The Man With No Face Peter May, 2020-02-02 There are two men on their way to Brussels from the UK Neil Bannerman an iconoclastic journalist for Scotland's Daily Standard whose irate editor wants him out of the way and Kale a professional assassin A classic early Peter May novel situated among the political intrigue of 1979 Expecting to find only a difficult dreary political investigation in Belgium Bannerman has barely settled in when tragedy strikes His host a fellow journalist along with a British Cabinet minister are discovered dead in the minister's elegant Brussels townhouse It appears that they have shot each other But the dead journalist's young autistic daughter Tania was hidden in a closet during the killings and when she draws a chilling picture of a third party a man with no face Bannerman suddenly finds himself a reluctant participant in a desperate murder investigation As the facts slowly begin to emerge under Bannerman's scrutiny he comes to suspect that the shootings may have a deep and foul link with the rotten politics that brought him to Brussels in the first place And as Kale threatens to strike again Bannerman begins to feel a change within himself His jaded professionalism is transforming into a growing concern for the lonely and frightened Tania and a strong attraction to a courageous woman named Sally drawing him out of himself and into the very heart of a profound cold blooded and infinitely dangerous conspiracy Peter May is a writer I'd follow to the ends of the earth Marilyn Stasio New York Times

The Man Who Was Thursday Gilbert Keith Chesterton, 2017 Mr Chesterton is such a past master in sophistries and casuistry such a juggler of paradoxes such an adept in the arts whereby the brilliant and quick witted pull the wool over the eyes of their less gifted brethren that he can give full and serious credibility to his tale of the astounding adventures of the detective who was admitted into the innermost circle of anarchists It is the poetic anarchist with hair like a Madonna's and the face of a prize fighter who tries unsuccessfully to become Thursday

*The Man Who Was Thursday: A Nightmare* G. K. Chesterton, Aeterna Press, 2014 It is very difficult to classify The Man Who Was Thursday It is possible to say that it is a gripping adventure story of murderous criminals and brilliant policemen but it was to be expected that the author of the Father Brown stories should tell a detective

story like no one else On this level therefore *The Man Who Was Thursday* succeeds superbly if nothing else it is a magnificent tour de force of suspense writing Aeterna Press

**The Trail to Crazy Man** Louis L'Amour,2005-07-26 A WORD FROM LOUIS L AMOUR Almost forty years ago when my fiction was being published exclusively in pulp western magazines I wrote several novel length stories which my editors called magazine novels In creating them I became so involved with my characters that their lives were still as much a part of me as I was of them long after the issues in which they appeared became collector s items Pleased as I was about how I brought the characters and their adventures to life in the pages of the magazines I still wanted the reader to know more about my people and why they did what they did So over the years I revised and expanded these magazine works into fuller length novels that I published in paperback under other titles These particular early magazine versions of my books have long been a source of great speculation and curiosity among many of my readers so much so of late that I m now pleased to collect three of them in book form for the first time I hope you enjoy them

Stuelke, 2021-08-09 Since the 1990s literary and queer studies scholars have eschewed Marxist and Foucauldian critique and hailed the reparative mode of criticism as a more humane and humble way of approaching literature and culture. The reparative turn has traveled far beyond the academy influencing how people imagine justice, solidarity, and social change. In *The Ruse of Repair*, Patricia Stuelke locates the reparative turn's hidden history in the failed struggle against US empire and neoliberal capitalism in the 1970s and 1980s. She shows how feminist, antiracist, and anti-imperialist liberation movements' visions of connection across difference, practices of self-care, and other reparative modes of artistic and cultural production have unintentionally reinforced forms of neoliberal governance. At the same time, the US government and military universities and other institutions have appropriated and depoliticized these same techniques to sidestep addressing structural racism and imperialism in more substantive ways. In tracing the reparative turn's complicated and fraught genealogy, Stuelke questions reparative criticism's efficacy in ways that will prompt critics to reevaluate their own reading practices.
