**Pacific Rim** David Aikman, 1986-01-01 Looks at the rapid economic growth of the Pacific nations discusses the changes taking place in Korea China the Philippines Vietnam and Thailand and speculates on the future of the region *The Pacific Rim Region* Chuck Dangler, 1993 *China's Developmental Miracle* Alvin Y. So, 2016-07-08 In contrast to the failure to economic reforms in Eastern Europe China's economic reforms have been quite successful Decollectivization marketization state enterprise reforms and reintegration into the world economy have led to very rapid economic development in China over the past two decades These economic reforms in turn triggered profound social and political changes This collection examines the origins nature and impact as well as the future prospects of these reforms and changes The contributors are all active researchers from a variety of disciplines including economics sociology political science and geography **What Is In A Rim?** Arif Dirlik, 2021-11-28 In this volume scholars question the current euphoria over the rapid growth of the Pacific rim as an economic region and as a political ideal They suggest that much of the discourse on the region is highly ideological focusing on its potential for capitalist development while ignoring the limitations of such development its human costs and consequences This critique of the idea of a Pacific rim also seeks to redress the balance by focusing on the region in terms of human interactions **The Industrial Revolution in World History** Peter N Stearns, 2018-04-17 The industrial revolution was the single most important development in human history over the past three centuries and it continues to shape the contemporary world With new methods and organizations for producing goods industrialization altered where people live how they play and even how they define political issues By exploring the ways the industrial revolution reshaped world history this book offers a unique look into the international factors that started the industrial revolution and its global spread and impact In the fourth edition noted historian Peter N Stearns continues his global analysis of the industrial revolution with new discussions of industrialization outside of the West including the study of India the Middle East and China In addition an expanded conclusion contains an examination of the changing contexts of industrialization The Industrial Revolution in World History is essential for students of world history and economics as well as for those seeking to know more about the global implications of what is arguably the defining socioeconomic event of modern times Empire and Revolution Peter L. Hahn, Mary Ann Heiss, 2001 The ten essays in this volume represent state of the art surveys of ten singular episodes in U S interaction with the Third World since 1945 Each author seeks to present a unique approach to a specific topic within U S Third World relations The essays cover the globe and include studies of the Middle East Latin America Africa and Asia They make use of a variety of source material and employ a wide range of analytical devices such as the national security paradigm the idea of economic development and culture The essays present a multihued portrait of the different ways policy makers in the United States dealt with Third World problems The essays make clear the multitude of considerations that affected policy making the many different actors both official and nonofficial who came to influence the policy making

process and the possibilities for future research into U S relations with the nations of the Third World They are designed not only to present the current state of the literature but also to suggest some avenues for future research     The Battle for Asia Mark T. Berger,2004-03 This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia s development     Geographies of Development Robert Potter,Tony Binns,Jennifer A. Elliott,Etienne Nel,David W. Smith,2017-12-14 Now in its fourth edition Geographies of Development An Introduction to Development Studies remains a core balanced and comprehensive introductory textbook for students of Development Studies Development Geography and related fields This clear and concise text encourages critical engagement by integrating theory alongside practice and related key topics throughout It demonstrates informatively that ideas concerning development have been many and varied and highly contested varying from time to time and from place to place Clearly written and accessible for students who have no prior knowledge of development the book provides the basics in terms of a geographical approach to development what situation is where when and why Over 200 maps charts tables textboxes and pictures break up the text and offer alternative ways of showing the information The text is further enhanced by a range of pedagogical features chapter outlines case studies key thinkers critical reflections key points and summaries discussion topics and further reading Geographies of Development continues to be an invaluable introductory text not only for geography students but also anyone in area studies international studies and development studies     *Industrialization in the Modern World* John Hinshaw,Peter N. Stearns,2013-11-12 This unique two volume work analyzes the Industrial Revolution from a global perspective and traces its influences up to the present day encouraging students to rethink the significance of events past and present By taking a fresh approach to its topic Industrialization in the Modern World From the Industrial Revolution to the Internet enables students to see this ongoing phenomenon not as a standalone event but as a catalyst for the formation of today s globalized industrializing world Spanning the period from 1750 to the present the work offers some 450 entries that cover developments in Africa and Asia as well as in Europe and the United States Numerous essays are organized around specific questions or problems others examine significant events countries or industries The work deals with all the major aspects of traditional industrialization textiles coal steel as well as modern variations China computers the Internet With a targeted approach the authors will help students see how industrialization in one society influenced another how industrialization spread throughout the world and the causes and effects of each country s individual revolution     **Repositioning the Hong Kong Government** Stephen Wing Kai Chiu,2012-04-01 The relationship between government and society in Hong Kong has become an intensely debated topic as the complexities of governance grow and the old strategies of consensus building without genuine public participation fail to satisfy Increasingly interventionist yet lacking democratic credentials the Hong Kong SAR government finds itself more and more limited in its capacity to implement policies and less able to rely on traditional allies A society dissatisfied with old forms of governance has become ever more ready to mobilize itself outside of

the formal political structures This collection of studies by leading scholars examines the Hong Kong government's efforts to reposition itself in the economy and society under the pressures of globalization economic and political restructuring and the rise of the civil society Drawing on changing theoretical conceptions of state market and citizenship and on comparisons with other Asian economies Repositioning the Hong Kong Government offers new interpretations of the problems of governance in Hong Kong and puts forward positive suggestions for resolving them Emerging Regional Human Rights Systems in Asia

