Tsui, Chung Ming Lau, 2012-12-06 The Management of Enterprises in the People's Republic of China aims to contribute to the knowledge base of management

within the Chinese context The book begins with a mapping of research on management in PRC and offers theoretical insights for cross context institutional and behavioral studies It then reports the results of fourteen empirical studies of management issues in the PRC firms The issues studied include SOE transformation globalization governance employment relationships managerial networks corporate culture and leadership Also included are studies on the knowledge management process and management team characteristics of high technology firms The methods of study include large scale surveys case studies and interviews The contributors are international experts in Chinese management research Finally we offer executive perspectives on several successful firms operating in China through interviews with their CEOs

On the Development of China's Information Technology Industry Jiang Zemin,2009-11-13 In the early 1980 s Jiang Zemin then Minister of Electronics Ministry of China assessed the IT industry as the strategic high ground in international competition He perceived the discrepancy between China s level and the world s advanced level was so great that we had to do our utmost to catch up Since then through numerous articles and frequent speeches he has drawn up a detailed technological and policy roadmap for doing exactly that This volume collects over 25 pieces written over more than 20 years It demonstrates the former president of China s authority and insight into the development of China s IT industry since the introduction of reforms and the cutting edge issues experienced throughout the global IT industry Jiang s ambitious goal is the transformation of China into a leader in the global IT industry by 2020 This volume offers IT industry analysts China watchers policy makers and advisors IT researchers and investors a singular and authoritative view on how China should get there Establishes key measurements for the development of China s IT industry Sets forth the priorities for government and industry Identifies opportunities for interrelating military and civilian R D and applications Reveals key obstacles to progress and directives for overcoming them Sets out an R D agenda for industry Names the core industry sectors for government and industry investment Identifies opportunities and the necessity for international collaboration Establishes the need to develop China s own IPR and to respect and protect others IPR

**Report on China's Cruise Industry** Hong Wang,2018-02-24 The book contains 12 contributions that explain the current state of China s cruise industry and future development Dating from the 1960s and with the rapid development of over 50 years the modern cruise industry has developed into one of the fastest growing industries with the most remarkable economic benefits in the global tourism and hospitality industry known as a golden industry on the golden waterway In recent years with the gradual saturation of international cruise market and the eastward moving trend of the center of cruise market China has become a strategic emerging market with which international cruise lines have been competing A number of international cruise lines including Costa Crociere Royal Caribbean Cruises Princess Cruises MSC Cruises Star Cruises Norwegian Cruise Line and Dream Cruises have entered the cruise market in Mainland China

Real Estate Management in China Shukui Tan,Wenjie Cai,Ying Chen,2022-08-31 This book reflects the great changes in terms of real estate sales purchases finance and policies from planned economy to market

economy in China Real estate system has always been a great concern to the public for its irreplaceable role in people's lives and various daily affairs as well as in the development of the whole economy especially in China's context The unique perspective of this book lies in the significant role that the Chinese government plays in real estate system This book aims to help readers to understand China's real estate system comprehensively *China's Centralized Industrial Order* Chen Li, 2014-11-13 This book is about the political economy of China's industrial reform and the rise of a group of Chinese big businesses under the Communist Party and the central state's control It examines the origins evolution and institutional configuration of this centralized system in governing the commanding heights of the Chinese industrial economy Shaped by persistent industrial policies to develop China's national champions enterprises the core parts of China's central industrial ministries and mono bank system have been transformed into a national team of giant modern business firms in industries such as oil power generation telecommunications aerospace aviation nuclear shipbuilding mining construction automobile and banking Through an adaptive process of learning experimentation and restructuring the bedrock of the authority relations and control mechanisms among the Party government bureaucracy and firms has been consolidated rather than dismantled in the system's transformation This alternative view of China's industrial reform presents a direct challenge to the neo liberal transition model of China's institutional development and the mainstream Western conceptions of Chinese big business A Study of Quality Management of Official Statistics in China Wuyi Zeng, 2022-01-01 This book focuses on how to improve the quality management of official statistics in China Official statistics help to build an overview of China's social and economic development and play an important role in policymaking for government as well as in decision making for enterprises Because of the great value in reference the quality of official statistics also constitutes the concern from the public This book summarizes three levels for understanding the concept of the quality of official statistics and analyzes possible affections from social and economic environment political and management perspectives Government statistical data is an important information reflecting China's economic and social development an important tool for Party committees at all levels governments enterprises and the public to understand and grasp China's economic operation and social development an important basis for Party committees and governments at all levels to conduct economic and social management and decision making and an important reference for enterprises and the public to make decisions on production operation investment and consumption Therefore the government enterprises and the public at all levels are demanding more and more government statistics Accordingly the quality of government statistical data is becoming more and more important because it concerns the objectivity and accuracy of government statistical data the scientificity of economic and social management the decision making of Party committees the correctness of production operation investment and consumption decisions of enterprises and the public Therefore the quality of government statistical data is extremely important which is not only the focus of social concern but also the core issue of government statistics China's Exchange Rate System

