Navajo Land, Navajo Culture Robert S. McPherson, 2003-01-01 In *Navajo Land Navajo*

Culture Robert S McPherson presents an intimate history of the Din or Navajo people of southeastern Utah Moving beyond standard history by incorporating Native voices the author shows how the Dine s culture and economy have both persisted and changed during the twentieth century As the dominant white culture increasingly affected their worldview these Navajos adjusted to change took what they perceived as beneficial and shaped or filtered outside influences to preserve traditional values With guidance from Navajo elders McPherson describes varied experiences ranging from traditional deer hunting to livestock reduction from bartering at a trading post to acting in John Ford movies and from the coming of the automobile to the burgeoning of the tourist industry Clearly written and richly detailed this book offers new perspectives on a people who have adapted to new conditions while shaping their own destiny Traders, Agents, and Weavers Robert S. McPherson, 2020-03-12 For travelers passing through northern Navajo country the desert landscape appears desolate The few remaining Navajo trading posts once famous for their bustling commerce seem unimpressive Yet a closer look at the economic and creative activity in this region which straddles northeastern Arizona northwestern New Mexico and southeastern Utah belies a far more interesting picture In Traders Agents and Weavers Robert S McPherson unveils the fascinating and at times surprising history of the merging of cultures and artistic innovation across this land McPherson the author of numerous books on Navajo and southwestern history narrates here the story of Navajo economic and cultural development through the testimonies of traders government agents tribal leaders and accomplished weavers For the first half of the twentieth century trading posts dominated the Navajo economy in northwestern New Mexico McPherson highlights the Two Grey Hills post and its sister posts Toadlena and Newcomb which encouraged excellence among weavers and sold high quality rugs and blankets Parallel to the success of the trading industry was the establishment of the Northern Navajo or Shiprock Agency and Boarding School The author explains the pivotal influence on the area of the agency s stern and controversial founder William T Shelton known by Navajos as Tall Leader Through cooperation with government agents American settlers and traders Navajo weavers not only succeeded financially but also developed their own artistic crafts Shunning the use of brightly dyed yarn and opting for the natural colors of sheep s wool these weavers primarily women developed an intricate style that has few rivals Eventually economic shifts including oil drilling and livestock reduction eroded the traditional Navajo way of life and led to the collapse of the trading post system Nonetheless as McPherson emphasizes Navajo weavers have maintained their distinctive style and method of production to this day Navajo Arts and Crafts Robert A.
