Together with ... the Life and Memoirs of Mrs. Behn. By One of the Fair Sex ... Fifth edition, corrected, etc. [With a dedicatory epistle by C. Gildon.]** Aphra Behn, 1705 **Popular Fiction and Brain Science in the Late Nineteenth Century** Anne Stiles, 2011-12-22 In the 1860s and 1870s leading neurologists used animal experimentation to establish that discrete sections of the brain regulate specific mental and physical functions These discoveries had immediate medical benefits David Ferrier's detailed cortical maps for example saved lives by helping surgeons locate brain tumors and haemorrhages without first opening up the skull These experiments both incited controversy and stimulated creative thought because they challenged the possibility of an extra corporeal soul This book examines the cultural impact of neurological experiments on late Victorian Gothic romances by Robert Louis Stevenson Bram Stoker H G Wells and others Novels like *Dracula* and *Dr Jekyll and Mr Hyde* expressed the deep seated fears and visionary possibilities suggested by cerebral localization research and offered a corrective to the linearity and objectivity of late Victorian neurology **Melancholy and the Archive** Jonathan Boulter, 2011-05-19 *Melancholy and the Archive* examines how trauma history and memory are represented in key works of major contemporary writers such as David Mitchell Paul Auster Haruki Murakami and Jose Saramago The book explores how these authors construct crucial relationships between sites of memory the archive becomes a central trope here and the self that has been subjected to various traumas various losses The archive be it a bureaucratic office Saramago an underground bunker Auster a geographical space or landscape Mitchell or even a hole Murakami becomes the means by which the self attempts to preserve and conserve his or her sense of history even as the economy of trauma threatens to erase the grounds of such

preservation as the subject or self is threatened so the archive becomes a fetishized site wherein history is housed accommodated created even fabricated The archive in Freudian terms becomes a space of melancholy precisely as the subject preserves not only a personal history or a culture's history but also the history of the traumas that necessitates the creation of the archive as such

**Performing the Everyday in Henry James's Late Novels** Maya Higashi Wakana, 2016-05-13 Focusing on James's last three completed novels *The Ambassadors* *The Wings of the Dove* and *The Golden Bowl* Maya Higashi Wakana shows how a microsociological approach to James's novels radically revises the widespread tradition of putting James's characters into historical and cultural contexts Wakana begins with the premise that day to day living is inherently theatrical and thus duplicitous and goes on to show that James's art relies significantly on his powerful sense of the agonizing and even dangerous complications of mundane face to face rituals that pervade his work Centrally informed by social thinkers such as G H Mead and Erving Goffman Wakana's study discloses the richness complexity and singularity of the interpersonal connections depicted in James's late novels Persuasively argued and rich in original close readings her book makes an important contribution to James's studies and to theories of social interaction

**The Late Eighteenth-Century Confluence of British-German Sentimental Literature** Xiaohu Jiang, 2020-10-15 The Late Eighteenth century Confluence of British German Sentimental Literature The Lessing Brothers Henry Mackenzie Goethe and Jane Austen analyzes the literary exchange and influence between British and German literature Xiaohu Jiang focuses particularly on the process of this mutual influence that is translation by observing how the political and cultural imbalance between the British and German literary fields impacted the conceptions attitudes and in visibility of translators in Britain and Germany in the late eighteenth century To this end Jiang carefully reads the paratexts of these translations analyzing the resemblances between Henry Mackenzie's *The Man of Feeling* and Goethe's *Die Leiden des jungen Werther* and arguing that *The Man of Feeling* is a vital source of influence for *Die Leiden des jungen Werther* Furthermore this book also presents an in depth analysis of Jane Austen's creative appropriation of *Die Leiden des jungen Werther* and her oscillating attitudes toward sensibility which is evidenced not only in her own texts but also from her brother's articles in *The Loiterer* Scholars of literature history and international relations will find this book particularly useful

***Aging Masculinity in the American Novel*** Alex Hobbs, 2016-05-17 As each generation confronts aging and responds to its challenges the literary community ranging from Philip Roth to Jonathan Franzen has provided nuanced and thoughtful depictions that transcend stereotypes of old men as feeble and broken individuals Under the sage guidance of these authors many facing old age themselves older male characters have become increasingly prevalent in literary fiction In *Aging Masculinity in the American Novel* Alex Hobbs turns the spotlight on matters related to later life by examining a broad range of works Hobbs looks at novels not only by literary lions of the Baby Boom generation but authors on the cusp of old age who anticipate its consequences In addition to works by Jonathan Franzen Paul Auster and Ethan Canin the author considers the perspectives of female writers such as

