**Floodgates** David R. Parsons, 2018-03-06 Where Are We on the Prophetic Timetable When Jesus s disciples asked for His views on the end times He pointed to the days of Noah as the key to unlock the timing of the coming of the Son of Man But what exactly did He mean by that *Floodgates* unravels precisely what happened in the Flood of Noah and explains why this important biblical event is so analogous to our day By tracking humanity s moral slide during Noah s generation we roll back the curtain on our own times in remarkable ways We also discover a clear biblical paradigm for determining where we are on the prophetic timetable based on the actual teachings of Jesus and the apostles After reading *Floodgates* you will know if the countdown to final judgment has already begun Reflecting careful research and keen biblical insights *Floodgates* reveals God s righteous dealings with humanity and the fate that soon awaits those now in open rebellion against Him Author David Parsons lays the axe to the root of this moral rebellion found in the collapsing claims of Darwinian evolution He also identifies God s end game His specific strategy for how He wants to bring this present age to a close As we draw nearer to that day Jesus calls every believer to be salt and light

in the world warning people of the coming judgment and showing the way to eternal life in Him This book is a powerful reminder that everyone has a choice to make concerning their ultimate destiny and time is growing short **The Reactionary Mind** Corey Robin,2018 Now updated to include Trump s election and the rise of global populism Corey Robin s **The Reactionary Mind** traces conservatism back to its roots in the reaction against the French Revolution **Forgotten Trials of the Holocaust** Michael J Bazyler, Frank M Tuerkheimer,2014-10-10 Legal scholars shed light on the enormous impact of the Holocaust through analysis of ten important yet underreported Nazi trials In the wake of the Second World War the Allies faced the dilemma of how to respond to the unimaginable crime of the Holocaust Even in an ideal world it would have been impossible to bring all the perpetrators to trial Nevertheless an attempt was made to prosecute some This book uncovers ten forgotten trials of the Holocaust selected from the many Nazi trials that have taken place over the decades It showcases how perpetrators of the Holocaust were dealt with in courtrooms around the world revealing the different strategies of trial lawyers and the concerns and decision of various judges **Forgotten Trials of the Holocaust** provides a graphic picture of the genocidal campaign against the Jews through eyewitness testimony and incriminating documents It then traces how these trials factored into or were omitted from the formation of our public memory concerning the Holocaust

Italy's Jews from Emancipation to Fascism Shira Klein,2018-01-18 How did Italy treat Jews during World War II Historians have shown beyond doubt that many Italians were complicit in the Holocaust yet Italy is still known as the Axis state that helped Jews Shira Klein uncovers how Italian Jews though victims of Italian persecution promoted the view that Fascist Italy was categorically good to them She shows how the Jews experience in the decades before World War II during which they became fervent Italian patriots while maintaining their distinctive Jewish culture led them later to bolster the myth of Italy s wartime innocence in the Fascist racial campaign Italy s Jews experienced a century of dramatic changes from emancipation in 1848 to the 1938 Racial Laws wartime refuge in America and Palestine and the rehabilitation of Holocaust survivors This cultural and social history draws on a wealth of unexplored sources including original interviews and unpublished memoirs **Ideology and Mass Killing** Jonathan Leader Maynard,2022-05-26 In research on mass killings such as genocides and campaigns of state terror the role of ideology is hotly debated For some scholars ideologies are crucial in providing the extremist goals and hatreds that motivate ideologically committed people to kill But many other scholars are sceptical contending that perpetrators of mass killing rarely seem ideologically committed and that rational self interest or powerful forms of social pressure are more important drivers of violence than ideology In **Ideology and Mass Killing** Jonathan Leader Maynard challenges both these prevailing views advancing an alternative neo ideological perspective which systematically retheorises the key ideological foundations of large scale violence against civilians Integrating cutting edge research from multiple disciplines including political science political psychology history and sociology **Ideology and Mass Killing** demonstrates that ideological justifications vitally shape such violence in ways that go beyond deep ideological

commitment Most disturbingly of all the key ideological foundations of mass killings are found to lie not in extraordinary political goals or hatreds but in radicalised versions of those conventional widely accepted ideas that underpin the politics of security in ordinary societies across the world This study then substantiates this account by a detailed examination of four contrasting cases of mass killing Stalinist Repression in the Soviet Union between 1930 and 1938 the Allied Bombing Campaign against Germany and Japan in World War II from 1940 to 1945 mass atrocities in the Guatemalan Civil War between 1978 and 1983 and the Rwandan Genocide in 1994 This represents the first volume to offer a dedicated comparative theory of ideology s role in mass killing while also developing a powerful new account of how ideology affects violence and politics more generally

**The Good Assassin** Stephan Talty,2020-04-15 The thrilling true story of an Israel spy s epic journey to bring the notorious Butcher of Latvia to justice A page turner to rival anything by John le Carre this real life tale of espionage will leave readers on the edge of their seats

*The Artwork of Gerhard Richter* Darryn Ansted,2017-07-05 By uniquely treating Gerhard Richter s entire oeuvre as a single subject Darryn Ansted combines research into Richter s first art career as a socialist realist with study of his subsequent decisions as a significant contemporary artist Analysis of Richter s East German murals early work lesser known paintings and destroyed and unfinished pieces buttress this major re evaluation of Richter s other well known but little understood paintings By placing the reader in the artist s studio and examining not only the paintings but the fraught and surprising decisions behind their production Richter s methodology is deftly revealed here as one of profound yet troubled reflection on the shifting identity culture and ideology of his period This rethinking of Richter s oeuvre is informed by salient analyses of influential theorists ranging from Theodor Adorno to Slavoj i ek as throughout meticulous visual analysis of Richter s changing aesthetic strategies shows how he persistently attempts to retrace the border between an objective reality structured by ideology and his subjective experience as a contemporary painter in the studio Its innovative combination of historical accuracy philosophical depth and astute visual analysis will make this an indispensable guide for both new audiences and established scholars of Richter s painting
