Pacific Electric Railway:

Pacific Electric Railway Steve Crise, Michael A. Patris, 2011 The Pacific Electric Railway originally provided reliable transportation across more than 1 000 miles of track Postwar society's affair with the automobile led to the loss of an infrastructure that could have formed the basis for an enviable modern light rail system one that current society would be happy to utilize Authors Steve Crise and Michael Patris look back at the railway and its landscape today Both serve on the board of the Pacific Electric Railway Historical Society from whose archives most of these images are taken **Pacific Electric Red Cars** Jim Walker, 2006 Of the rail lines created at the turn of the 20th century in order to build interurban links through Southern California communities around metropolitan Los Angeles the Pacific Electric grew to be the most prominent of all The Pacific Electric Railway is synonymous with Henry Edwards Huntington the capitalist with many decades of railroad experience who formed the P E and expanded it as principal owner for nearly its first decade Huntington sold his PE holdings to the giant Southern Pacific Railroad in 1910 and the following year the SP absorbed nearly every electric line in the fourcounty area around Los Angeles in the Great Merger into a new Pacific Electric Founded in 1901 and terminated in 1965 Pacific Electric was known as the World's Great Interurban **Pacific Electric Railway Corporate History**, 1914 The history of the Pacific Electric Railway Company includes the history of all of the predecessor and constituent companies comprising the consolidated corporation and shows that the system of railway lines owned is the result of the evolution of city suburban and inter urban railway transportation in Southern California It includes the period from 1885 to the present date Preface [Pacific Electric Railway](#) Donald Duke, 2004-12-01 Los Angeles railroad and history buffs will love this fourth volume in a series of books that feature the routes and operating divisions of the interurban Pacific Electric Railway The Western Division was formed from a mixed bag of long interurban lines and many short local lines by the Great Meger of 1911 It served passengers and freight shipments throughout the western section of Lose Angeles County including Los Angeles and Hollywood to the San Fernando Valley and the beach cities As with the other books in this series it is filled with wonderful historical photographs and accompanied by a well written documented history of the development and history of the various lines **This is Pacific Electric** Pacific Electric Railway Company, 1944 *Pacific Electric Railway and the Growth of the San Fernando Valley* David Coscia, 2011 *Report on Financial, Operating and Service Conditions of Pacific Electric Railway Company*, 1921 **Pacific Electric Railway Time Table** Pacific Electric Railway Company, 1934 *Pacific Electric Railway*, 1958 *Report on Financial, Operating and Service Conditions of the Pacific Electric Railway Company* J.
