Rasmussen, 2017-07-12 This book focuses on those special circumstances in which men alone or in groups are isolated or confined for periods of time long enough to affect the way in which they think and behave Active research in these phenomena initially grew out of a concern about prisoners of war in Korea and the presumed effects of brainwashing but this interest has been augmented by the technological advances that have allowed men to enter into isolation situations previously unattainable in outer space under the sea on the face of the moon or in remote places on the earth's surface For the scientist himself applications of the knowledge derived from these special situations is obvious The variety of ways in which the search may be carried on in both the laboratory and real life situations is amply illustrated in the approaches as well as the settings for research that are reviewed in this volume This book represents the first attempt to cover the total spectrum of isolation and confinement in one volume The chapters are arranged so as to begin with study of the individual proceed through artificial and natural groups and conclude with broad ecological and taxonomic considerations Each chapter of the book has its own unique form however they have been planned and written to address a single central theme that increased understanding of this important social phenomenon depends upon a spectrum of conceptual and methodological strategy and on a continuing interplay between basic and applied research The contributors are among the world's

recognized experts in the area and because of its breadth the book constitutes an unusually complete reference to contemporary research on isolation The volume has implications for urban planning and for space and undersea programs and will be useful for teachers and students of applied social and behavioral science **Collected Reprints** ,1970 Devil Oil Man Diaries Jo Ann Lordahl,2023-10-01 Jo Ann Lordahl takes the saga of oil in the ground to gasoline in our cars and makes it fascinating Set in Jay Florida the scene of the largest oil strike in the continental United States Devil Oil Diary is the story of the now gorgeous Mary Celia Diamond an ugly female child growing up in a painfully small religious southern town Where to lend an extra complication Mary Celia has a beautiful step mother a charming spoiled selfish empty headed southern belle who plays her role to the hilt Her father dies when she s twelve and before he can carry out plans to have her ugly nose fixed The transformed Mary Celia now engaged to kind and gentle Stephen returns alone to her beloved childhood home to gather a few final treasures Immediately she s shocked with meeting Vance I met a man named Vance last night Oil trash as they call them around here with a new foreign sophistication Mary Celia wants to learn about oil those oil leases are questionable A lean and mean Vance volunteers to teach her From a helicopter ride to a working oil rig deep in the Gulf to learning what a bore is or how oil pipes can sneak around to a competitor s land we are intrigued Things in Jay have changed and staying alone in her childhood home is not safe Mary Celia is locked alone in the creepy storm cellar Doors slam when nobody but her is home A dead bloody chicken is left on her front door and Claudine her only nurse ally growing up keeps warning her former charge to be careful Stephen arrives in Florida Adventures and clashes follow until an unexpected happy ending Iron Man Epic Collection Bob Layton,2025-01-22 Collects Iron Man 1968 215 232 and Annual 1970 9 An all time classic Iron Man story Tony Stark fights the Armor Wars Time for the Armored Avenger to start avenging Tony Stark is back in the groove as Iron Man from outer space to the ocean depths But the new Stark Enterprises is on constant super villain alert under attack from familiar faces like Spymaster and new threats like the ethereal Ghost And when Tony discovers that his technology has been stolen and abused he declares war on anyone in armor Iron Man s new ruthless streak brings him into conflict with the U S government S H I E L D and the Avengers And as his actions grow ever more extreme he must battle an old friend in a new guise Steve Rogers A K A the Captain By the time the dust settles on these Armor Wars the world might need a new Iron Man *Amphibian man (Translated)* Alexander Belyaev,2024-08-08 The novel Amphibian Man which served as the basis for the cult movie of the same name is well known to many generations of readers and viewers Years and decades go by but the fascinating touching in its drama story of young Ichthyander who as a result of Professor Salvatore s daring experiment gained the ability to live both on land and in water the story of his dangerous adventures in the world of people and his love for the beautiful Guttierre still captures with its vividness and emotionality *Beaverland* Leila Philip,2022-12-06 An intimate and revelatory dive into the world of the beaver the wonderfully weird rodent that has surprisingly shaped American history and may save its ecological future From award winning writer Leila Philip Beaverland
