theories and methods using a deictic framework for closely reading the stories in both their Dene languages and in English translation The narrative epistemologies enacted by Dene stories counterbalance many of the ethical problems inherent within Euro Western approaches to ontology and experience These stories revive those who listen and read offering hope

Dreaming of Sheep in Navajo Country Marsha Weisiger, 2011-11-15 *Dreaming of Sheep in Navajo Country* offers a fresh interpretation of the history of Navajo Din pastoralism The dramatic reduction of livestock on the Navajo Reservation in the 1930s when hundreds of thousands of sheep goats and horses were killed was an ambitious attempt by the federal government to eliminate overgrazing on an arid landscape and to better the lives of the people who lived there Instead the policy was a disaster resulting in the loss of livelihood for Navajos especially women the primary owners and tenders of the animals without significant improvement of the grazing lands Livestock on the reservation increased exponentially after the late 1860s as more and more people and animals hemmed in on all sides by Anglo and Hispanic ranchers tried to feed themselves on an increasingly barren landscape At the beginning of the twentieth century grazing lands were showing signs of distress As soil conditions worsened weeds unpalatable for livestock pushed out nutritious native grasses until by the 1930s federal officials believed conditions had reached a critical point Well intentioned New Dealers made serious errors in anticipating the human and environmental consequences of removing or killing tens of thousands of animals Environmental historian Marsha Weisiger examines the factors that led to the poor condition of the range and explains how the Bureau of Indian Affairs the Navajos and climate change contributed to it Using archival sources and oral accounts she describes the importance of land and stock animals in Navajo culture By positioning women at the center of the story she demonstrates the place they hold as significant actors in Native American and environmental history *Dreaming of Sheep in Navajo Country* is a compelling and important story that looks at the people and conditions that contributed to a botched policy whose legacy is still felt by the Navajos and their lands today **Native Peoples of the Southwest** Trudy Griffin-Pierce, 2000-09 A comprehensive guide to the historic and contemporary indigenous cultures of the American Southwest intended for college courses and the general reader **Ohoyo Ikhana**, 1982 *The Navajo Country* Herbert Ernest Gregory, 1916

Spicer,2015-09-19 After more than fifty years Cycles of Conquest is still one of the best syntheses of more than four centuries of conquest colonization and resistance ever published It explores how ten major Native groups in northern Mexico and what is now the United States responded to political incorporation linguistic hegemony community reorganization religious conversion and economic integration Thomas E Sheridan writes in the new foreword commissioned for this special edition that the book is monumental in scope and magisterial in presentation Cycles of Conquest remains a seminal work deeply influencing how we have come to view the greater Southwest and its peoples **Publishers Directory** Linda S. Hubbard,1991-11 **An Ethnologic Dictionary of the Navaho Language** Franciscans, St. Michaels, Ariz,1910 This work has both history and culture of the Navaho as well as a dictionary including a section on swear words Small illustrations to show concepts culture and artifacts **Traders, Agents, and Weavers** Robert S. McPherson,2020-03-12 For travelers passing through northern Navajo country the desert landscape appears desolate The few remaining Navajo trading posts once famous for their bustling commerce seem unimpressive Yet a closer look at the economic and creative activity in this region which straddles northeastern Arizona northwestern New Mexico and southeastern Utah belies a far more interesting picture In Traders Agents and Weavers Robert S McPherson unveils the fascinating and at times surprising history of the merging of cultures and artistic innovation across this land McPherson the author of numerous books on Navajo and southwestern history narrates here the story of Navajo economic and cultural development through the testimonies of traders government agents tribal leaders and accomplished weavers For the first half of the twentieth century trading posts dominated the Navajo economy in northwestern New Mexico McPherson highlights the Two Grey Hills post and its sister posts Toadlena and Newcomb which encouraged excellence among weavers and sold high quality rugs and blankets Parallel to the success of the trading industry was the establishment of the Northern Navajo or Shiprock Agency and Boarding School The author explains the pivotal influence on the area of the agency's stern and controversial founder William T Shelton known by Navajos as Tall Leader Through cooperation with government agents American settlers and traders Navajo weavers not only succeeded financially but also developed their own artistic crafts Shunning the use of brightly dyed yarn and opting for the natural colors of sheep

s wool these weavers primarily women developed an intricate style that has few rivals Eventually economic shifts including oil drilling and livestock reduction eroded the traditional Navajo way of life and led to the collapse of the trading post system Nonetheless as McPherson emphasizes Navajo weavers have maintained their distinctive style and method of production to this day
