Navigating Cross-Cultural Ethics Eileen Morgan, 2012-09-10 Through the personal stories of managers running global business this book takes an inside look into the dilemmas of managers who are asked to make profits ethically according to the dictates of their company's ethics code. Thanks to the boost from the 1991 Sentencing Guidelines which minimizes penalties for companies with ethics codes caught in ethical wrongdoing more than 85% of US companies and two thirds of all Canadian companies and half of all European companies now have Codes of Ethics. Yet over and over we hear of stories of personal dilemmas and conflicts experienced by individual managers navigating those business waters in other cultures.