Reform: Lessons For Macroeconomic Policy Management Paul Sau Leung Yip, 2011-05-26 The author of this book is the original proponent of China's exchange rate system reform announced in 2005. This book discusses Through these discussions the author hopes to share his knowledge on macroeconomic policy management accumulated over the past thirty five years. In particular he would like to share his insights on macroeconomic policy management before during and after an asset inflation era or a crisis period. He would also like to warn policy makers and financial investors on the likelihood of an asset bubble and then a crisis in economies outside the US. The author hopes this book could eventually stimulate the emergence of macroeconomic policy management as a new and important discipline in economics. While the focus of the book is on macroeconomic policy management it also offers important lessons and strategies on share and property investments. Thus economists policy makers central bank officials economics students business and finance professionals individual investors and academia in other disciplines will find the book useful.

**Contemporary Hospitality and Tourism Management Issues in China and India** Stephen Ball, Susan Horner, Kevin Nield, 2009-11-04 This book represents a comprehensive authoritative and up to date analysis of key sectors in the hospitality and tourism industries in China and India and will address the market's growing need for information on Tourism in China and India. The text will be written in an accessible style drawing on the authors wealth of theoretical educational and industry experience. The text will contain inputs from academic colleagues and commercial contacts from the identified region. Case studies will give real life experiences of hospitality and tourism companies and organisations operating in this region and will include interactive exercises and discussion points.

*Proceedings of 2024 6th International Conference on Economic Management and Cultural Industry (ICEMCI 2024)* Hang Luo, Tang Yao, Wei Cui, Hongbo Li, 2025-01-23 This is an open access book. About ICEMCI 2024. 2024 6th International Conference on Economic Management and Cultural Industry. 2024 6th International Conference on Economic Management and Cultural Industry. ICEMCI 2024 to be held on October 25-27 in Dalian, China. As the leader of the global trend of scientific and technological innovation, China is constantly creating a more open scientific and technological innovation environment, expanding the depth and breadth of academic cooperation and building a shared innovation community. These efforts are making new contributions to globalization and building a community with a shared future for mankind. ICEMCI 2024 aims to bring together innovative academics and industry experts in Economic Management and Cultural Industry into a common forum. We will discuss and research on areas such as International Economics and Trade, Sustainable Economic Development, Economic Statistics, Economic Policy, The impact of cultural industries on the economy, etc. ICEMCI 2024 also aims to provide a platform for experts, scholars, engineers, technicians and technology R D personnel to share scientific research results and cutting edge technologies, understand academic development trends, expand research ideas, strengthen academic research and discussion and promote cooperation in the industrialization of academic achievements. With the theme Economic Management and Cultural Industry, ICEMCI 2024 aspires to keeping up with

advances and changes to a consistently morphing field. Leading researchers and industry experts from around the globe will be presenting the latest studies through papers, keynote speeches and oral presentations. We warmly invite you to participate in ICEMCI 2024 and look forward to seeing you in Dalian. Digitalization and Management Innovation II R.J.

Dwyer, 2023-11-14. Information technology and digitalization are closely related topics and both are intrinsic to many aspects of modern life. One important area to which they have particularly close links is lifelong education. This book presents the proceedings of DMI 2023, the 2nd International Conference on Digitalization and Management Innovation, held as a hybrid event from 1 to 4 August 2023 in Seoul, South Korea. The theme of the conference was Building a New Ecology of Lifelong Education and the aim of the conference was to enable experts and scholars worldwide to share and debate the latest ideas in digitalization and management innovation as related to this subject. The 47 papers included here were selected from over 150 submitted papers after a thorough peer review process carried out by expert reviewers. Topics covered include the modern management of big data, interdisciplinary applications of digitalization and management innovation and organizational behavior in digital transformation among others. Offering an up-to-date overview of many aspects of digitalization and management innovation, the book provides a range of global perspectives which will be of interest to all those working in related fields. *Proceedings of 2025 2nd International Conference on Applied Economics, Management Science and Social Development (AEMSS 2025)* Jiye Hu, Huaping Sun, Au Yong Hui Nee, Paulo Batista, 2025-07-07. This is an open access book. 2025 2nd International Conference on Applied Economics Management Science and Social Development AEMSS 2025 will be held in Kunming, China during March 28-30, 2025.
