in both developed and developing countries is also covered. Equine Behaviour in Mind will enable readers to think critically in an objective way about how they manage and work with their horses. 5m Books.

The Timberman, 1909 *Era of Steam* David Hunt, 2010-08-25. Local History. Australian Steam supreme. There are lots of railwaymen who have departed from this world and many are still alive however very few have written about their experiences as employees while working for the Western Australian Government Railways. These incidents laughable or sad would be lost forever. The age of steam running supreme has vanished but the memories live on in the minds of men and women who worked in this steam era. This book details what it was like to be one of those people working diligently in this era making many permanent friends for life and enjoying working steam and diesel.
