Naval Power In The Conquest Of Mexico:

Naval Power in the Conquest of Mexico C. Harvey Gardiner, 1956 In this account of the naval aspect of Hernando Cortés's invasion of the Aztec Empire C. Harvey Gardiner has added another dimension to the drama of Spanish conquest of the New World and to Cortés himself as a military strategist The use of ships in the climactic moment of the Spanish Aztec clash which brought about the fall of Tenochtitlán and consequently of all of Mexico though discussed briefly in former English language accounts of the struggle had never before been detailed and brought into a perspective that reveals its true significance Gardiner on the basis of previously unexploited sixteenth century source materials has written a historical revision that is as colorful as it is authoritative Four centuries before the term was coined Cortés in the key years of 1520-1521 used the technique of total war He was able to do so victoriously primarily because of his courage in taking a gamble and his brilliance in tactical planning but these qualities might well have signified nothing without the fortunate presence in his forces of a master shipwright Martín López As the exciting story unrolls Cortés, López and the many other participants in the venture of creating and using a navy in the midst of the New World mountains and forests are seen as real personalities not embalmed historical stereotypes and the indigenous defenders are revealed as complex human beings facing huge odds Much of the tale is told in the actual words of the protagonists Gardiner has probed letters, court records and other contemporary documents He has also compared this naval feat of the Spaniards with other maritime events from ancient times to the present

Naval Power in the Conquest of Mexico as a book was itself the result of an interesting combination of circumstances C. Harvey Gardiner as teacher, scholar and writer had long been interested in Latin American history generally and Mexican history in particular During World War II from 1942 to 1946 he served with the U.S. Navy As he relates One day in early autumn 1945 while loafing on the bow of a naval vessel, knifing its way southward in the Pacific a few degrees north of the Equator my thoughts turned to the naval side of the just ended conflict and in time the question emerged I wonder how the little ships and the little men will fare in the eventual record Then because I was eager to return to my civilian life of pursuit of Latin American themes the concomitant question came I wonder what little fighting ships and minor men of early Latin America have been consigned to the oblivion of historical neglect As I began later to rummage my way from Columbus toward modern times I seized upon the Mexican Conquest as the prime period with pay dirt for the researcher in quest of the answer to that latter question

Conquistador Buddy Levy,2009-07-28 In this astonishing work of scholarship that reads like an edge of your seat adventure thriller acclaimed historian Buddy Levy records the last days of the Aztec empire and the two men at the center of an epic clash of cultures perhaps unequaled to this day It was a moment unique in human history the face to face meeting between two men from civilizations a world apart In 1519 Hern n Cort s arrived on the shores of Mexico determined not only to expand the Spanish empire but to convert the natives to Catholicism and carry off a fortune in gold That he saw nothing paradoxical in carrying out his intentions by virtually annihilating a proud and accomplished native people is one of the most remarkable and tragic aspects of this unforgettable story In Tenochtitl n Cort s met his Aztec counterpart Montezuma king divinity commander of the most powerful military machine in the Americas and

ruler of a city whose splendor equaled anything in Europe Yet in less than two years Cortés defeated the entire Aztec nation in one of the most astounding battles ever waged The story of a lost kingdom a relentless conqueror and a doomed warrior Conquistador is history at its most riveting **War In The Early Modern World, 1450-1815** Jeremy Black,2020-09-23

Child Martyrs and Militant Evangelization in New Spain Stephanie Schmidt,2025-04-08 Examines the many iterations of a story of child martyrdom in colonial Mexico A cornerstone of the evangelization of early New Spain was the conversion of Nahua boys especially the children of elites They were to be emissaries between Nahua society and foreign missionaries hastening the transmission of the gospel Under the tutelage of Franciscan friars the boys also learned to act with militant zeal They sermonized and smashed sacred objects Some went so far as to kill a Nahua religious leader For three boys from Tlaxcala the reprisals were just as deadly In *Child Martyrs and Militant Evangelization in New Spain* Stephanie Schmidt sheds light on a rare manuscript about Nahua child converts who were killed for acts of zealotry during the late 1520s This is the Nahuatl version of an account by an early missionary friar Toribio de Benavente Motolinía To this day Catholics venerate the slain boys as Christian martyrs who suffered for their piety Yet Franciscan accounts of the boys sacrifice were influenced by ulterior motives as the friars sought to deflect attention from their missteps in New Spain Illuminating Nahua perspectives on this story and period Schmidt leaves no doubt as to who drove this violence as she dramatically expands the knowledgebase available to students of colonial Latin America