Marilynne Robinson Anne Tyler and Jane Smiley who have created complex older male characters Hobbs argues that previous studies regarding male aging in popular culture have been reductive and she suggests that male and female experiences and interpretations of aging are individualistic and unique With a bold argument for how readers should contemplate masculinity in literary fiction this book helps us better understand the full range of issues that older men face from legacy and loss to health issues and grace The author s illuminating and persuasive perspectives will ignite a new way of thinking about this subject and its central place in the national conversation Looking at how older men s lives are documented in American fiction *Aging Masculinity in the American Novel* will be of interest to scholars and students of popular culture gender studies aging studies and literature *Late Victorian Crime Fiction in the Shadows of Sherlock C.* Clarke,2014-09-26 This book investigates the development of crime fiction in the 1880s and 1890s challenging studies of late Victorian crime fiction which have given undue prominence to a handful of key figures and have offered an over simplified analytical framework thereby overlooking the generic moral and formal complexities of the nascent genre *Negotiating Masculinities in Late Imperial China* Martin W. Huang,2006-01-01 Why did traditional Chinese literati so often identify themselves with women in their writing What can this tell us about how they viewed themselves as men and how they understood masculinity How did their attitudes in turn shape the martial heroes and other masculine models they constructed Martin Huang attempts to answer these questions in this valuable work on manhood in late imperial China He focuses on the ambivalent and often paradoxical role played by women and the feminine in the intricate negotiating process of male gender identity in late imperial cultural discourses Two common strategies for constructing and negotiating masculinity were adopted in many of the works examined here The first what Huang calls the strategy of analogy constructs masculinity in close association with the feminine the second the strategy of differentiation defines it in sharp contrast to the feminine In both cases women bear the burden as the defining other In this study feminine is a rather broad concept denoting a wide range of gender phenomena associated with women from the politically and socially destabilizing to the exemplary wives and daughters celebrated in Confucian chastity discourse *A Young Man's Guide to Late Capitalism* Peter Mountford,2021-03-19 A terrific debut novel Mountford s parable of the voracious global economy reminds me of Graham Greene s *The Quiet American* Jess Walter 1 New York Times bestselling author of *The Cold Millions* On his first assignment for a rapacious hedge fund Gabriel embarks to Bolivia at the end of 2005 to ferret out insider information about the plans of the controversial president elect If Gabriel succeeds he will get a bonus that would make him secure for life Standing in his way are his headstrong mother a survivor of Pinochet s Chile and Gabriel s new love interest the president s passionate press liaison Caught in a growing web of lies and questioning his own role in profiting from an impoverished people Gabriel sets in motion a terrifying plan that could cost him the love of all those he holds dear Set against the stunning mountainous backdrop of La Paz and interspersed with Bolivia s sad history of stubborn survival this examines the critical choices a young

