James William Morley

Pacific War World War II The Japanese 1931 1945:

The Pacific War, 1931-1945 Saburo Ienaga, 2010-06-16 A portrayal of how and why Japan waged war from 1931 1945 and what life was like for the Japanese people in a society engaged in total war The Pacific War, 1931-1945 Saburō Ienaga, 1978 **Japan's Last War** Saburō Ienaga, 1979 *The Pacific War* Saburō Ienaga, 1978 The Pacific War (Taiheiyō sensō, engl.) World War II and the Japanese, 1931-1945 Saburō Ienaga, 1978 *The Pacific War, 1931-1945* Saburo Ienaga, 1978 Imperial Japan's World War Two: 1931-1945 Werner Gruhl, 2011-12-31 Gruhl's narrative makes clear why Japan's World War II aggression still touches deep emotions with East Asians and Western ex-prisoners of war and why there is justifiable sensitivity to the way modern Japan has dealt with this legacy Knowledge of the enormity of Japan's total war is also necessary to assess the United States and her allies' policies toward Japan and their reactions to its actions extending from Manchuria in 1931 to Hiroshima in 1945 Gruhl takes the view that World War II started in 1931 when Japan crowded and poor in raw materials but with a sense of military invincibility saw empire as her salvation and invaded China Japan's imperial regime had volatile ambitions but limited resources thus encouraging them to unleash a particularly brutal offensive against the peoples of Asia and surrounding ocean islands Their 1931 to 1945 invasions and policies further added to Asia's pre-war woes particularly in China by badly disrupting marginal economies leading to famines and epidemics Altogether the victims of Japan's World War Two aggression took many forms and were massive in number Gruhl offers a survey and synthesis of the historical literature and documentation statistical data as well as personal interviews and first hand accounts to provide a comprehensive overview analysis The sequence of diplomatic and military events leading to Pearl Harbor as well as those leading to the U.S. decision to drop the atom bomb are explored here as well as Japan's war crimes and postwar revisionist/apologist views regarding them This book will be of intense interest to Asian specialists and those concerned with human rights issues in a historical context **Japanese History & Culture from Ancient to Modern Times** John W. Dower, 1986 **Historical Dictionary of World War II** Anne Sharp Wells, 2023-12-15 World War II was the largest and most costly conflict in history the first true global war Fought on land on sea and in the air it involved numerous countries and killed maimed or displaced millions of people both civilian and military around the world In spite of the alliances that bound many of the same participants the war was essentially two separate but simultaneous conflicts one involved Japan as the major antagonist and took place mostly in Asia and the Pacific and the other initiated by Germany and Italy was contested mainly in Europe North Africa the Mediterranean and the Atlantic This book focuses on the lesser known war the war with Japan It begins with Japan's seizure of Manchuria from China in 1931 and covers Japan's ambitious attacks on Pearl Harbor and other territories ten years later the use of atomic bombs on Japan's cities and the end of the Allied occupation of Japan in 1952 Although Japan renounced war in its 1947 constitution conflict continued across Asia as former colonies fought for independence and civil war engulfed other areas Historical Dictionary of World War II The War Against

Japan Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on the military diplomatic political social economic and scientific aspects of the war in addition to the lives of the people who participated in and directed the war This book is an excellent resource for students researchers and anyone wanting to know more about the war against Japan during World War II World War II: The Pacific David Horner,2010-01-15 Examines the action in the Pacific theater of World War II focusing on the confrontation between the United States and Japan **Japan's Road to the Pacific War** James William Morley,1995-01-05 Japan s Road to the Pacific War World War II in the Pacific Stanley Sandler,2003-12-16 Stanley Sandler one of America s most respected and best known military historians has brought together over 300 entries by some 200 specialists in the field to create the first encyclopedia specifically devoted to the Pacific Theatre of World War II Extending far beyond battles and hardware the coverage ranges from high policy making grand strategy and the significant persons and battles of the conflict to the organization of the Allied and Japanese divisions aircraft armor artillery psychological warfare warships and the home fronts covering the interactions of each topic along the way **American Amphibious Gunboats in World War II** Robin L. Rielly,2013-05-13 As the United States began its campaign against numerous Japanese held islands in the Pacific Japanese tactics required them to develop new weapons and strategies One of the most crucial to the island assaults was a new group of amphibious gunboats that could deliver heavy fire close in to shore as American forces landed These gunboats were also to prove important in the interdiction of inter island barge traffic and late in the war the kamikaze threat Several variations of these gunboats were developed based on the troop carrying LCI L They included three conversions of the LCI L with various combinations of guns rockets and mortars and a fourth gunboat the LCS L based on the same hull but designed as a weapons platform from the beginning By the end of the war the amphibious gunboats had proven their worth *Japanese Military Strategy in the Pacific War* James B Wood,2023-06-14 In this provocative history James B Wood challenges the received wisdom that Japan s defeat in the Pacific was historically inevitable He argues instead that it was only when the Japanese military prematurely abandoned its original sound strategic plan to secure the resources Japan needed and establish a viable defensible perimeter for the Empire that the Allies were able to regain the initiative and lock Japanese forces into a war of attrition they were not prepared to fight The book persuasively shows how the Japanese army and navy had both the opportunity and the capability to have fought a different and more successful war in the Pacific that could have influenced the course and outcome of World War II It is therefore a study both of Japanese defeat and of what was needed to achieve a potential Japanese victory or at the very least to avoid total ruin Wood s argument does not depend on signal individual historical events or dramatic accidents Instead it examines how familiar events could have b *Defamiliarizing Japan's Asia-Pacific War* W. Puck Brecher,Michael W. Myers,2019-10-31 This wide ranging collection seeks to reassess conventional understanding of Japan s Asia Pacific War by defamiliarizing and expanding the rhetorical narrative Its nine chapters diverse

