Man Woman And Priesthood:

Man, Woman and Priesthood Graham Leonard, 1989 **Man, Woman, and Priesthood** Peter Clement Moore, Peter Moore, 1978 Woman, Women, and the Priesthood in the Trinitarian Theology of Elisabeth Behr-Sigel Sarah Hinlicky Wilson, 2013-09-26 Elisabeth Behr Sigel 1907-2005 a convert to Orthodoxy in her early twenties and a central figure of Orthodox theology among Russian migrants in Paris first began to reflect on the question of women in the priesthood in 1976 Initially supporting the general consensus that priesthood would be impossible for the Orthodox she came to retract this view finding a basis for female ordination in women's distinct spiritual charisms Behr Sigel later shifted the foundation of her case to personhood inspired by the work of fellow Orthodox theologian Vladimir Lossky and arrived at the conclusion that all the Orthodox arguments against the ordination of women were in fact heretical at root In this volume Wilson analyzes all of Behr Sigel's writings about women and the priesthood across the whole sweep of her career demonstrating the development of her thought on women over the last thirty years of her life She evaluates her relationship to feminism Protestantism and movements within Orthodoxy finally drawing conclusions about this much contested matter for the ongoing debate in both the East and the West **A Priesthood of Both Sexes** Ali Green, 2011-11-30 Here is a wealth of advice and encouragement for women and men who are called to work together at all levels of Christian leadership Packed with perceptive anecdotes and theological insight this pioneering book shows how a Church that is truly committed to the interests of all people lives out that commitment through the inclusivity of its leadership Women and Ordination in the Orthodox Church Gabrielle Thomas, Elena Narinskaya, 2020-07-10 Contributing Authors Fr John Behr Dr Spyridoula Athanasopoulou Kypriou Dr Dionysios Skliris Fr Andrew Louth Dr Mary Cunningham Met Kallistos Ware Rev Dr Sarah Hinlicky Wilson Dr Kyriaki Karidoyanes FitzGerald Dr Carrie Frederick Frost Dr Paul Ladouceur Luis Josue Sales This book a collaborative international initiative involving academic theologians and practitioners invites the reader into a conversation about the ordination of women in the Orthodox Church It explores questions relating to the significance of being human Eve's curse sexed bodies the place of Mary the nature of priesthood the role of the deacon and the task of being a priest in the twenty first century The reflections move across three main areas of discussion issues of theological anthropology particular questions pertaining to the priesthood and the diaconate and contemporary practices In each area the implications for ordaining women in the Orthodox Church today are explored **Women Towards Priesthood** Jacqueline Field-Bibb, 1991-02-22 This book charts the aspirations of women towards priesthood and the resistance that they have encountered It brings together a record of official documents and debates on the issue that takes place over the last two hundred years in the English Methodist Church the Church of England and the Roman Catholic Church These debates are interpreted at a number of levels and the author draws on sociology history biblical studies theology and psychoanalysis in the course of her presentation In the author's view it is the patriarchalisation of ecclesiastical structures and the subsequent theological and christological justification given

over to this which emerges as a recurring pattern in the debate Dr Field Bibb offers a feminist analysis of such resistance to the ordination of women in an attempt to break down what she sees as the false consciousness engendered by the propagation of subversive symbols

Sisters in Spirit Maureen Ursenbach Beecher, Lavina Fielding Anderson, 1987 This book of essays about Mormon women all written and edited by scholars who are themselves Mormon women is a brave and important work Readers will fully appreciate just how brave and important it really is however if they can see how this work of historical theology fits into the history of historical writing about Mormon women as well as how it fits into Mormon history itself The women who contributed to this book are among the best of the Mormon literati they hold that there is hope within the church for change for reform for expansion of the place of women Women s Review of Books Historians of women in America have a great deal to learn from the history of Mormon women This fine set of essays provides an excellent introduction to a subject about which we should all know more Anne Firor Scott author of *Making the Invisible Woman Visible*

The Ministry of Women in the Church Elisabeth Behr-Sigel, 1991 This book written by a leading Orthodox theologian offers a serious re examination of the role of women in the Church For Orthodox and Roman Catholics especially the question of women s

