Pace, 2019 **Handbook of Hyper-real Religions**, 2012-03-28 Today a new trend is clearly discernable that of

hyper real religions These are innovative religions and spiritualities that mix elements of religious traditions with popular culture If we imagine a spectrum of intensity of the merging of popular culture with religion we might find at one end groups practicing Jediism appropriated from the Star Wars movies Matrixism from the Matrix trilogy and neo pagan rites based on stories from The Lord of the Rings and the Harry Potter series At the other end of the spectrum members of mainstream religions such as Christianity can be influenced or inspired by for example The Da Vinci Code Through various case studies this book studies the on and off line religious spiritual consumption of these narratives through a social scientific approach

Pagan Tarot Gina Pace, 2006 It shows us why these spiritual forces are on the rise all over the world and explains that it is because they are based on an understanding of the need to balance the material world with the spiritual world *Pagan and Witch Elders of the World* Tamara Von Forslun, 2020-10-07 The Pagan or Witch Elder is a leader who has lead by example and teaches their wisdom to those that will listen they have cleared the path for those to follow We must remember and know who these Spiritual and Magical Warriors were and are some who are still fighting in the world for our acceptance and understanding This book is filled with hundreds of Elders some known and some not well known who stood tall and fought the establishment with compassion and strength endurance and wisdom courage and determination to share an ancient knowledge that has been awakened by them in the 21st century I write this book so that our Pagan community remembers and knows who these brave Spiritual Earth Warriors were and are and what they have given sacrificed and shared for the future of our world This book is to honour all our Elders so they are never forgotten and always honoured MERRY WE MEET MERRY WE PART AND MERRY WE MEET AGAIN The EBay Price Guide Julia L. The Occult Mind Christopher Lehrich, 2012-08-17 Given the historical orientation of philosophy is it unreasonable to suggest a wider cast of the net into the deep waters of magic By encountering magical thought as theory we come to a new understanding of a thought that looks back at us from a funhouse mirror from The Occult Mind Divination like

many critical modes involves reading signs and magic more generally can be seen as a kind of criticism that takes the universe seen and unseen known and unknowable as its text In *The Occult Mind* Christopher I Lehrich explores the history of magic in Western thought suggesting a bold new understanding of the claims made about the power of various belief systems In closely interlinked essays on such disparate topics as ley lines the Tarot the Corpus Hermeticum writing and ritual in magical practice and early attempts to decipher Egyptian hieroglyphics Lehrich treats magic and its parts as an intellectual object that requires interpretive zeal on the part of readers observers Drawing illuminating parallels between the practice of magic and more recent interpretive systems structuralism deconstruction semiotics Lehrich deftly suggests that the specter of magic haunts all such attempts to grasp the character of knowledge Offering a radical new approach to the nature and value of occult thought Lehrich's brilliantly conceived and executed book posits magic as a mode of theory that is intrinsically subversive of normative conceptions of reason and truth In elucidating the deep parallels between occult thought and academic discourse Lehrich demonstrates that sixteenth century occult philosophy often touched on issues that have become central to philosophical discourse only in the past fifty years
