studying this period     The Slayers of Moses Susan A. Handelman, 2012-02-01 In this groundbreaking study Susan Handelman examines the theological roots of the modern science of interpretation She defines current structures of thought and patterns of organizing reality clearly distinguishes them from previously reigning Hellenic modes of abstract thought and connects them with important elements of the Rabbinic interpretive tradition Hers is the first comprehensive treatment of the undeniable and undeniably significant influence of Jewish religious thought on contemporary literary criticism Dr Handelman shows how they provide a crucial link among several of the most influential modern theories of textual interpretation from Freud to the Deconstructionist School of Lacan and Derrida as well as current literary theorists who revive Rabbinic hermeneutics such as Harold Bloom and Geoffrey Hartman     *Interpreting the Bible and Aristotle in Late Antiquity* Josef Lössl, 2016-05-23 This book brings together sixteen studies by internationally renowned scholars on the origins and early development of the Latin and Syriac biblical and philosophical commentary traditions It casts light on the work of the founder of philosophical biblical commentary Origen of Alexandria and traces the developments of fourth and fifth century Latin commentary techniques in writers such as Marius Victorinus Jerome and Boethius The focus then moves east to the beginnings of Syriac philosophical commentary and its relationship to theology in the works of Sergius of Reshaina Probus and Paul the Persian and the influence of this continuing tradition in the East up to the Arabic writings of al Farabi There are also chapters on the practice of teaching Aristotelian and Platonic philosophy in fifth century Alexandria on contemporaneous developments among Byzantine thinkers and on the connections in Latin and Syriac traditions between translation from Greek and commentary With its enormous breadth and the groundbreaking originality of its contributions this volume is an indispensable resource not only for specialists but also for all students and scholars interested in late antique intellectual history especially the practice of teaching and studying philosophy the philosophical exegesis of the Bible and the role of commentary in the post Hellenistic world as far as the classical renaissance in Islam     40 Questions about Interpreting the Bible Robert L. Plummer, 2010 The second in the series organized around common FAQs 40 Questions about Interpreting the Bible tackles the major questions that students pastors and professors ask about the hermeneutics of reading the bible i e understanding the bible     **Learning to Speak of God** Mason Lee, 2023-11-16 What difference does the virtue of patience make for our ability to engage deeply in the practice of patience And how does patience help us grasp the something more that is at the heart of preaching excellence Learning to Speak of God argues that the virtue of patience is vital to our faithful and deep preaching practice that patience is a homiletical virtue In doing so this volume asks us to consider the role of character in preaching and the work of specific virtues as we go about our preaching practice Along the way it names the importance of patience as a long acknowledged Christian virtue and considers anew how this virtue shapes and empowers the practice of those who desire to preach in ways that participate in God's transforming work For those who study practice or care about preaching this volume identifies how any notion of what it means to preach well calls for those

whose practice is infused with the virtue of patience      *Theological Method: A Guide for the Perplexed* Paul L. Allen, 2012-06-28 An upper level undergraduate introduction to how to do theology in an academic context      *How Greek Philosophy Corrupted the Christian Concept of God* Richard R. Hopkins, 2023-02-14 This insightful book brings profound new insights to the Trinitarian doctrines of orthodox Christianity With clear and precise documentation the book shows how these doctrines migrated into early Christianity from Greek philosophy The various aspects of Trinitarian belief are isolated linked to their Greek sources and carefully analyzed to show they differ radically from biblical teaching The Writings of early Church Fathers portrayed in their historical context show that during the second century theological concepts taught in Platonism were adopted as Christianity struggled to end Roman persecution Emperor Marcus Aurelius a famous Stoic philosopher was putting Christians to death because their belief did not conform to the Hellenized religion of the day The book shows that the early church fathers sought to save their people's lives by redefining the Christian God in Greek terms Their efforts brought metaphysics to Christianity and ushered in concepts like the Trinity After presenting the historical setting in which these philosophical errors were embraced as Christian doctrine the book compares orthodox Christian theology today called classical theism to biblical teachings The book identifies how Greek philosophy has influenced major attributes of God taught in classical theism The book constitutes a major challenge to those who accept the tenants of classical theism but do not know the many aspects of their doctrine that are based on Greek philosophy      Heavenly Imagery and Symbolism in Matthew's Gospel Daehoon Kang, 2023-11-21 The present study explores the role of heavenly imagery and symbolism in the Gospel of Matthew Historical background and narrative criticism are my main methods because the Old Testament and Second Temple Jewish texts form the historical backgrounds for the understanding of Matthew's heaven and Matthew uses heavenly imagery and symbolism to highlight his main themes in the gospel as a whole This study investigates Matthew's distinctive materials and important texts having to do with heaven exploring their meanings and establishing their roles in each narrative section Matthew describes heaven as the space where certain events reveal God's plan of salvation Heaven is associated with such key matters as revelation and judgment Each major discourse of Matthew focuses on heavenly imagery with judgment at its end culminating in the parable of the sheep and the goats Matt 25 31 46      **A Select Library of Nicene and Post-Nicene Fathers of the Christian Church** Philip Schaff, Henry Wace, 1890      New Approaches to the Study of Biblical Interpretation in Judaism of the Second Temple Period and in Early Christianity Gary A. Anderson, Ruth Clements, David Satran, 2013-03-27 2007 marked the 60th anniversary of the discovery of the first Dead Sea Scrolls The 11th International Orion Symposium January 2007 New Approaches to the Study of Biblical Interpretation in the Second Temple Period and in Early Christianity provided a measure of the ways in which the discovery of the scrolls has altered the paradigms for textual and historical studies in the intervening six decades The papers in this volume address such issues as the connections and distinctions between Jewish interpretation within the Land of Israel and

outside of it between Jewish and Christian exegesis in earlier and later periods between biblical interpretation in literature and in art between interpretation and the formation of the biblical canon     The Anatomy of Myth Michael W. Herren, 2017

It is a remarkable fact that the writings of Philo the Jew from Alexandria were preserved because they were taken up in the Christian tradition But the story of how this process of reception and appropriation took place has never been systematically research In this book the author first examines how Philo's works are related to the New Testament and the earliest Christian writing and then how they were used by Greek and Latin church fathers up to 400 c e with special attention to the contributions of Clement Origen Didymus Eusebius Gregory of Nyssa Ambrose and Augustine Philo in Early Christian Literature is a valuable guide to the state of scholarly research on a subject that has thus far been investigated in a rather piecemeal fashion     *A Select Library of Nicene and Post-Nicene Fathers of the Christian Church* , 1890     **Asian Journal of Pentecostal Studies, Volume 20, Number 2** Dave Johnson, 2018-11-20
