Navajo Trader Gladwell Richardson,1991-07-01 Gladwell Toney Richardson came from a long line of Indian traders and published nearly three hundred western novels under pseudonyms like Maurice Kildare His forty years of managing trading posts on the Navajo Reservation are now recalled in this colorful memoir **Navajo National Monument** Hal Rothman,1991 **Navajo National Monument** ,2003 **Navajo National Monument** United States. National Park Service,2003 This General Management Plan Summary provides the highlights of the Navajo National Monument Final General Management Plan Environmental Impact Statement The plan is intended to provide a foundation to help park managers guide programs and set priorities for resource stewardship visitor understanding partnerships facilities and operations The plan will guide management of the monument for the next 1520 years **Navajo National Monument (N.M.), General Management Plan** ,2003 Navajo National Monument, Arizona United States. National Park Service,2003 *Southwest Cultural Resources Center Professional Papers* ,1983 **Both Sides of the Bullpen** Robert S. McPherson,2017-10-19 Between 1880 and 1940 Navajo and Ute families and westward trending Anglos met in the bullpens of southwestern trading posts to barter for material goods As the products of the livestock economy of Navajo culture were exchanged for the merchandise of an industrialized nation a wealth of cultural knowledge also changed hands In Both Sides of the Bullpen Robert S McPherson reveals the ways that Navajo tradition fundamentally reshaped and defined trading practices in the Four Corners area of southeastern Utah and southwestern Colorado Drawing on oral histories of Native peoples and traders collected over thirty years of research McPherson explores these interactions from both perspectives as wool blankets and silver crossed the counter in exchange for flour coffee and hardware To succeed traders had to meet the needs and expectations of their customers often interpreted through Navajo cultural standards From the organization of the post building to gift giving health care and burial services and a credit system tailored to the Navajo calendar every feature of the trading post served trader and customer alike Over time these posts evolved from ad hoc business ventures or profitable cooperative stores into institutions with a clearly defined set of expectations that followed Navajo traditional practices Traders spent their days evaluating craft work learning the financial circumstances of each Native family following economic trends in the wool and livestock industry back east and avoiding conflict In detail and depth the many voices woven throughout Both Sides of the Bullpen restore an underappreciated era to the history of the American Southwest They show us that for American Indians and white traders alike in the Four Corners region during the late 1800s and early 1900s barter was as much a cultural expression as it was an economic necessity **Northern Navajo Frontier 1860 1900** Robert Mcpherson,2001-10 The Navajo nation is one of the most frequently researched groups of Indians in North America Anthropologists sociologists historians and others have taken turns explaining their views of Navajo history and culture A recurrent theme throughout is that the U S government defeated the Navajos so soundly during the early 1860s that after

their return from incarceration at Bosque Redondo they were a badly shattered and submissive people The next thirty years saw a marked demographic boom during which the Navajo population doubled Historians disagree as to the extent of this growth but the position taken by many historians is that because of this growth and the rapidly expanding herds of sheep cattle and horses the government beneficently gave more territory to its suffering wards While this interpretation is partly accurate it centers on the role of the government the legislation that was passed and the frustrations of the Indian agents who rotated frequently through the Navajo Agency in Fort Defiance New Mexico and ignores or severely limits one of the most important actors in this process of land acquisition the Navajos themselves Instead of being a downtrodden group of prisoners defeated militarily in the 1860s and dependent on the U S government for protection and guidance in the 1870s and 80s they were vigorously involved in defending and expanding the borders of their homelands This was accomplished not through war and as a concerted effort but by an aggressive defensive policy built on individual action that varied with changing circumstances Many Navajos never made the Long Walk to Bosque Redondo Instead they eluded capture in northern and western hinterlands and thereby pushed out their frontier This book focuses on the events and activities in one part of the Navajo borderlands the northern frontier where between 1860 and 1900 the Navajos were able to secure a large portion of land that is still part of the reservation This expansion was achieved during a period when most Native Americans were losing their lands

The Case of the Indian Trader Paul Berkowitz, 2011-05-15 This is the story of Billy Gene Malone and the end of an era Malone lived almost his entire life on the Navajo Reservation working as an Indian trader the last real Indian trader to operate historic Hubbell Trading Post In 2004 the National Park Service NPS launched an investigation targeting Malone alleging a long list of crimes that were similar to Al Capone In 2005 federal agent Paul Berkowitz was assigned to take over the year and a half old case His investigation uncovered serious problems with the original allegations raising questions about the integrity of his supervisors and colleagues as well as high level NPS managers In an intriguing account of whistle blowing Berkowitz tells how he bypassed his chain of command and delivered his findings directly to the Office of the Inspector General

América Robert Goodwin, 2019-03-05 An epic history of the Spanish empire in North America from 1493 to 1898 by Robert Goodwin author of *Spain The Centre of the World* At the conclusion of the American Revolution half the modern United States was part of the vast Spanish Empire The year after Columbus's great voyage of discovery in 1492 he claimed Puerto Rico and the Virgin Islands for Spain For the next three hundred years thousands of proud Spanish conquistadors and their largely forgotten Mexican allies went in search of glory and riches from Florida to California Many died few triumphed Some were cruel some were curious some were kind Missionaries and priests yearned to harvest Indian souls for God through baptism and Christian teaching Theirs was a

frontier world which Spain struggled to control in the face of Indian resistance and competition from France Britain and finally the United States In the 1800s Spain lost it all Goodwin tells this history through the lives of the people who made it happen and the literature and art with which they celebrated their successes and mourned their failures He weaves an epic tapestry from these intimate biographies of explorers and conquerors like Columbus and Coronado but also lesser known characters like the powerful G lvez family who gave invaluable and largely forgotten support to the American Patriots during the Revolutionary War the great Pueblo leader Popay and Esteban the first documented African American Like characters in a great play or a novel Goodwin s protagonists walk the stage of history with heroism and brio and much tragedy New Mexico Magazine ,2001