in theme and method are united in their goal to recover a measured historicity about the conflict by either introducing new areas of knowledge or reinterpreting existing ones Collectively they cast doubt on the war as familiar and recognizable compelling readers to view it with fresh eyes Following an introduction that problematizes timeworn narratives about a unified Japan and its illegal war or race war early chapters on the destruction of Japan's diplomatic records and government interest in an egalitarian health care policy before during and after the war oblige us to question selective histories and moral judgments about wartime Japan The discussion then turns to artistic cultural production and self determination specifically to Osaka rakugo performers who used comedy to contend with state oppression and to the role of women in creating care packages for soldiers abroad Other chapters cast doubt on well trod stereotypes Japan's lack of pragmatism in its diplomatic relations with neutral nations and its irrational and fatalistic military leadership and examine resistance to the war by a prominent Japanese Christian intellectual The volume concludes with two nuanced responses to race in wartime Japan one maintaining the importance of racial categories while recognizing the performance of Japaneseness the other observing that communities often reflected official government policies through nationality rather than race Contrasting findings like these underscore the need to ask new questions and fill old gaps in our understanding of a historical event that after more than seventy years remains as provocative and divisive as ever Defamiliarizing Japan's Asia Pacific War will find a ready audience among World War II historians as well as specialists in war and society social history and the growing fields of material culture and civic history

The Oxford Illustrated History of World War II R. J. Overy, 2015 World War Two re assessed for a new generation from the 1930s through to the beginnings of the Cold War A stimulating and thought provoking new interpretation of one of the most terrible episodes in world history

The Asia Pacific War Yasuko Claremont, 2023-07-31 This book examines key aspects of the Asia Pacific War 1931-1945 that was initially waged between Japan and China before Japan's attack on Pearl Harbor drew in the U S led allied forces from 1941 to 1945 Part I of the book examines three interlocking components the origins of the war its impact on combatants and civilians and its short term legacy including the huge changes that took place in the postwar governance of Japan Part II explores the ongoing impact and legacy of the war for those in postwar Japan and later generations particularly through the examination of the ambiguity of state led reconciliation with Japan's neighbors the growth of dynamic civil reconciliation efforts and the prominent role of the arts in peace movements Through a people centered approach it filters historical events through the lens of the war's impact on individuals who found themselves players within a larger frame of the social history of Japan and caught up in the international power dynamics of the nuclear age Featuring studies of contemporary peace activism this will be a valuable resource to students and scholars of Modern Asian and U S History as well as those interested in postwar memory and reconciliation

Military Effectiveness Allan R. Millett, Williamson Murray, 2010-09-06 Examines questions raised by the performance of the military institutions of France Germany Russia the US Great Britain Japan and Italy between 1914 and

1945 United States and Asia at War: A Cultural Approach Philip West, Steven I. Levine, Jackie Hiltz, 2015-06-03 This text examines the Pacific War the Korean War and the Vietnam War from the perspective of those who fought the wars and lived through them The relationship between history and memory informs the book and each war is relocated in the historical and cultural experiences of Asian countries **Bridging the Atomic Divide** Harry J. Wray, Seishiro Sugihara, 2018-11-29 Harry Wray and Seishiro Sugihara transcend the one sided Tokyo Trial view of the war in an effort to conduct a balanced exchange on historical perception This will be of interest equally to both those inside and outside Japan who are perplexed by Japan s victimization consciousness Through this impassioned and heartfelt dialogue Wray challenges theories embraced by some Japanese who believe that the US simply used the atomic bombings to make the Soviet Union manageable in the Cold War as alleged by the Hiroshima Peace Museum and in Japanese school history textbooks They ask why it is the Japanese people don t recognize how the atomic bombings not only spared the further sacrifice of American and Japanese lives by accelerating the end of the war but also prevented a wide scale Soviet invasion of the Japanese mainland had the war continued into the latter half of 1945 While early censorship of writings about Hiroshima and Nagasaki both outright and self imposed continued through the Occupation Sugihara proposes that long after the Americans had packed up and gone home the Foreign Ministry established and nurtured a postwar paradigm which rendered open and critical discussion of war related issues such as Pearl Harbor and the atomic bombings impossible for the Japanese public It is no wonder then that Japanese attitudes towards the atomic bombings remain mired in victimization myths Uniquely Wray and Sugihara attempt to persuade the Japanese to reexamine their attitudes to Hiroshima and Nagasaki to show that the atomic bombings perversely brought a swift end to the war and helped Japan escape the act of partition which afflicted postwar Germany and remains an intractable problem in a divided Korea

Reviewing **Pacific War World War Ii The Japanese 1931 1945**: Unlocking the Spellbinding Force of Linguistics
