Strategic Management Upendra Kachru, 2009 Written in a lucid way, this book traverses the entire panorama of strategic management. *Strategy and Structure of Japanese Enterprises* Toyohiro Kono, 2016-07-01 Composed of a series of 12 articles, this work analyzes China's rural reforms. The articles cover such topics as the responsibility system, privatization, industrialization, social conflict, urban-rural relations and rural urbanization. *Management Laureates* Arthur G.

Bedeian, 2018-04-17 First published in 1993, this volume compiles the autobiographies of the management discipline's most distinguished laureates. Prior to this publication, the available management literature provided little insight into the personal and intellectual lives, the frustrations as well as the triumphs of the individuals in the management discipline. Although such understanding could be conveyed in many forms, perhaps the most intimate and fascinating of these for gaining behind the scenes insights is the autobiography. Thus, the autobiographies in this volume, as in the five companion volumes, offer the reader not only a glimpse of the subjective determinants and personal experiences of the management discipline's most distinguished laureates but also a deeper understanding of what management is and what it is becoming. The various accounts reflect a diversity of approaches, interests and experiences. *Product Development Strategy* Mina Tajvidi, Azhdar Karami, 2016-04-29 Product Development Strategy provides a concise theoretical and analytical discussion relating to the theory and practice of strategy, innovation, capacity and entrepreneurial performance. The book discusses an innovative perspective which provides a practical insight into the field of product development strategy. **STRATEGIC**
