One Woman's Heart:

One Woman's Heart/Life Susann Capone, 2005-11-01 Life is the second book in the new One Woman's Heart series. They say life is what you make it. Maybe or does life make us? Have you ever asked yourself Why? Why does life throw us such curves? No matter how hard we seem to try, no matter what we do, we just can't seem to see our way clear or break free. All of us in this life will have choices and decisions to make, and it's within those short few moments of decision that set the course for our life to follow. Is there a way to escape our wrong choices? History has a tendency to repeat itself. Do we have too many attitudes? Choices? Today's Christian Poetry: Inspirational and Encouraging for both Men and Women. The Woman's Heart John A. Elefteriades, 2010-08-27 If you ask the average American what the leading cause of mortality in women is, most would probably guess breast cancer. In fact, heart disease is the #1 killer of women, and more women die each year from heart disease than men. Moreover, the symptoms of heart problems in women are very different from those in men, making detection more difficult. In this invaluable and engaging guide to the woman's heart, two leading heart specialists focus on the unique factors affecting women's cardiovascular health. Writing in language that is completely accessible to the general reader, they provide crucial, potentially life-saving information and guidance to help women monitor their own heart health. Among the topics discussed in clear, easy-to-follow language are: In what ways is a woman's heart different from a man's? How do pregnancy and childbirth affect the heart and circulation? What are the symptoms of heart disease in women? What are the most prevalent diseases of the heart among women, including mitral valve prolapse, and how dangerous are they really? What cardiac tests should women be taking? When are medications enough, and when is surgery necessary? How is the heart affected by menopause and aging? What are the future prospects for improving heart health and treatment for women? For both healthy women and those already coping with heart disease, this comprehensive owner's manual on the female heart provides essential information for living life to its fullest. John A. Elefteriades, MD, New Haven, CT, is the William W. L. Glenn Professor of Cardiothoracic Surgery, chief of cardiothoracic surgery, and professor of surgery at Yale University School of Medicine and Yale New Haven Hospital. He is a past president of the International College of Angiology and serves on the editorial board of the American Journal of Cardiology, the Journal of Cardiac Surgery, and Cardiology. The winner of the prestigious Socrates Award for the teaching of cardiac surgery, he is the author, with Lawrence S. Cohen, MD, of *Your Heart: An Owner's Guide* and *House Officer Guide to ICU Care*. Teresa Caulin Glaser, MD, FACC, Columbus, OH, is Director of Preventive Cardiology and Research at the McConnell Heart Health Center, Riverside Methodist Hospital, OhioHealth, and a clinical associate professor of Internal Medicine at Ohio State University. She is the coauthor of four medical textbooks and numerous journal articles.
