including a relative topical homogeneity centred on domestic labour migration relatively narrowly conceived and institutionalist conceptions of migration and migrants without adequate attention paid to the identities agencies and everyday experiences of migrants and finally a lack of engagement with theoretical models and paradigms in the broad discipline of migration studies Assembling eight fine grained research works engaging with a broad variety of migratory trajectories and experiences this book addresses these shortfalls by 1 investigating diverse forms of domestic and transnational migration in and to China 2 problematising rethinking and innovating well established analytical tools and categories to move beyond their epistemological fixity and highlight their socially and dynamically constructed nature and 3 underscoring the centrality of identity subjectivity and everyday experiences rather than mechanical causality between institutions and migration outcomes to theoretical understandings of migration in China It will be of interest to researchers and advanced students of Sociology Politics Human Geography Social Work and Urban Studies This book was originally published as a special issue of the Journal of Ethnic and Migration Studies     Managers As Employees Myron J. Roomkin,1989-02-16 This collection of essays examines the role of managers as employees in nine industrialized countries Britain the United States Australia New Zealand West Germany Sweden France Italy and Japan Focusing on middle managers including professionals the contributors document the differences and similarities that exist in the employment relationships of managers in these countries trace the forces that shape these relationships and discuss the ways that these relationships have been affected by developments in the business environment over the last two decades The distinguished contributors include Greg Bamber Ed Snape Russell D Lansbury Annabelle Quince David F Smith Eberhard Witte Karl Olof Fax n H kan Lundgren Jacques Rojot Claudio Pellegrini and Vladimir Pucik     **The Church-worker** ,1882     Christian Democratic Workers and the Forging of German Democracy, 1920-1980 William L. Patch,2018-03-15 Why has democracy flourished in the Federal Republic of Germany despite that country s troubled past Exhaustive research in German historical archives illuminates the pivotal role played by the veterans of the Christian trade unions of the Weimar Republic the only group to participate in both of Germany s most successful political experiments after 1945 a Christian Democratic party to unite Catholics and Protestants and unified labor unions for workers of all political outlooks They perceived that feuds between the religious confessions and competition among three rival labor federations had greatly facilitated Hitler s rise and they resolved to bridge both chasms Playing an influential role on the left wing of the CDU from the 1950s to the 1970s Christian laborites alleviated class conflict through new welfare programs and laws to grant workers a powerful voice in management decisions They took the lead in forging the distinctive German Model for labor relations     **The Christian Executive** Theodore Wilhelm Engstrom,Edward R. Dayton,1979     **Minding God's Business** Ray S. Anderson,2008-10-01 Pastors leaders of Christian organizations and lay persons will find an invaluable guide and spiritual wisdom in this book Focusing primarily on the what rather than the how of managing Christian organizations Ray Anderson clearly presents a

biblical and theological basis for understanding the unique characteristics of Christian organizations and what it means to manage such organizations in a Christian way Anderson emphasizes the role of leadership for Pastors and those who manage Christian organizations providing helpful teaching on issues such as strategic planning the development of mission statements as a definition of the organization s goals and what it means to use biblical principles prayer and dependence on the Holy Spirit in carrying out the organization s goals There is an increasing interest in and concern for how Christian organizations and churches are managed in today s complex society Ray Anderson has made a careful study of this Christian organizational problem and helps us all to better understand the biblical stance related to an issue which affects so many of us Here is timely help a theological perspective and practical applications The author gives us an effective refreshing creative approach to Minding God s Business Ted W Engstrom President World Vision After several decades of leadership theory and practice without much theology often leading to ruthless pragmatism on one hand or ineffective mysticism on the other Ray Anderson has stepped in and done what he does best He teaches us that Minding God s Business is most effective when it simultaneously pays attention to the Spirit and to the organization with no nutty false dualisms If reading how to books on leadership and management are leaving you wanting more and if theological works make you say What do we do now pick up Minding God s Business You ll get the whole picture Todd Hunter Founder and President Society for Kingdom Living Author Christianity Beyond Belief Ray Anderson merges the secular concepts of accountability competence and excellence with the spiritual concept of the calling of God to the secular workplace erasing the lines we often draw between the two As a leader in both the secular and para church environments I have striven to operate with one standard God s good pleasing and perfect will Ray ties it all together in a theological context that will help us get it right Craig W Olson CEO Fresh Start Bakeries Chairman Concordia University Irvine CA Board of Regents Annual Report of the Board of Managers of the Woman's Home Missionary Society of the Methodist Episcopal Church for the Year ... ,1882
