## **Pacific Shift:**

*Pacific Eldorado* Thomas J. Osborne, 2013-01-22 **PACIFIC ELDORADO** **PACIFIC ELDORADO A HISTORY OF GREATER CALIFORNIA** California's rich and complex history has long been shaped by its relationship with the vast ocean along its western shores *Pacific Eldorado A History of Greater California* presents the first comprehensive text to explore the entire sweep of California's past in relationship to the maritime world of the Pacific Basin. Noted historian Thomas J. Osborne dispels the commonly held notion of pre-Gold Rush California as a remote and isolated backwater. He traces the evolution of America's most populous state from the time of prehistoric Asian seafarers and sixteenth-century Spanish explorers through to its emergence in the modern world as a region whose unmatched resources and global influence have rendered it a veritable super-state, a Greater California whose history has far exceeded its geographical boundaries. Interspersed throughout the text are Pacific Profiles, brief chronicles of notable figures who have made an impact on the state's history. At once scholarly and accessible, *Pacific Eldorado* offers a strikingly original interpretation of the origins and evolution of an extraordinary American state.

**Pacific Rim Cities in the World Economy** Michael P. Smith, 1989-01-01 *Pacific Rim Cities in the World Economy* The Pacific Reporter, 1920. **The Pacific Islands** Moshe Rapaport, 1999. Forty-five contributors offer information on the physical environment, history, culture, population, economy, and living environment of the Pacific islands.

Order and Agency in the Indo-Pacific Delphine Allès, Christophe Jaffrelot, Patrick Köllner, 2025-07-22. This book offers several European perspectives on Indo-Pacific dynamics by a set of internationally recognized experts who have collaborated in the Franco-German Observatory of the Indo-Pacific. The observatory was established in 2021 by the Centre for International Studies (CERI) at Sciences Po Paris and the German Institute for Global and Area Studies (GIGA) Hamburg and has since come to include many scholars and institutions from both countries. The book speaks to and updates existing scholarly discussions on Indo-Pacific dynamics, investigating the nexus of ordering and agency in that strategic space. The authors take US-China strategic competition as a contextual given and explore the Indo-Pacific as an interregnum in terms of institutional dynamics and in terms of geo-narratives. The book also offers several case studies of middle and small power agency in the Indo-Pacific, examining the cases of Australia and Japan, India, the Philippines, and Vietnam, and of Pacific Island Countries. A final chapter explores the perspectives of Chinese scholars on the Indo-Pacific as a strategic space.
