Theory U C. Otto Scharmer, 2016-08-15 Access the deepest source of inspiration and vision We live in a time of massive institutional failure that manifests in the form of three major divides the ecological the social and the spiritual Addressing these challenges requires a new consciousness and collective leadership capacity In this groundbreaking book Otto Scharmer invites us to see the world in new ways and in so doing discover a revolutionary approach to learning and leadership In most large systems today we collectively create results that no one wants What keeps us stuck in such patterns of the past It s our blind spot that is our lack of awareness of the inner place from which our attention and intention originate By moving through Scharmer s U process we consciously access the blind spot and learn to connect to our authentic Self the deepest source of knowledge and inspiration Theory U offers a rich diversity of compelling stories examples exercises and practices that allow leaders organizations and larger systems to cosense and coshape the future that is wanting to emerge This second edition features a new preface in which Scharmer identifies five transformational trends and describes U process case stories around the world There are also eight color drawings by Kely Bird that capture U journey applications and illustrate the concepts in the book as well as new resources for applying the principles and practices **Globalization and Education**

Nelly P. Stromquist, Karen Monkman, 2014-03-04 We offer in this book a collection of chapters that reflect a broad range of issues linking globalization to education in an accessible yet theoretically grounded and detailed form The authors analyze phenomena on the global plane in local spaces and in the connections between the global and the local New developments such as the growing impact of technology on education the emergence of new policy actors the growing expansion and segmentation of higher education the salience of human rights among others are emerging as powerful agendas shaping all levels of education In fundamental ways the forces of globalization challenge the previous approaches and theories of national development Recognizing the areas of convergence dissonance and conflict should help us grasp with greater clarity the implications of globalization for education and knowledge in the XXI century The contributors to this book include both well known scholars in the field of comparative education as well as young scholars The chapters present a balanced geographical coverage in terms of authors and the countries regions examined The second edition has been thoroughly

updated throughout and contains seven new chapters The expanding interest in the intersection of education and globalization has brought up several new topics including the salience of global education policies notably EFA the expansion and differentiation of higher education the emphasis on work related training the increasing role of non state actors such as the transnational corporations and greater attention to human rights Also in this new edition is a chapter on qualitative methodologies especially suitable to the understanding of the intersection of globalization and education

The New Geopolitics of Sport in East Asia William Kelly,J.A. Mangan,2015-09-07 The global geopolitics of sport is being transformed in and by East Asia Sport in recent decades has been avidly embraced by East Asian nations with implications both for their image on the international stage and their domestic national identities The three post war East Asian Olympic Games the glittering Guangzhou Asian Games in 2010 and the march of Asia into the global sport market illustrate the fact that a new global sports order has emerged This collection uniquely discerns the tectonic shift of global power in the geopolitical economic cultural and social dynamics of sport from West to East It also reveals that the global empire of commerce is similarly shifting eastwards The chapters written by leading authorities on East Asia widens the focus advances the knowledge and sharpens the appreciation of both global sport and regional current transformation in the making and in doing so contributes to an understanding of profound changes in global sport This book was originally published as a special issue of The International Journal of the History of Sport

Labour in Global Value Chains in Asia Dev Nathan,Meenu Tewari,Sandip Sarkar,2016-10-13 This book brings together a set of studies on labour conditions in global value chains GVCs in a variety of sectors ranging from labour intensive sectors garments fresh fruits tourism to medium and high technology sectors automobiles electronics and telecom and knowledge intensive sectors IT software services The studies span a number of countries across Asia Bangladesh Cambodia China India Indonesia Sri Lanka and Vietnam This book stands out for its grounded and detailed examination of both what is working and what is not working as Asian labour gets more embedded in global value chains In trying to identify spaces for progressive action and policies in the current GVC linked global work environment the book goes against the grain in searching for an alternative to laissez faire forms of globalisation

Fair Trade, Corporate Accountability and Beyond Shelley Marshall,2016-04-15 As trade and production have increasingly crossed international boundaries private bodies and governments alike have sought new ways to regulate labour standards and advance goals of fairness and social justice Governments are harnessing social and market forces to advance corporate accountability while private bodies are employing techniques drawn from command and control regulation to shape the behaviour of business This collection brings together the research and reflections of a diverse international mix of academics activists and practitioners in the fields of fair trade and corporate accountability representing perspectives from both the industrialized and developing worlds Contributors provide detailed case studies of a range of social justice governance initiatives documenting the evolution of established strategies of advocacy and social mobilization and evaluating the

strengths and limitations of voluntary initiatives compared with legally enforceable instruments *The Promise and Limits of Private Power* Richard M. Locke, 2013-04-22 This book examines and evaluates various private initiatives to enforce fair labor standards within global supply chains Using unique data internal audit reports and access to more than 120 supply chain factories and 700 interviews in 14 countries from several major global brands including NIKE HP and the International Labor Organization s Factory Improvement Programme in Vietnam this book examines both the promise and the limitations of different approaches to actually improve working conditions wages and working hours for the millions of workers employed in today s global supply chains Through a careful empirically grounded analysis of these programs this book illustrates the mix of private and public regulation needed to address these complex issues in a global economy
