The Green Pharmacy James A. Duke, 1999-07-30 Thousands of safe natural remedies lie untapped in jungles forests and herbal gardens throughout the world Now in Green Pharmacy by James A Duke with illustrations by Peggy Kessler Duke America's foremost authority on medicinal plants and herbs shares his knowledge of these hidden reserves of healing power For Arthritis A new all natural remedy that can cut pain in half For Back Pain A fruit that has anti inflammatory properties to produce long term relief For Your Heart An herb that opens up clogged arteries and lowers blood pressure with none of the side effects of prescription drugs For High Cholesterol A tasty grain that has three times more cholesterol lowering power than oat bran For Migraines An herb that has the power to eliminate the blurred vision and debilitating pain of these monster headaches For Mood Swings A common food that shares the power of Prozac to boost the brain's level of feel good serotonin For Osteoporosis A prime plant source of calcium that vastly enhances

protection against bone depletion For Wrinkles An herbal lotion that has the skin clearing wrinkle reversing power of alpha hydroxy acid but costs only pennies And much more over 120 conditions in all *Nature in the Middle Ages and the Early Modern Times* Albrecht Classen, 2024-07-01 The study of pre modern anthropology requires the close examination of the relationship between nature and human society which has been both precarious and threatening as well as productive soothing inviting and pleasurable Much depends on the specific circumstances as the works by philosophers theologians poets artists and medical practitioners have regularly demonstrated It would not be good enough as previous scholarship has commonly done to examine simply what the various writers or artists had to say about nature While modern scientists consider just the hard core data of the objective world cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists Only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures social and economic relationships medical and scientific concepts of human health and the messages about all existence as depicted in major art works In light of the current conditions threatening to bring upon us a global crisis it matters centrally to take into consideration pre modern discourses on nature and its enormous powers to understand the topoi and tropes determining the concepts through which we perceive nature Nature thus proves to be a force far beyond all human comprehensibility being both material and spiritual depending on our critical approaches