man makes as his world closes in on him Both of the book's settings desperately poor but proud La Paz the world's highest altitude capital and the world of go go high finance a realm about which Mountford clearly knows his stuff are well rendered The author is especially good at conveying the visceral and intellectual thrills of stock speculation manipulation smart intricate fast paced Kirkus Reviews One of the most compelling and thought provoking novels I've read in years David Shields author of *Other People* Winner of the Washington State Book Award *Late Romanticism and the End of Politics* John Havard, 2023-04-13 A provocative examination of how Romantic imaginings of the end of the world shaped thinking about politics and political change **Anthony Trollope's Late Style** Frederik Van Dam, 2016-01-19 This study focuses on Anthony Trollope's stylistic innovations in relation to Victorian liberalism In his biography of William Makepeace Thackeray Anthony Trollope posits the ideal of a man without style I hold that gentleman to be the best dressed whose dress no one observes I am not sure but that the same may be said of an author's written language Trollope's own appearance unlike his written language did not pass without observation however A contemporary poet recalls that he was hirsute and taurine of aspect This study unravels this paradox It disentangles the many threads in Trollope's ostensibly transparent writing and reassembles the political and intellectual fabric that they weave thus showing how Trollope's language exceeds and questions the concepts provided by contemporary ideologies Key Features Shows how Trollope's stylistic peculiarities perform his inflection of Victorian liberalism Reads Victorian literature through the lens of German post Romantic thinkers such as Goethe and Walter Benjamin Presents a panorama of Victorian liberalism in its literary intellectual and political context Examines the writings from the last decade of Trollope's life that have received only scant critical attention such as his novellas and his biographies *Late Modernism and the Avant-Garde British Novel* Julia Jordan, 2020-03-24 In the decades following the immediately postwar period in Britain a loose grouping of experimental writers that included Alan Burns Christine Brooke Rose B S Johnson and Ann Quin worked against the dominance as they saw it of the realist novel of the literary mainstream *Late Modernism and the Avant Garde British Novel* reassesses the experimentalism versus realism debates of the period and finds a body of work engaged with rather than merely antagonistic towards the literary culture it sought to renovate Charting these engagements it shows how they have significance not just for our understanding of these decades but for the broader movement of the novel through the century This volume takes some of the claims made about experimental fiction that it is unreadable nonlinear elliptical errant plotless and reimagines these descriptors as historically inscribed tendencies that express the period's investment in the idea of the accidental These novels are interested in the fleeting and the fugitive in discontinuity and shock The experimental novel cultivates an interest in methods of representation that are oblique attempting to conjure the world at an angle or in the rear view mirror by ellipsis or evasion These concepts error indeterminacy uncertainty accident all bear a relation to that which evades or resists interpretation and meaning Asking what are the wider political ethical and philosophical correlates of this incommensurability *Late Modernism and the Avant*

Garde British Novel reads experimental literature in this light as suffused with anxiety about its adequacy in the light of its status as necessarily imitative and derivative and therefore redolent of the forms of not knowing and uncertainty that mark late modernism more generally

**The Man who was Late** Louis Begley,1993 A fiercely self made American man a Jewish refugee from central Europe now a successful international banker stumbles into an urgent affair with a dazzling troubled woman As the affair grows more tumultuous he stumbles further And as the novel moves toward its stunning conclusion he finds himself hobbled by a past he can never forget or forgive

**The Very Late Goethe** Charlotte Lee,2017-07-05 Goethe s career was an unusually long and productive one he became a literary celebrity in the 1770s and remained so until his death in 1832 The distinguishing feature of his last works is their self consciousness their preoccupation both with the business of writing and with personal development In the first cross genre study of this period of Goethe s work Charlotte Lee traces the theme in his last major poems and autobiographical writings before turning to the two giants Wilhelm Meisters Wanderjahre and Faust II All these works share a tendency to allude subtly to earlier moments from Goethe s own literary output but to fashion them into writing which is quite new even though or perhaps because he himself is old This book seeks to understand the unique perspective of one nearing the end of a long life

Crowd Violence in American Modernist Fiction Benjamin S. West,2013-04-05 This study explores numerous depictions of crowd violence literal and figurative found in American Modernist fiction and shows the ways crowd violence is used as a literary trope to examine issues of racial gender national and class identity during this period Modernist writers consistently employ scenes and images of crowd violence to show the ways such violence is used to define and enforce individual identity in American culture James Weldon Johnson William Faulkner Richard Wright Ernest Hemingway F Scott Fitzgerald and John Steinbeck for example depict numerous individuals as victims of crowd violence and other crowd pressures typically because they have transgressed against normative social standards Especially important is the way that racially motivated lynching and the representation of such lynchings in African American literature and culture becomes a noteworthy focus of canonical Modernist fiction composed by white authors

**Encyclopaedism and Totality in Contemporary Fiction** Kiron Ward,2025-01-09 Taking as key examples work by Don DeLillo Leslie Marmon Silko Roberto Bola o and Karen Tei Yamashita this book looks at engagements with encyclopaedic thought and practice in contemporary fiction Chapters provide important new insights into the new ways that authors

approach reclaim and use totality as a method for approaching the contemporary rather than an object to be represented In this we find some of the most radical and challenging attempts in recent fiction to reimagine our world on the back of a contested history and in the face of an unstable future Where major studies of literary encyclopaedism have historically tended to draw from the canon this book looks to move beyond this tradition and pays particular attention to work from Indigenous Asian American and Latin American contexts In doing so it looks to address the challenges of reading world literature in the contemporary
