**Organizational Practices** David M. Boje,2014-06-20 Once upon a time the practice of storytelling was about collecting interesting stories about the past and converting them into soundbite pitches Now it is more about foretelling the ways the future is approaching the present prompting a re storying of the past Storytelling has progressed and is about a diversity of voices not just one teller of one past it is how a group or organization of people negotiates the telling of history and the telling of what future is arriving in the present With the changes in storytelling practices and theory there is a growing need

to look at new and different methodologies Within this exciting new book David M Boje develops new ways to ask questions in interviews and make observations of practice that are about storytelling the future This after all is where management practice concentrates its storytelling while much of the theory and method work is all about how the past might recur in the future Storytelling Organizational Practices takes the reader on a journey from looking at narratives of past experience through looking at living stories of emergence in the present to looking at how the future is arriving in ways that prompts a re-storying of the past

**Organizing Words** Yiannis Gabriel, 2008 Organizing Words presents a series of essays on some 220 widely used and much debated terms in the social sciences and organization studies Each essay explores the meanings and uses of the word and also the controversies they have sparked The book aims to be a first port of call for students researchers and scholars who wish to familiarize themselves with these key ideas and use them in their own work The book is neither an encyclopaedia nor a dictionary but a thesaurus As such it combines both the original meaning of a thesaurus as a treasure trove with its more contemporary characteristics of an accessible and practical resource Primarily aimed at those interested in social and organizational studies it will appeal to all those interested in the human sciences It does not claim to be canonical or all inclusive but each entry seeks to enlighten and help without patronizing or obscuring disagreements and difficulties The book seeks to be reassuring without being complacent or comfortable to be authoritative without being doctrinaire and to be critical without being destructive Words help us express ourselves and make sense of our experiences and our actions and they help us to organize ourselves our thoughts and our universe Organizing Words will be an invaluable resource for essay writing and a useful tool in planning and carrying out projects and dissertations Most of the entries have been written by Yiannis Gabriel with 40 essays coming from other experts in particular areas
