STERN,2018 **The Man Who Killed Lincoln** Philip Van Doren Stern,2018-01-21 Excerpt from *The Man Who Killed Lincoln* The Story of John Wilkes Booth and His Part in the Assassination He hated the smug Yankees around him He was Sick Of their incessant cheering irritated by their enthusiasm He was smiling contemptuously as he watched the parade but his face twitched nervously in the red glare of the torches He had gathered his long cloak around him in his favorite theatrical pose for even in his misery he was still the actor Yet his unhappiness was real enough His mind was numbed with fatigue and disaster For two days he had been unable to sleep at all Minute guns had been fired in an endless salvo Of victory and their thunder had beaten like hammer blows against his brain until he had found himself Counting Off the seconds in order to anticipate each explosion And through all the confusion of sounds and images came the realization that his beloved South was being crushed in defeat That thought was with him al ways and there was no escaping it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Kauffman Thomas P Lowry Richard E Sloan Elizabeth D Leonard and Richard Nelson Current The Madman and the Assassin Scott Martelle, 2015-04-01 As thoroughly examined as the Civil War and the assassination of Abraham Lincoln by John Wilkes Booth have been virtually no attention has been paid to the life of the Union cavalryman who killed Booth an odd character named Boston Corbett The killing of Booth made Corbett an instant celebrity who became the object of fascination and of derision Corbett was an English immigrant a hatter by trade who was likely poisoned by mercury A devout Christian he castrated himself so that his sexual urges would not distract him from serving God which he did as a street evangelist and preacher He was one of the first volunteers to join the US Army in the first days of the Civil War a path that would in time land him in the notorious Andersonville prison camp Eventually released in a prisoner exchange he would end up in the squadron that cornered Booth in Virginia The Madman and the Assassin is the first full length biography of Boston Corbett a man who was something of a prototypical modern American thrust into the spotlight during a national news event His story also encompasses tragedy his wife died when he was young and he struggled with poverty and his own mental health as it weaves through some of the biggest events in nineteenth century America Scott Martelle is a professional journalist and the author of The Admiral and the Ambassador and Detroit A Biography and is an editorial writer for the Los Angeles Times

of the long war was at last in sight In the forenoon a regular meeting of the Cabinet was held at which General Grant was present as a distinguished guest The victor of Appomattox Court House was a medium sized stoop shouldered taciturn man then at the zenith of his military glory At the White House he met all the members of Lincolns official family except Secretary of State Seward who had been the Presidents closest rival at the Chicago Republican convention of 1860 Seward had been thrown from his carriage a few days before and was lying at home under the care of physicians The framework of steel which encased his face and neck agonizing though it must have been was destined that night to save his life Secretary of the Navy Gideon Welles was there a kindly looking man with a long white beard who was gifted with a shrewd insight into the character of men Thoroughly loyal to his Chief and with a finely balanced judgment he kept close watch on the events of his era and faithfully recorded them in his diary The President himself seemed in unusually good spirits Before the opening of the formal meeting he spoke freely of his plans for reconciling the conquered South So far as he was concerned he promised there would be no persecution he even hoped that the fallen leaders of the Confederacy would leave the country and thereby make it unnecessary for him to take direct action against them He then told of a dream that had come to him during the night the same that had so often in the past 4 WHY WAS LINCOLN MURDERED presaged a portentous happening This time he hoped that it foretold the surrender to General Sherman of the last Confederate army As Lincoln was describing his dream Stanton entered The President stopped abruptly Gentlemen he said let us proceed to business Stanton did not often attend Cabinet meetings and when he came he usually came late It was his way of indicating the superiority he felt over his colleagues if not over Lincoln himself Gideon Welles distrusted him intensely considering him an unscrupulous intriguer He was cunning and skill the head of the Navy Department once wrote in his diary dissembles his feelings is a hypocrite 2 Small of stature with a long beard which he kept perfumed the Secretary of War had an air of sternness but Welles always believed that this outward semblance concealed the heart of a coward The two Secretaries had crossed swords only once On that occasion Welles had shown plainly that he would brook no interference in his department and Stanton had since treated him with an obsequiousness in sharp contrast to his imperious manner toward the other Cabinet members 3 With Stantons entrance the pleasant flow of informal conversation ceased

Who Killed Abraham Lincoln? Paul Serup, 2009 Book CD Born in Quebec

Charles Chiniquy gained great fame as a crusading priest for temperance who also established French Canadian communities in Illinois It was there that the celebrated priest first made Abraham Lincoln's acquaintance when the popular Springfield lawyer defended him in the most high profile libel case in Lincoln's career Not long after this because of the great shortcomings he saw in its teachings and practice Chiniquy left the Catholic Church and became a Protestant In his extremely popular autobiography Fifty Years in The Church of Rome Chiniquy reported that after the murder of his close

