Nineteenth Century Literary Perspectives ; Essays in Honour of Lionel Stevenson Ed. by Clyde de L. Ryals

Lionel Stevenson,1974 *Nineteenth Century Prose* ,2005 **Alfred Tennyson** Laurence W. Mazzeno,2004 The poet s reputation has weathered even the most vitriolic attempts to discredit both the man and his writings and as criticism of the late twentieth century demonstrates Tennyson s claim to pre eminence among the Victorians is now unchallenged **Byron** Peter Vassallo,1984-06-07 The Case of the Initial Letter Gavin Edwards,2020-07-21 The book analyses attempts by Dickens and other nineteenth century writers to challenge established ways of using the distinction between upper and lower case letters in the interests of a wider radicalism It discusses Dickens s satire on Shares in Our Mutual Friend on Paul Dombey s position as the Son of Dombey and Son alongside the proto modernist typography of suffragist poet Augusta Webster and the work of Marx s translators transforming German conventions of capitalisation into English under the influence of Dickens and Carlyle Placing these innovations within the history of the dual alphabet from its invention by Carolingian scribes to its rejection by modernist poets and the Bauhaus printers the book tracks the dual alphabet through Dickens s manuscripts corrected proofs and the prompt copies for his public Readings highlighting distinct ways in which writing printing and speech produce meaning **The Pleasures of Memory** Sarah Winter,2015-08-03 How did this nineteenth century novelist change the way we think A fine contribution to the sociology of literature Highly recommended Choice What are the sources of the commonly held presumption that reading literature should make people more just humane and sophisticated Looking at literary history in relation to the cultural histories of reading publishing and education The Pleasures of Memory illuminates the ways in which Dickens s serial fiction shaped not only the popular practice of reading for pleasure and instruction but also the school subject we now know as English Sarah Winter shows how Dickens s serial fiction instigated specific reading practices by reworking the conventions of religious didactic tracts from which most Victorians learned to read Incorporating an influential associationist psychology of learning founded on the cumulative functioning of memory Dickens s serial novels consistently led readers to reflect on their reading as a form of shared experience Dickens s celebrity authorship Winter argues represented both a successful marketing program for popular fiction and a cultural politics addressed to a politically unaffiliated social activist Victorian readership As late nineteenth century educational reforms consolidated British and American readers into mass populations served by state school systems Dickens s beloved novels came to embody the socially inclusive and humanizing goals of democratic education

Pre-Raphaelitism and Medievalism in the Arts Liana Cheney,1992 This volume presents an interdisciplinary view of the interpretation of Pre Raphaelite art and literature The current intensifying interest in the relationship between the visual arts

and narrative and their critical interpretation justifies a look at the earliest use of such orientation in the works of the Pre Raphaelite Brotherhood and its followers Particularly in the work of Rossetti Hunt Millais and Burne Jones one can see at work the Pre Raphaelist invention of a personal symbolic language The same holds true for their literary counterparts particularly Tennyson Francis Thompson and Swinburne The contributors essays cover the various methodologies of art history and literature as well as artistic and literary criticisms The main focus is the assimilation of the medieval tradition as well as the interpretation of it With many illustrations

Elizabeth Gaskell Sandro Jung,2010 Assembles fourteen original essays on Gaskell the Victorian novelist of social problem fiction *Perspectives* Jalal Uddin Khan,2015-02-05 *Perspectives*

Romantic Victorian and Modern Literature is an up to date explication of various popular and classic subjects and authors arranged chronologically The book composed of thirteen essays examines Blake Coleridge Byron Shelley Keats Victorian medievalism the Victorian reaction to British India Ben Jonsonian elements in Yeats Yeats and Maud Gonne the treatment of the Irish civil war and Irish nationalism in Yeats and the treatment of the Spanish civil war in the selected works of modern fiction and nonfiction Marked by an originality of approach and a freshness and simplicity the book takes note of contemporary theoretical interdisciplinary and cultural discourse drawn from literature history politics and religion as necessary However it is far from being unnecessarily outweighed by the loaded clichés oft repeated jargon and overused euphemisms of modern literary or critical theory The result is regardless of its specialized treatment of otherwise commonplace or well known texts or topics that the overall discussion is as lucid introductory and expository as it is deep and scholarly making the book easily accessible and understandable to non specialist readers in addition to specialist researchers and academics

