Nardi,Keli Fancher,2025-05-15 This collection investigates how Hayao Miyazaki Isao Takahata and other Studio Ghibli storytellers have approached the process of reimagining literary sources for animation Studio Ghibli is renowned for its original storytelling in films like My Neighbor Totoro but many of its most famous films including Howl s Moving Castle and Ponyo have their origins in pre existing novels manga or fairy tales Studio Ghibli s adaptations seldom directly translate source material to animation but instead transform the works to incorporate themes or imagery central to the studio s sensibilities Studio Ghibli Animation as Adaptations explores how these adaptations often blur genre boundaries and raise questions about what constitutes fidelity to source material The collection also shows how the studio reinterprets and recontextualizes stories across cultures for Japanese audiences and across mediums like manga

   Shinto, Nature and Ideology in Contemporary Japan Aike P. Rots,2017-09-07 Shinto Nature and Ideology in Contemporary Japan is the first systematic study of Shinto s environmental turn The book traces the development in recent decades of the idea of Shinto as an ancient nature religion and a resource for overcoming environmental problems The volume shows how these ideas gradually achieved popularity among scientists priests Shinto related new religious movements and eventually the conservative shrine establishment Aike P Rots argues that central to this development is the notion of chinju no mori the sacred groves surrounding many Shinto shrines Although initially used to refer to remaining areas of primary or secondary forest today the term has come to be extended to any sort of shrine land signifying not only

historical and ecological continuity but also abstract values such as community spirit patriotism and traditional culture The book shows how Shinto s environmental turn has also provided legitimacy internationally influenced by the global discourse on religion and ecology in recent years the Shinto establishment has actively engaged with international organizations devoted to the conservation of sacred sites Shinto sacred forests thus carry significance locally as well as nationally and internationally and figure prominently in attempts to reposition Shinto in the centre of public space **"I'm Just a Comic Book Boy"** Christopher B. Field,Keegan Lannon,Michael David MacBride,2019-02-14 Comics and the punk movement are inextricably linked each has a foundational do it yourself ethos and a nonconformist spirit defiant of authority This collection of new essays provides for the first time a thorough analysis of the intersections between comics and punk The contributors expand the discussion beyond the familiar U S and UK scenes to include the influence punk has had on comics produced in other countries such as Spain and Turkey **Practical Rails Plugins** Nick Plante,David Berube,2008-08-01 The Rails framework empowers developers with unprecedented levels of productivity by embracing principles such as convention over configuration and don t repeat yourself This paradigm is even apparent at the community level where developers regularly share their custom framework extensions by way of Rails plugins feature Plugins offer a way for developers to extend the core Rails framework with their own custom features allowing for rapid integration of features such as authentication user ratings and search Practical Rails Plugins shows you how to capitalize upon the wide variety of plugins at your disposal by guiding you through their integration into a number of interesting projects You ll learn how to rapidly augment projects involving asynchronous video transcoding geocoding and mapping content management community ratings and PDF generation You ll also learn how to create and distribute your own plugins The ultimate guide to building powerful web sites faster using Rails plugins Demonstrates how to use popular plugins within a number of practical and fully functional projects and mini applications Shows you how to create and distribute your own plugins **The Handbook of Cultural Linguistics** Alireza Korangy,2024-05-31 Bringing together a wide selection of work on cultural linguistics and pragmatics this comprehensive handbook offers global comparative insights into the field Diversity does not always imply differences but it also offers insights into surprising similarities and parallels when it comes to expressions By the same token this collection shows that when we see that linguistic differences when they exist stem from not merely language but from the cultural and historical context that cultivates and nurtures them Within that paradigm then this handbook locates the importance of philosophy religion or even the lack thereof political affiliations and so on in forming expressions In addition comparisons with other models of cultural linguistics are undertaken These trends provide readers with a comprehensive introduction to issues in cultural linguistics addressing the peculiarities of the field under the rubric of localized studies and speaking to the possibilities that exist in interpretation of what metaphors are The book highlights the complexities that are so tightly interwoven into the fabric of every word and a sentence across cultures and linguistic traditions A must have collection for

concerned with questions of political will and the disintegration of democracy rather than with the psychology of the personal What is urgently at stake Paik argues is a critique of the limitations and deadlocks of the political imagination The utopias dreamed of by totalitarianism which must be imposed through torture oppression and mass imprisonment nevertheless persist in liberal political systems With this reality looming throughout Paik demonstrates the uneasy juxtaposition of saintliness and cynically manipulative realpolitik of torture and the assertion of human dignity of cruelty and benevolence
