The Cube Master Sarah Gerdes, 2020-04-07. Readers who know Gerdes mainly as an excellent women's fiction author will be pleasantly surprised to find she is equally remarkable when it comes to blending the thrills and chills of a thriller with biotechnology and cyber suspense. The standard techno thriller components—a secret government conspiracy, evil masterminds—are part of the plot, but Gerdes's balanced writing, which is an impressive blend of credible action and emotional depth, lifts the techno thriller elements well above the average thriller norm. Complicated technical terms and cyber space detail are plenty, but Gerdes's skillful use of accessible language while explaining complexities keeps the flow of the narrative smooth. Flawlessly blending high tension with accessible technology, Gerdes has created another winner. YA as well as mature readers of techno thrillers will be rewarded. The Prairie Book Review, Apr 7 2020.