friend the President he travelled to Washington to conduct his own inquiry He met with high ranking government officials who told him that they had no doubt that the Jesuits were behind Lincoln s slaying but they wanted to keep this from the public to avoid giving new life to the broken rebellion and to avert possible bloodshed between Catholics and Protestants For their role in the plot to assassinate Abraham Lincoln and other high government officials eight people were put on trial before a military commission Evidently one of those officials who believed that the assassination was a Catholic plot was a dominant member of Lincoln s cabinet the man who was in reality in charge of the United States government in the hours and weeks after the murder and who also headed the official investigation into the assassination Secretary of War Edwin Stanton This is part of the evidence that clearly points to Roman Catholic complicity in the murder of the President as well as general hostility to America and its democratic institution Also included The New York City Draft Riots Ten days after the battle of Gettysburg with the army essentially gone from the city huge blood thirsty mobs lynching people torching buildings looting and destroying property opposed only by a vastly outnumbered police force threatened not only the existence of New York but the whole nation as well These ferocious mobs that among other things fought and killed police and soldiers beat black people to death and burned buildings with the inhabitants still in them were essentially all Roman Catholic Mary Surratt A devout Roman Catholic she was the first woman ever executed by the American government for her part in the assassination plot headquartered in her boarding house A majority of the conspirators were Catholic including the assassin John Wilkes Booth at a time when Romanists made up a small fraction of the U S population St Joseph The assassination was spoken in this solidly Catholic town in Minnesota hours before it occurred and much more A CD of over 3 300 pages of supporting documentation including the court records of those put on trial for conspiring to assassinate Lincoln and other officials is also part of this work The Assassination of Abraham Lincoln JOHN. FAZIO,2023-10-30 Immediately after the assassination of Abraham Lincoln suspicion naturally fell on Confederate leaders as being responsible for the great crime The belief in their complicity faded when the case against Jefferson Davis and other unindicted co conspirators collapsed at the trial of John Wilkes Booth s action team Booth was dead in May and June 1865 The belief then hibernated for 123 years during which period the prevailing wisdom was that Booth had in fact acted with the help of no one other than his team with the possible exception of Dr Samuel Mudd and Mary Surratt In 1988 however assassination historians James O Hall William A Tidwell and David Gaddy thoroughly discredited the simple conspiracy theory in their seminal work Come Retribution holding that the original suspicions were right after all In 1995 Tidwell followed with a solo titled April 65 in which he strengthened the case against Confederate leaders The authors conclusions quickly gained acceptance by many experts in the field including the author of this work which is intended to remove any remaining doubt as to the validity of the theory It does so by describing in detail four subplots in the overall plot to murder the President subplots that demonstrate unequivocally that Booth was merely a pawn in the hands of far more powerful influential and purposeful men than he men

Bates, 2016-12-07 It was reported that John Wilkes Booth the killer of Abraham Lincoln was shot dead in a barn near Port Royal But perhaps this story should be questioned perhaps it is not true at all In 1872 seven years after Booth was supposedly killed Finis L Bates met a man who called himself John St Helen After befriending and gaining the confidence of this man Bates came into knowledge which would completely contradict all previous facts about one of most famous assassinations in history For John St Helen was not a simple shopkeeper living in Texas instead he was the actor turned assassin John Wilkes Booth Bates traveled the breadth of the country gaining evidence to support his argument that Booth did not die in a barn but instead many years later He built a picture of Booth's life questioning those who knew him before and after the event to demonstrate that St Helen and Booth were the same man Published forty two years after the murder of Lincoln and four years after St John's death *The Escape and Suicide of John Wilkes Booth* is a fascinating account of what was possibly the greatest deception in history Finis L Bates was a Memphis Tennessee lawyer and author of *The Escape and Suicide of John Wilkes Booth* This book was published in 1907 and Bates died in 1923 **Lincoln's Men** William C. Davis, 1999-07-14 I sit down to write you a Soldier's Friend My kind Friend of Friends you have the power to help me a grate deal I have great Confidence in our Good President hoe has dun a grate deal for us poor Soldiers So wrote Private Joe Hass to Abraham Lincoln February 20 1864 Like an extraordinary number of his fellow Union soldiers he loved Lincoln as a father Lincoln inspired feelings unlike those instilled by any previous commander in chief in America In *Lincoln's Men* William C Davis draws on thousands of unpublished letters and diaries to tell the hidden story of how a new and untested president could become Father Abraham throughout both the army and the North as a whole How did the Army of the Potomac yearning for the grandeur of McClellan turn instead to the comfort of Old Abe and how was this change of loyalty crucial to final victory How did Lincoln inspire the faith and courage of so many shattered men wandering the inferno of Shiloh or entrenched in the siege of Vicksburg Why did soldiers visiting Washington feel free to stroll into the White House and sit down to relax as if it were their own home Davis removes layers of mythmaking to recapture the moods and feelings of an army facing one of history's bloodiest conflicts Tracing the popular fate of decisions to invoke conscription to fire

McClellan and to free the slaves Lincoln's Men casts a new light on our most famous president the light that is of the peculiar mass medium that was the Union Army A motley band of talkers and letter writers the soldiers spread news of Lincoln's appearances like wildfire chortling at his ungainly posture in the saddle rushing up to shake his hand and talk to him The volunteers knew they could approach Old Abe Honest Abe Uncle Abe and Father Abraham and they cheered him thunderously The men could not be restrained from so honoring him said Private Rice Bull He really was the ideal of the Army The story of the making of Father Abraham is the story of America's second revolution its rebirth As one Union soldier and journalist put it Washington taught the world to know us Lincoln taught us to know ourselves The first won for us our independence the last wrought out our manhood and self respect