Vesak 2019 in Vietnam      *Asia-Pacific Diplomacy* Lawrence T. Woods, 2011-11-01 The emergence of Asia Pacific regionalism as witnessed by the increasing influence of the Asia Pacific Economic Cooperation forum and the annual ASEAN Post Ministerial Conference highlights one of the major trends in late twentieth century geopolitics and international relations Asia Pacific Diplomacy traces the evolution of the Pacific economic cooperation movement by examining the diplomatic contributions of three international nongovernmental organizations INGOs the scholarly Pacific Trade and Development Conference PAFTAD the business oriented Pacific Basin Economic Council PBEC and the multipartite academic business and government Pacific Economic Cooperation Council PECC Lawrence Woods also provides a historical perspective by assessing the work of the Institute of Pacific Relations forerunner of the INGOs This book makes an important contribution to the study of international political and economic institutions It argues that as the regional cooperation movement expands at the governmental level an understanding of the nongovernmental roots of that movement is required if the diplomatic contributions of the INGOs are to be retained      **Neoliberal Hegemony** Dieter Plehwe, Bernhard J. A. Walpen, Gisela Neunhöffer, 2007-05-07 Neoliberalism is fast becoming the dominant ideology of our age yet politicians businessmen and academics rarely identify themselves with it and even political forces critical of it continue to carry out neoliberal policies around the globe How can we make sense of this paradox Who actually are the neoliberals This is the first explanation of neoliberal hegemony which systematically considers and analyzes the networks and organizations of around 1 000 self conscious neoliberal intellectuals organized in the Mont Plerin Society This book challenges simplistic understandings of neoliberalism It underlines the variety of neoliberal schools of thought the various approaches of its proponents in the fight for hegemony in research and policy development political and communication efforts and the well funded well coordinated and highly effective new types of knowledge organizations generated by the neoliberal movement partisan think tanks It also closes an important gap in the growing literature on private authority presenting new perspectives on transnational civil society formation processes This fascinating new book will be of great interest to students of international relations political economy globalization and politics      **Governance and Public Sector Reform in Asia** Anthony Cheung, Ian Scott, 2003-08-29 Based on new field research this book assesses the current state of governance and public sector reforms in eleven Asian countries and jurisdictions especially in the wake of the recent regional financial crisis that seriously affected some of them It analyses reform efforts comparatively against a backdrop of governance problems and seeks to establish whether these efforts represent a substantive shift in attitudes towards reform or whether they serve simply to reinforce existing practices The authors explore a number of important themes that are central to governance and public sector reform issues These include the role of the state the success or failure of organizational reforms corruption the applicability of the new public management model in the Asian context and the governance values and reform models promoted by regional and international agencies      **South Korea and the Socialist Countries** Dan C. Sanford, 1990-06-18 A broad view of the many

current trends in South Korea's expanding trade and diplomatic relations with China the Soviet Union and Eastern Europe It also assesses the potential impact of these developments on South Korea's relationship with North Korea

**The Rise of East Asia** Mark Berger, Douglas Borer, 2002-09-11 There is great interest in the Pacific Century and what its implications for the future will be The rapid economic growth of East Asia was already setting the region apart from the rest of the world by the 1970s By the 1980s the trend was seen to have spread southward to Thailand Malaysia and Indonesia while China's provinces had also become integral to the regional economic boom In this exciting new study many of the ideas and expectations associated with the Pacific Century are placed under critical scrutiny The book includes studies of particular countries such as China Japan South Korea Vietnam Indonesia and Malaysia There is analysis of economic and political trends in the region the reasons behind its rise and its importance on a global scale The rise of East Asia represents an historic turning point with immense significance world wide This book will be of interest to anyone concerned about the new approaches to and the debate about the rise of east Asia and the coming of the Pacific Century

Buddhism and the fourth industrial revolution Thich Duc Thien, Thich Nhat Tu, 2019-04-16 EDITORS INTRODUCTION BACKGROUND Currently we are living in the fourth industrial revolution by which computers automation robots and people will work together in entirely new ways Applying technological innovations will help the production process faster less manpower and more fully collected data Product quality is ensured by controlling raw materials to forming and transferring to consumers However it may have raised many issues for humans One of its drawbacks is many workers will lose their jobs due to replacement machinery while businesses may face difficulties in recruiting human resources to meet the requirements of the job This can lead to inequality even to break the labor market Economic uncertainties will lead to instability in life and even politics In addition new technology will cause changes in power security concerns and a big gap between rich and poor or the way of communication through the Internet which challenges information security for both people and political systems These problems have urged the world to find the right solutions urgently to attain sustainable development which is favor of the Buddhist philosophy In this theme we highly focus on the Buddhist approach and response to the Fourth Industrial Revolution to generate happiness and peace for humankind

*Foreign Direct Investment, Democracy and Development* Indra de Soysa, 2003-05-01 The effects of globalization on economy and society are highly contested subjects in academic and political arenas This study brings an empirical perspective to the crucially important arguments that encapsulate the major debates in this area Using quantitative data this book addresses the shape and degree of internationalisation by focussing on
