same people to write down their top ten most important decisions they have made in their lives he felt he could gain a keen insight into what decisions they might need to make in the future to change the course of their lives for the better I set out to examine those very memories and decisions for myself in Bent Pages From the time I was a child one of my habits that drove others in my family crazy was to bend the corner of a page down on a book I was reading if it contained information I wanted to remember and look back on It was easy to tell which books I had read and had been inspired by there would be many bent corners This book is a snapshot of the bent corners of pages in my life that have inspired and taught me They are moments I never want to forget even if painful They have made me who I am And I would not change that for the world But looking back can be a risk It can be painful It can dredge up things that you never wanted to think about again But change is a decision and I desperately wanted to change and make decisions wisely even if it meant examining parts of my history that were painful or blurry To my delight many memories also brought laughter and a new sense of appreciation for the difficulties we all face when growing up We start out as children with it being all about me and we view our microcosms only through those myopic child like eyes Yet as we grow and mature we are often able to view those experiences and the people involved in a whole new light sometimes even as unexpected blessings God wired me specifically with certain talents abilities and personality traits when he knit me together in my mother s womb I have purpose I can make an impact I long to fulfill my role in his plan for history I have discovered that I can make a difference one person at a time beginning with me I have learned that God is indeed in control even when life seems chaotic I have learned that when I try to take back control of my life from God I forfeit faith I have learned that even one person one decision one act of obedience can catapult a life of insecurity and despair to ultimate joy peace and fulfillment in Christ Lastly I have learned that I get to choose how I want to view those events that affected my life I can choose to be a victim I can choose to be angry Or I can choose to be a victor a person who chooses joy in seeing the gracious hand of God creating a beautiful symphony to share with others I want to sing Him a love song my life the melody At times this book is emotionally raw and heart breaking and at times it will make you laugh out loud welcome to the adventure      Raphael, Or, Pages of the Book of Life at Twenty Alphonse de Lamartine,1857
