## **Nealschuman Electronic Classroom Handbook:**

**Neal-Schuman Electronic Classroom Handbook** Lisa Janicke Hinchliffe, 2001 The Neal Schuman Electronic Classroom Handbook was written for librarians or other professionals who are designing managing or teaching in an electronic classroom Although my perspective is that of an academic librarian the Handbook should also interest public and school librarians offering instruction programs and corporate librarians with training programs as well as administrators classroom designers computing staffs and activities planners Electronic classrooms are increasingly moving from being a luxury to becoming a necessity

**The Librarian's Facility Management Handbook** Carmine J. Trotta, Marcia Trotta, 2001 New technology and aging buildings are making library facility management more complex and difficult than ever before Many librarians have inherited buildings that not only need to be retrofitted for today s technology but also require repair and replacement of basic systems The handbook was written by a Director and a professional facilities manager to provide the practical advice techniques and solutions library managers need to ensure that their facilities can function for their intended purposes Chapters cover planning and evaluating security and safety lighting climate control parking access costs and finances preventive maintenance and repairs record keeping contracts bidding specifications and much more An extensive glossary of terms provides the language needed to communicate with facilities staff and contractors

**Reference and Information Services** Richard E. Bopp, Linda C. Smith, 2011-05-23 Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years this new fourth edition of Reference and Information Services takes the introduction to reference sources and services significantly beyond the content of the first three editions In Part I Concepts and Processes chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web In Part II Information Sources and Their Use discussion of each source type has been updated to encompass key resources in print and on the Web where an increasing number of freely available sources join those purchased or licensed by libraries A number of new authors are contributors to this new edition bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries Discussions of services in Part I integrate digital reference as appropriate to each topic such as how to conduct a reference interview online using instant messaging Boxes interspersed in the text are used to present scenarios for discussion to highlight key concepts or to present excerpts from important documents Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources Each chapter concludes with an updated list of additional readings to guide further study A new companion website will provide links to Web accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text
