Management through the Woods and over the Rivers Dr Ranjan Garge,2016-04-08 Management Through the Woods and Over the Rivers is based on Outdoor Based Experiential Training Programme OBET or Outdoor Management Style which speaks of twenty five years ahead of time The objectives of Outdoor Management are elaborated in depth and a case study based on the experiences of five selected industries is presented in this book This book elaborates on how to evaluate the leadership quality system problem solving ability experimentation learning from past experiences and transferring knowledge A model of OBET that catalyses the process of learning in more than twenty five companies in India including Aurangabad Pune and Mumbai through the author s consultancy services COSMOS Outward Bound Pioneers India an NGO has also been discussed in this book The advantage of OMD is that it is away from the pressures and inhibitions of day to day work The last chapter is supported by meaningful models on future vision and taxonomy of thinking So are you ready for the Change

Routledge International Handbook of Outdoor Studies Barbara Humberstone,Heather Prince,Karla A. Henderson,2015-11-19 The outdoors is a physical and ideological space in which people engage with their environment but it is also an important vehicle for learning and for leisure The Routledge Handbook of Outdoor Studies is the first book to attempt to define and survey the multi disciplinary set of approaches that constitute the broad field of outdoor studies including outdoor recreation outdoor education adventure education environmental studies physical culture studies and leisure studies It reflects upon the often haphazard development of outdoor studies as a discipline critically assesses current knowledge in outdoor studies and identifies further opportunities for future research in this area With a broader sweep than any other book yet published on the topic this handbook traces the philosophical and conceptual contours of the discipline as well as exploring key contemporary topics and debates and identifying important issues in education and professional practice It examines the cultural social and political contexts in which people experience the outdoors including perspectives on outdoor studies from a wide range of countries providing the perfect foundation for any student researcher educator or outdoors practitioner looking to deepen their professional knowledge of the outdoors and our engagement with the world around us

Experiential Learning John P. Wilson,Colin Beard,2013-08-03 Experiential Learning enables educators trainers coaches and facilitators to unleash some of

the more potent ingredients of learning through experience It presents a simple model the Learning Combination Lock which illustrates the wide range of factors that can be altered to enhance the learning experience The theory is brought to life with hundreds of examples from around the world and covers issues such as experience and intelligence facilitation good practice and ethics learning environments experiential learning activities and working with the senses and emotions Experiential Learning offers the skills that can be successfully applied to a variety of settings including management education corporate training team building youth development work counselling and therapy schools and higher education and special needs training This fully updated third edition includes guidance for coaches cutting edge new material on sensory intelligence and updated models tools and case studies throughout Online supporting resources include Introduction to Sensory Intelligence audio files *Outdoor Recreation in the National Forests*, 1965 **Resources in Education**, 1999-10 *Outdoor Recreation in the National Forests* United States. Forest Service, 1965 Covers resources opportunities activities management policies and programs for outdoor recreation in U S national forests [The Changing World of Outdoor Learning in Europe](#) Peter Becker, Barbara Humberstone, Chris Loynes, Jochem Schirp, 2018-06-12 The Changing World of Outdoor Learning in Europe sets out to provide a comprehensive analysis of the economical and political changes that have occurred in European outdoor culture in the preceding two decades from a diverse range of perspectives including institutional theoretical national and educational views The book looks at how outdoor education has been transformed into an increasingly global field where established and influenced practices have been introduced into modernising and democratising nations With contributions from the members of the board of the European Institute of Outdoor Adventure Education and Experiential Learning and representatives of the networks that stand behind it this unique book provides thorough factual analyses and examinations of outdoor learning that have never been presented before The book contains contributions from across Europe with authors from the UK Germany Finland Sweden Slovenia Poland Norway and the Czech Republic Chapters within the volume by non European authors provide another perspective on the European story in a wider context As a whole the book will stimulate the ongoing debate about the nature function and organisation of outdoor education around the globe The Changing World of Outdoor Learning in Europe will be of great interest to academics researchers and postgraduate students in the fields of outdoor education leadership and recreation and outdoor sport environmental and leisure studies It should also be essential reading for those involved in outdoor organisations in Europe and worldwide *The Transfer of Learning* Sarah Leberman, Lex McDonald, 2016-02-17 The book addresses a crucial issue for all involved in education and training the transfer of learning to new and different contexts Educators employers and learners face the problem of ensuring that what is learnt in the classroom is able to be adapted and used in the workplace It focuses on adult learners in professional and vocational contexts The authors provide an accessible book on the transfer of learning which draws on multi disciplinary perspectives from education psychology and management The Transfer of Learning will be useful both for postgraduate

students and for practitioners wanting to deepen their understanding of transfer and for those interested in practical applications It combines theory and practice from international research and the authors own case studies of transfer involving learners engaged in professional development and study towards qualifications Theories of adult learning change and lifelong learning are discussed in relation to the transfer of learning The purpose of this book is to emphasise to tertiary educators and trainers the importance of transfer and in doing so highlight the participants voices as central foci in coming to an understanding of the process By doing this it balances the literature which has to date emphasized transfer from a trainer s and or organization s perspective There has been little if any substantive material on tertiary transfer issues and yet demands are increasing for tertiary education providers to be more accountable and more focused on developing students ability to use their learning in everyday work situations The book is unique in that it adopts a phenomenological perspective and underscores the significance of the participants voices in understanding issues
