Shakespeare's Shadow Michael Blanding,2021-03-30 The true story of a self taught sleuth s quest to prove his eye opening theory about the source of the world s most famous plays taking readers inside the vibrant era of Elizabethan England as well as the contemporary scene of Shakespeare scholars and obsessives What if Shakespeare wrote Shakespeare but someone else wrote him first Acclaimed author of The Map Thief Michael Blanding presents the twinning narratives of renegade scholar Dennis McCarthy and Elizabethan courtier Sir Thomas North Unlike those who believe someone else secretly wrote Shakespeare McCarthy argues that Shakespeare wrote the plays but he adapted them from source plays written by North decades before In Shakespeare s Shadow alternates between the enigmatic life of North the intrigues of the Tudor court the rivalries of English Renaissance theater and academic outsider McCarthy s attempts to air his provocative ideas in the clubby

world of Shakespearean scholarship Through it all Blanding employs his keen journalistic eye to craft a captivating drama upending our understanding of the beloved playwright and his singular genius Winner of the 2021 International Book Award in Narrative Non Fiction *The Publishers' Trade List Annual* ,1977 *The Oxford Shakespeare: The Merchant of Venice* William Shakespeare,2008-04-17 The story of Antonio the merchant of Venice who borrows money from Jewish moneylender Shylock and the disguised Portia Antonio s love who defends Antonio in court when Shylock demands his pound of flesh for failure to repay the loan with interest **The Indian Territory Journals of Colonel Richard Irving Dodge** Richard Irving Dodge,2000 In these journals Colonel Richard Irving Dodge a well known chronicler of western history and an authority on Plains Indians provides an important account of conditions in Indian Territory from 1878 to 1880 a period of rapid transition The Cheyenne Arapaho reservation in present day western Oklahoma was the center of Dodge s activity His writings offer a firsthand record of the 1878 retreat of the Northern Cheyenne the conditions endured by Indians who remained on the reservation and the jurisdictional conflicts between Army personnel and representatives of the Office of Indian Affairs These journals also provide insight into Dodge s character with reports of his official duties as a military man and of several landmark events in his family life Extensive commentaries and notes by Wayne R Kime provide further detail including a history of Cantonment North Fork Canadian River a six company post Dodge established and commanded in the region 'What May Words Say . . . ?' Inge Leimberg,2011-02-24 What May Words Say A Reading of The Merchant of Venice contains in a form resembling a running commentary a comprehensive and in many respects unconventional interpretation of The Merchant of Venice The play s development of ideas is unfolded in a literary analysis that focuses on the poet s words in their philological historical and philosophical contexts What the words say is that the play is dominated by the three Delphic maxims Know thyself Nothing too much and Give surety and harm is at hand Within the intellectual and ethical compass of these tenets the two stranded action of the play is developed and the question why Shakespeare added the story of the caskets to the story of the bond is answered by the words law and choice which are as closely connected semantically as the two stories are interrelated in the dramatic structure The self knowledge achieved in the musical cadence of the play is everyone s seeing God s image in the other person and the law finally chosen is forgiveness *The Arden Edition of the Works of William Shakespeare* William Shakespeare,1955 **Seventh Regiment Gazette** ,1905 *Haileybury Register* Haileybury and Imperial Service College,1910 **Journal of the Department of English** ,1982 *The First Quarto of King Lear* William Shakespeare,1994 This edition of Shakespeare s King Lear is based on the first 1608 quarto and represents a significantly different version from that published in the folio of 1623 which forms the basis of the standard New Cambridge Shakespeare edition Each has numerous unique passages and hundreds of variant readings creating differences that affect the structure characterization and overall impact of the play This volume contains a substantial introduction the text of the first quarto a collation of variant readings and an appendix of passages unique to the Folio **Dictionary**