ordination must be asked from the inside and not only from the outside This book does not suggest final answers but raises issues and defines their relative importance The American Tyler-keystone ,1894 *Encyclopedia of Women and Religion in North America: Native American creation stories* Rosemary Skinner Keller,Rosemary Radford Ruether,Marie Cantlon,2006 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life *Without Precedent* Geoffrey Kirk,2016-02-05 Though the ordination of women has been hotly debated in a number of churches and in particular in the world wide Anglican Communion there has been a strange silence on the subject from academic theologians They have left the debate says the author of this book for the most part to the also rans Without Precedent seeks to examine the arguments that in the absence of serious academic contributions have been advanced In particular it looks at claims of ancient precedent for modern practice What did Jesus think about women Was Paul a misogynist or a feminist a reactionary or a revolutionary Does the role of Mary of Magdela in scripture and tradition offer any guidance as many have claimed Were there female priests and even bishops in early Christianity Extravagant claims have been made and repeated in all of these areas and have crucially influenced decisions taken This book provides in the words of former Archbishop of Canterbury Rowan Williams a lucid and helpful survey which quite rightly punctures some awful historical nonsense The Bible in History David W. Kling,2022-12-19 Over 15 years after its original publication The Bible in History remains an essential examination of the symbiotic relationship between Scripture and the social and cultural contexts shaping its interpretation David W Kling traces the fascinating story of how specific biblical texts sometimes a single verse other times a selection of verses or chapters even books have at various times emerged to be the inspiration of movements that have changed the course of history Episodes range from Anthony s call to the desert and a life of monasticism after hearing Jesus s directive to the rich young rule to give up his possessions to the Anabaptists non violent ethic in following Jesus teaching in the Sermon on the Mount to the varied applications of the exodus motif in African American history This revised and expanded second edition adds two new chapters The first examines the text in Matthew 28 18 20 and considers the multitudinous interpretations before during and after the text emerged as the iconic Great Commission of missionary motivation in the modern period The second assesses those biblical texts that encompass the divisive and ongoing issue of male homosexuality Both chapters engage the question of how the texts have shaped the times but as Kling argues the times have also exerted an enormous impact on shaping the interpretation of the texts and hence on the continuing disputes over the meaning of those texts *Women Priests, Symbolic Violence, and Symbolic Resistance* Sharon Jagger,2025-02-26 This book explores from a feminist sociological viewpoint the ways gender is constructed in the priesthood in the Church of England and the political emotional and spiritual resources generated by women priests in their resistance praxis against a discriminating structure Despite the increasing numbers of women being ordained the Church continues to structurally support and legitimise the view that the priesthood should be exclusively male and women priests

still experience gender discrimination and or differentiation Drawing on Bourdieu s notion of symbolic violence the book aims to fill a gap in the research literature by showing how women priests do not necessarily misrecognise or collude in their domination but engage in hidden resistances and subversions Based on empirical research the study reveals that whilst there are barriers to protesting and complaining in conventional ways there are also significant resistances in how women priests perform their role The themes addressed are relevant for sociologists of religion and scholars of gender and women s studies as well as those with an interest in theology and Christian ministry

The Ordination of Women to the Priesthood

Church of England. House of Bishops,1988 This work presents a consideration of the theological issues involved in the question of the ordination of women to the priesthood *Fathers in God?* Colin Podmore,2015-10-30 The classical Anglican understanding of a bishop is expressed in the Canons of the Church of England with the phrase father in God wording that remains unchanged by the decision to ordain women as bishops This volume sets out the understanding of priestly and episcopal ministry from biblical historical and theological viewpoints of the Catholic wing of the Anglican church It sets out in a non polemic way the rationale of those who defend a traditional view of priesthood as male while being fully a part of the Church of England It incorporates elements of the landmark book *Consecrated Women* and brings the discussion fully up to date in light of the General Synod s decision to ordain women to the episcopate in 2014 Leading Anglo Catholic figures explore the topic from a range of perspectives including Martin Warner the Bishop of Chichester on living in love and charity with your neighbour Jonathan Baker the Bishop of Fulham on consecrated women Emma Forward a member of General Synod on feminism in a post feminist age Geoffrey Rowell formerly Bishop of Europe on mission scripture tradition and church unity and Aidan Nicholls OP a Dominican priest and academic offers a Roman Catholic perspective *A Man of Many Parts* Eugene E. Lemcio,2015-03-19 This collection of essays by colleagues former students and friends illustrates something of the breadth and depth of subjects that have engaged the life and thought of the Reverend Doctor John Westerdale Bowker His clerical and academic appointments in Cambridge Lancaster London and North America further illustrate the integrative nature of his spiritual and intellectual way of being and acting *Women and Religion in Britain Today* Yvonne Bennett,2023 Little is written about the lived religious lives of women in 21st century Britain The authors of this book seek to address this gap by exploring contemporary women s spirituality in Britain As the authors inhabit different academic fields we bring together an interdisciplinary collection of voices to address this subject We examine a range of ways in which religion continues to impact the lives of women in Britain today The chapters of this book examine the manner in which religion and spirituality continue to impact women s lives and by doing so we offer a heterogeneous look at religion in the 21st century We not only tackle the spirituality of our research participants but by writing about our experiences as women being spiritual we offer a hybrid academic practitioner viewpoint From Islamic marriage laws to the ordination of female Anglican clergy we focus on the concept of belonging or not through culture and the use of female only spaces and

organisations Belonging is an important social motive the need for acceptance and belonging is a fundamental concept that drives behaviours Exploring how we belong grants an understanding of how choices are made both by the individual and the group
