The Seasons ... with engraved illustrations from designs ... by J. Bell, C. W. Cope, T. Creswick ... and with the life of the author by P. Murdoch. ... Edited by B. Corney James Thomson, 1847 *A Library of Fathers of the Holy*

Catholic Church, Anterior to the Division of the East and West, 1849 *A Library of Fathers of the Holy Catholic Church, Anterior to the Division of the East and West: (See v.24)*, 1849 Expositions on the Book of Psalms: Psalms 53-75 Saint

Augustine (of Hippo), 1849 **Now and Rome** Ika Willis, 2010-11-11 Now and Rome is about the way that sovereign power regulates the movement of information and the movement of bodies through space and time Through a series of readings of three key Latin literary texts alongside six contemporary cultural theorists Ika Willis argues for an understanding of sovereignty as a system which enforces certain rules for legibility transmission and circulation on both information and bodies redefining the relationship between the virtual and the material This book is both innovative and important in that it brings together several key strands in recent thinking about sovereignty history space and telecommunications especially in the way it brings together textual theories reception deconstruction with political and spatial thinking It also serves as a much needed crossing point between Classical Studies and cultural theory **Matters of Inscription** Christina A.

León, 2024-08-13 A compelling exploration of materiality and semiotics in Latinx inscriptions Writers and artists from Cuba Puerto Rico and Latinx New York operate under the pressures of inscription the material and semiotic entanglement of making a mark as a marked artist By employing layered material tropes and figures such as stone dust viscera and animality their works do not represent a singular Latinx experience and instead must be read at the margin of language and matter Matters of Inscription explores feminist and queer inscriptions of Latinidad encompassing the intersections of materiality and semiotics in art performance poetry plays and fiction By delving into these figural matters Christina A Le n highlights how writers and artists such as Zilia S nchez Ana Mendieta Manuel Ramos Otero Mar a Irene Forn s Justin Torres and Roque Salas Rivera forge material inscriptions that transcend individual lives and call for a broader analytical perspective unmoored from biographical anchors The book urges readers to reevaluate the notion of difference which has momentarily sought solace in identitarian terminology Le n engages in rhetorical analysis that reassesses how the terms of Latinx studies have been challenged and how they are failing Rather than categorizing texts based on predetermined taxonomic terms or individual subjects lives the book tracks figures situated at the edges of materiality and semiosis This approach addresses the continuous marginalization and dispossession that shape the phenomenon of Latinx identity latinidad by recentering conceptual questions of origin diaspora pedagogy and belonging The book contends that losses and deprivations should be rendered incommensurate to avoid collapsing the richness of different experiences or scales of ontological debasement By focusing on the interplay of materiality and semiotics Matters of Inscription challenges conventional approaches that seek to homogenize and anticipate what Latinx might mean and instead calls for a more capacious and nuanced analysis that goes

beyond individual biographies **Nicene and Post-Nicene Fathers** Philip Schaff, Arthur Cleveland Coxe, 2007-05-01 The Council of Nicaea in 325 AD marked the beginning of a new era in Christianity For the first time doctrines were organized into a single creed The Nicene and Post Nicene Fathers did most of their writing during and after this important event in Church history Unlike the previous era of Christian writing the Nicene and Post Nicene era is dominated by a few very important and prolific writers In Volume VIII of the 14 volume collected writings of the Nicenes and Post Nicenes first published between 1886 and 1889 readers will find Saint Augustines extensive treatment of the Psalms Augustine took this book from the Old Testament and wove into it the revelation of Jesus as the savior of humanity Through the skill of Augustine it seems as though the Psalms had been written by an oracle who knew that eventually the messiah would come and wrote to pave the way This volume is a valuable reference book for any Christian wishing to have the psalms illuminated and explained The Engraved Designs of William Blake Laurence Binyon, William Blake, 1926 Saint Augustine, Bishop Of Hippo.
