Peterson,2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the

conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p      **Looking For Africa in America** Ike Okwuonu,2013-05-10 This book is about an African American male frustrated as a result of difficulties he encountered growing up He found his problem common to majority of peer members of his ethnic group compared to other ethnic peer group members experience Johnson attributed his failure to the stripping away of the African American culture by the slave masters He resolved to recover the Africa that was missing in him Johnson traveled to his origin in Africa and embraced originality after ritualistically dancing with his ancestors at the king s palace His new way of thinking transformed him into a color blind successful happy American Johnson came back from Africa went to Law school and graduated with honors He married a white lady and was elected city mayor      **Normal Family Processes, Fourth Edition**

*Women, the Family, and Peasant Revolution in China* Kay Ann Johnson,2009-02-15 Kay Ann Johnson provides much needed information about women and gender equality under Communist leadership She contends that although the Chinese Communist Party has always ostensibly favored women s rights and family reform it has rarely pushed for such reforms In reality its policies often have reinforced the traditional role of women to further the Party s predominant economic and military aims Johnson s primary focus is on reforms of marriage and family because traditional marriage family and kinship practices have had the greatest influence in defining and shaping women s place in Chinese society Conversant with current theory in political science anthropology and Marxist and feminist analysis Johnson writes with clarity and discernment free of dogma Her discussions of family reform ultimately provide insights into the Chinese government s concern with decreasing the national birth rate which has become a top priority Johnson s predictions of a coming crisis in population control are borne out by the recent increase in female infanticide and the government abortion campaign      *Family Law in Islam* Maaïke Voorhoeve,2012-03-30 In both the West and throughout the Muslim world Islamic family law is a highly and hotly debated topic In the Muslim World the discussions at the heart of these debates are often primarily concerned with the

extent to which classical Islamic family law should be implemented in the national legal system and the impact this has on society Family Law in Islam highlights these discussions by looking at public debates and legal practice Using a range of contemporary examples from polygamy to informal marriage zawaj urfi and from divorce with mutual agreement khul to judicial divorce tatliq this wide ranging and penetrating volume explores the impact of Islamic law on individuals families and society alike from Morocco to Egypt and from Syria to Iran It thus contains material of vital importance for researchers of Islamic Law Politics and Society in the Middle East and North Africa

**Handbook of Marriage and the Family** Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting We are engaged in the process of reconstructing our family institutions through criticism and discussion 1938 pp 3 4

and families were acutely and painfully affected by the growth of ethnic primordialism and by the tensions between the national and supranational projects in the Soviet Union Intermarriage and the Friendship of Peoples is based on more than eighty in depth oral history interviews with members of mixed families in Kazakhstan and Tajikistan along with published and unpublished Soviet documents scholarly and popular articles from the Soviet press memoirs and films and interviews with Soviet era sociologists and ethnographers The School in American Society Ralph Linnaeus Pounds, James R.
