Man Who Loved Schooners:

The Man Who Loved Schooners Robert Louis Boudreau,2000-06 From surviving torpedos in WWII to pioneering the Caribbean charter trade this autobiography plots an exciting voyage across four decades of Boudreau s passion for sailing and schooners This account describes his adventures under sail from a confrontation with a 65 foot rogue wave and a fight with drug pirates in the Bahamas to an eerie encounter with a tiger shark and the onslaught of a vicious hurricane

Adventures in the Trade Wind Richard Dey,2009-08-20 This is at once the biography of an Englishman who became the pioneering charterboat skipper of an American yacht and a history of the charterboat business in the islands Morris Nicholson s story reflects a time now all but vanished in the islands beginning when they were neglected colonial outposts and a single yacht meant income for the islanders In no other book is there an account of how skippered yachts bareboats and headboats came to sail the Caribbean Sea and became an economic sector However it is Nicholson s story and his stories of others that drives the narrative and fills it with human interest

Lost Maine Coastal Schooners Ingrid Grenon,2010-04-23 Dramatic true stories of New England maritime history with photos Large wooden hulled schooners graced the seas of coastal Maine for more than a century as vessels of trade and commerce With the advent of steam powered craft however these elegant four five or six masted wooden ships became obsolete and vanished from the harbors and horizons The Edward Lawrence the last of the six masters became her own funeral pyre in Portland Harbor burning to ash before everyone s eyes The Carroll A Deering washed ashore with no trace of her crew empty as a ghost ship except for three cats and a pot of pea soup still cooking on the stove In this testament to the beauty of the Maine coastal region maritime history enthusiast Ingrid Grenon tells the story of these magnificent relics of the bygone Age of Sail and celebrates the people who devoted their lives to the sea

The Woodenboat ,2005 *Down East Schooners and Shipmasters* Ingrid Grenon,2012-03-18 Nothing is more iconic of Maine than the image of a majestic vessel masts raised gliding through the fog on the dark North Atlantic From the early days of the search for a Northwest Passage to the quest for the mysterious and illusive Norumbega the history of Mount Desert Island Hancock Bar Harbor and the rest of the Down East area has always traveled on schooners Now in the twenty first century these ships and their heritage are being preserved and Mainers are sailing aboard them once again In this collection author Ingrid Grenon presents the most important and incredible stories from the decks of Down East s schooners revealing how these remarkable vessels and Down East Maine are tied together
