

PAGANISM IN THE ROMAN EMPIRE

RAMSAY MACMULLEN

Paganism And The Roman Empire

J. A. North, S. R. F. Price

Paganism And The Roman Empire:

The Destruction of Paganism in the Roman Empire from Constantine to Justinian Grindle, 1892 **Paganism in the Roman Empire** Ramsay MacMullen, 1981-01-01 MacMullen has published several books in recent years which establish him rightfully as a leading social historian of the Roman Empire. The current volume exhibits many of the characteristics of its predecessors: the presentation of novel revisionist points of view, discrete set pieces of trenchant argument which do not necessarily conform to the boundaries of traditional history, and an impressive authoritative and up-to-date documentation especially rich in primary sources. A stimulating and provocative discourse on Roman paganism as a phenomenon worthy of synthetic investigation in its own right and as the fundamental context for the rise of Christianity. Richard Brilliant, *History*. MacMullen's latest work represents many features of paganism in its social context more vividly and clearly than ever before. Fergus Millar, *American Historical Review*. The major cults are examined from a social and cultural perspective and with the aid of many recently published specialized studies. Students of the Roman Empire should read this book. Robert J. Penella, *Classical World*. A distinguished book with much exact observation. An indispensable mine of erudition on a grand theme. Henry Chadwick, *Times Literary Supplement*. Ramsay MacMullen is Dunham Professor of History and Classics at Yale University and the author of *Roman Government's Response to Crisis A.D. 235-337* and *Roman Social Relations 50 B.C. to A.D. 284*. The History of the Extinction of Paganism in the Roman Empire, Viewed in Relation to the Evidences of Christianity John Bickford Heard, 1852 **Christianity and Paganism in the Fourth to Eighth Centuries** Ramsay MacMullen, 1997-01-01 The slaughter of animals for religious feasts, the tinkling of bells to ward off evil during holy rites, the custom of dancing in religious services: these and many other pagan practices persisted in the Christian church for hundreds of years after Constantine proclaimed Christianity the one official religion of Rome. In this book Ramsay MacMullen investigates the transition from paganism to Christianity between the fourth and eighth centuries. He reassesses the triumph of Christianity, contending that it was neither tidy nor quick, and he shows that the two religious systems were both vital during an interactive period that lasted far longer than historians have previously believed. MacMullen explores the influences of paganism and Christianity upon each other. In a rich discussion of the different strengths of the two systems, he demonstrates that pagan beliefs were not eclipsed or displaced by Christianity but persisted or were transformed. The victory of the Christian church, he explains, was one not of obliteration but of widening embrace and assimilation. This fascinating book also includes new material on the Christian persecution of pagans over the centuries through methods that ranged from fines to crucifixion, the mixture of motives in conversion, the stubbornness of pagan resistance, the difficulty of satisfying the demands and expectations of new converts, and the degree of assimilation of Christianity to paganism. **The Destruction of Paganism in the Roman Empire from Constantine to Justinian** Gilbert Edmund Augustine Grindle, 2017-11-22
Excerpt from *The Destruction of Paganism in the Roman Empire From Constantine to Justinian* The Chancellor's Essay 1892

Though the Romans to some extent brought about religious uniformity in the Empire by spreading the worship of their own gods and by adopting those of their subjects there was of course no such religion as Paganism only a body of cults not welded into a coherent whole and presenting themselves under many different aspects 1 The ceremonies and institutions of the old national faith hardly answered to any religious needs The higher aspirations of the time found an outlet in the ecstatic devotion awakened by foreign rites and by the mysteries But the worship of the deities of Olympus was the religion of the State and as such was bound up with all the ordinary acts of life The horror with which the Christian looked on the games even on the blood less combats of the circus was justified by their intimate connection with Paganism 9 nor could he avoid the pollution of demon worship as it seemed to him in the transactions of the forum or the deliberations of the Senate Public life in Rome necessitated continual contact with if not participation in the forms of the old worship The national religion appealed too to the patriotism of all true sons of the Empire The religion of Numa s the nobles loved to call their strange medley of cults gas bound up with the past glories of Rome the enthusiasm which the Vestal Virgins evoked was due to the fact that they were regarded as links with the past rather than to any religious significance attached to their functions On purely political or sentimental grounds then the Roman nobles were deeply attached to Pagan forms of worship They delighted in adding to their names the old titles of pontifex and augur and derived from them much of their social And the administration of the Empire was in the hands of the nobles nor could the most Christian emperors carry on their government without them About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Christian and Pagan in the Roman Empire

