You Are the Apple of God's Eye Rod W. Larkins, 2018-09-18 It's time to awaken your true self You are the apple of God's eye It has been said that the church is suffering an identity crisis Perhaps this is why we have so many Christians sitting in the church not knowing who they are or what their purpose is in life It's as if they have become orphaned unable to discover their godly inheritance It is important to know who we are in Christ and what we have a right to but it is equally important to have a full understanding of our spiritual birthright The true spiritual life is so much more than just

being a good person going to church or performing good deeds The true spiritual life is royal Christ did not come to earth to establish a religion He came to awaken royalty There is nothing more exciting than discovering who we are in him We were created to reign We are meant to shine We are destined to be loved and to reflect God's love to the world So get ready You are about to embark on a great journey As you read the pages of this book you will discover that you don't have to wait for heaven to be spiritually alive Life is yours now This book is a beautiful revelatory masterpiece of the saints of God being taught and equipped on how to walk in their new creation identity Pastor Brandon Cornelius Sr Founder and Leader of Glory Revival Center You are the Apple of God's Eye is a powerful and life impacting book that is scripture based to open you up as to how you can fit into the kingdom of God I was truly brought back to understanding the importance of my position within the kingdom of God This book is necessary for inspirational kingdom daily living Pastor C L Collins Jr Kingdom Bound Community Church

God's Eye View Tommy Tenney, 2008-07-13 In *God's Eye View* Tommy Tenney explores how worship lifts us up to see the trouble we face from God's perspective instead of being trapped in an earthly time bound viewpoint The higher we go the smaller our problems seem Tenney also teaches the Principle of Magnification The closer you get to something the bigger it appears In other words worship not only shrinks our problems it also magnifies God in our lives and to others Worship doesn't really change our problems it just minimizes their influence over us as we focus on God He doesn't promise to remove all of our circumstances but God does assure us that in His presence and from His perspective we can see things as they really are and not how they appear to be In the book of Revelation John was instructed to behold the Lion but from an earthly perspective John saw only the Lamb The heavenly perspective reveals that the Lamb is the Lion the babe of Bethlehem is the ancient of days and the dragon is really a weakened lizard God's eye view is higher than man's Higher than a bird's eye view higher than a man's eye view is God's eye view

Sermons of the Rev. C. H. Spurgeon of London Charles Haddon Spurgeon, 1864 **Sermons of the Rev. C. H. Spurgeon** Charles Haddon Spurgeon, 1869 **Sermons** Charles Haddon Spurgeon, 1857 **The Passive Eye** Branka Arsi?, 2003 The Passive Eye is a revolutionary and historically rich account of Berkeley's theory of vision In this formidable

work the author considers the theory of the embodied subject and its passions in light of a highly dynamic conception of infinity Arsic shows the profound affinities between Berkeley and Spinoza and offers a highly textual reading of Berkeley on the concept of an exhausted subjectivity The author begins by following the Renaissance universe of vision particularly the paradoxical elusive nature of mirrors then shows how this conception of vision was translated into the optical devices and in what way the various ways of deception could be conceived Reading Berkeley against the backdrop of competing theories in relation to Leibniz Spinoza Newton Malebranche Hume Locke Molyneux and others this book gives a meticulous historic reconstruction of Berkeley s theory This excellent scholarly work presents Berkeley s theory in a new and radical light The book presented in three parts begins by presenting the conceptions of vision prior to Berkeley s intervention In the second part the author moves through a careful study of Descartes theory of vision to arrive at Berkeley The third part addresses the author s version of Berkeley in which the eye and the image become inseparable due to the collapse of the universe of representation The problem of vision becomes not that of representation but of presentation Through an erudite historic reading of Berkeley s theory and astute comparative assessments the author uncovers Berkeley s place as a contemporary theoretician corresponding with such thinkers as Deleuze Lacan Foucault and Derrida