The World of Mr Casaubon Colin Kidd,2016-10-31 The World of Mr Casaubon takes as its point of departure a fictional character Mr Casaubon in George Eliot's classic novel Middlemarch The author of an unfinished Key to All Mythologies Casaubon has become an icon of obscurantism irrelevance and futility Crossing conventional disciplinary boundaries Colin Kidd excavates Casaubon's hinterland and illuminates the fierce ideological war which raged over the use of pagan myths to defend Christianity from the existential threat posed by radical Enlightenment criticism Notwithstanding Eliot's portrayal of Casaubon Anglican mythographers were far from unworldly and actively rebutted the radical freethinking associated with the Enlightenment and French Revolution Orientalism was a major theatre in this ideological conflict and mythography also played an indirect but influential role in framing the new science of anthropology The World of Mr Casaubon is rich in interdisciplinary twists and ironies and paints a vivid picture of the intellectual world of eighteenth and nineteenth century Britain

The Correspondence of Dante Gabriel Rossetti Dante Gabriel Rossetti,2002

The Gothic's Gothic (Routledge Revivals) Benjamin Franklin Fisher IV,2016-05-05 First published in 1988 this book aims to provide keys to the study of Gothicism in British and American literature It gathers together much material that had not been cited in previous works of this kind and secondary works relevant to literary Gothicism biographies memoirs and graphic arts Part

one cites items pertaining to significant authors of Gothic works and part two consists of subject headings offering information about broad topics that evolve from or that have been linked with Gothicism Three indexes are also provided to expedite searches for the contents of the entries This book will be of interest to students of literature **Browning's Later Poetry, 1871-1889** Clyde de L. Ryals, 2019-06-30 Maintaining that Browning's later work has been underestimated Professor Ryals gives close sophisticated readings of the individual poems covering each of the published volumes from Balaustion's Adventure through Asolando He emphasizes the overall structure of a poem and the manner in which themes and ideas are presented The later Browning is portrayed as a poet intent upon discovering forms that would give shape and meaning to thought and experience Medical Progress and Social Reality Lilian R. Furst, 2012-02-01 Medical Progress and Social Reality is an anthology of nineteenth century literature on medicine and medical practice Situated at the interdisciplinary juncture of medicine history and literature it includes mostly fictional but also some nonfictional works by British French American and Russian writers that describe the day to day social realities of medicine during a period of momentous change Issues addressed in these works include the hierarchy in the profession the use of new instruments such as the stethoscope the advent of women doctors the function of the hospital and the shifting balance of power between physicians and patients The volume provides an introductory overview of the most important aspects of medical progress in the nineteenth century and it includes an annotated bibliography of further readings in medical history and literature Selections from Anthony Trollope George Eliot Gustave Flaubert Sarah Orne Jewett Sinclair Lewis Mikhail Bulgakov and others are included as well as the American Medical Association's 1847 Code of Ethics **The Arnoldian**, 1980 **George Eliot's Dialogue with John Milton** Anna K. Nardo, 2003 In George Eliot's Dialogue with John Milton Anna K Nardo details how Eliot reimagined Milton's life and art to write epic novels for an age of unbelief Nardo demonstrates that Eliot directly engaged Milton's poetry prose and the well known legends of his life transposing reframing regendering and thus testing both the stories told about Milton and the stories Milton told **BOOK JACKET** Climate Change, Interrupted Barbara Leckie, 2022-11-01 In this moment of climate precarity Victorian studies scholar Barbara Leckie considers the climate crisis as a problem of time Spanning the long nineteenth century through our current moment her interdisciplinary treatment of climate change at once rethinks time and illustrates that the time for climate action is now Climate Change Interrupted argues that linear progress inflected temporalities are not adequate to a crisis that defies their terms Instead this book advances a theory and practice of interruption to rethink prevailing temporal frameworks At the same time it models the anachronistic time blending and time layering temporality it advances In a series of experimental chapters informed by the unlikely trio of Walter Benjamin Donna Haraway and Virginia Woolf Leckie reinfects and cowrites the traditions and knowledges of the long nineteenth century and the current period in the spirit of climate action collaboration The current moment demands as many approaches as possible invites us to take risks and asks scholars and activists adept at storytelling

to participate in the conversation Climate Change Interrupted accordingly invests in interruption to tell a different story of the climate crisis