Tertullian,2001-09 In this volume Robert D Sider undertakes a judicious pruning of the original texts and brings a fresh accessibility to the important writings of Tertullian **Paganism to Christianity in the Roman Empire** Walter Woodburn

Hyde,2008-12-18 **Pagan Gods and Shrines of the Roman Empire** Martin Henig,Anthony King,1986 **The Destruction of Paganism in the Roman Empire from Constantine to Justinian** Gilbert E. A. Grindle,1892 **Pagans**

and Christians in the Roman Empire Peter Brown,Rita Lizzi Testa,2011 Scholars of the last generation devoted much attention to Late Antiquity to its institutions economy social relationships culture Nevertheless it was thanks to Arnaldo Momigliano that not inferior consideration has been given to religion as an important factor of transformation and development Fifty years after the publication of his *The Conflict between Paganism and Christianity* Oxford in 1963 a group of scholars wanted to reflect on the relationships between Pagans and Christians in order to measure how much his legacy

has been developed by the contemporary research The Religious History of the Roman Empire J. A. North, S. R. F. Price, 2011-05-26 A collection of previously published papers by leading scholars dealing with the religious history of the Roman Empire It covers Christianity and Judaism as well as the paganism of the Empire which so deeply influenced these world religions Pagan City and Christian Capital John Curran, 2002-06-06 The critical century between the arrival of Constantine and the advance of Alaric in the early fifth century witnessed dramatic changes in the city of Rome In this book Dr Curran has broken away from the usual notions of religious conflict between Christians and pagans to focus on a number of approaches to the Christianization of Rome He surveys the laws and political considerations which governed the building policy of Constantine and his successors the effect of papal building and commemorative constructions on Roman topography the continuing ambivalence of the Roman festal calendar and the conflict between Christians over asceticism and real Christianity Thus using analytical literary and legal evidence Dr Curran explains the way in which the landscape civic life and moral values of Rome were transformed by complex and sometimes paradoxical forces laying the foundation for the capital of medieval Christendom Through a study of Rome as a city Dr Curran explores the rise of Christianity and the decline of paganism in the later Roman empire **Pagans and Christians in the Late Roman Empire** Marianne Sághy, Edward M. Schoolman, 2017-10-10 Do the terms pagan and Christian transition from paganism to Christianity still hold as explanatory devices to apply to the political religious and cultural transformation experienced Empire wide Revisiting pagans and Christians in Late Antiquity has been a fertile site of scholarship in recent years the paradigm shift in the interpretation of the relations between pagans and Christians replaced the old conflict model with a subtler complex approach and triggered the upsurge of new explanatory models such as multiculturalism cohabitation cooperation identity or group cohesion This collection of essays inscribes itself into the revisionist discussion of pagan Christian relations over a broad territory and time span the Roman Empire from the fourth to the eighth century A set of papers argues that if paganism had never been fully extirpated or denied by the multiethnic educated elite that managed the Roman Empire Christianity came to be presented by the same elite as providing a way for a wider group of people to combine true philosophy and right religion The speed with which this happened is just as remarkable as the long persistence of paganism after the sea change of the fourth century that made Christianity the official religion of the State For a long time afterwards pagans and Christians lived in between polytheistic and monotheist traditions and disputed Classical and non Classical legacies The history of Christianity ... to the abolition of paganism in the Roman empire Henry Hart Milman, 1863 **The Jews Among Pagans and Christians in the Roman Empire** Judith Lieu, John North, Tessa Rajak, 2013-04-15 In the period of Roman domination there were communities of Jews some still in Palestine some dispersed in and around the Roman Empire they had to face at first the world wide power of the pagan Romans and later on the emergence of Christianity as an Empire wide religion How they coped with these dramatic changes and how they influenced the new forms of religious life that emerged in this period

provide the main themes of The Jews Among Pagans and Christians Essays by the leading scholars in the field together with the introduction by the editors offer new approaches to understanding the role of Judaism and the pattern of religious interaction characteristic of the period
