Man, Woman, and God Christopher Alan Anderson, 2012-09-13 There is a great misunderstanding today concerning the natures of man and of woman and of the essence of God This may be the cause of our human relations problem The purpose of this writing is to clarify this misunderstanding thereby allowing us to know and experience man woman and God I sought the center of all life yet could not find it until the day I said to myself I shall not seek And this is what I saw a mother with a babe at her breast a man plowing a field children playing on a swing a father taking his last breath a man and a woman walking down the aisle together I saw life And in that moment I knew that there existed God the Father and God the Mother giving their lives to each other over and over again to create one more moment of life Man Woman and God Author Bio Christopher Alan Anderson 1950 received the basis of his education from the University of Science and Philosophy Swannanoa Waynesboro Virginia He resides in the transcendental romantic tradition that vein of spiritual creativity of the philosopher and poet His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love Mr Anderson began these writings in 1971 The first writings were published in 1985 On a personal note when Mr Anderson was asked to describe the writings and what he felt their message was he responded Spiritual procreation Mankind has yet to distinguish the two sexes on the spiritual level In this failure lies the root of our problems and why we cannot yet touch the eternal together The message of man and woman balance brings each of us together in love with our eternal other half right now keywords Man And Woman God Spiritual
