Pain Control Healing:

Healing Power: Ten Steps to Pain Management and Spiritual Evolution Revised Philip Shapiro, M.D., 2010-07-21
With the advent of mind body medicine it is now possible to combine the healing principles of both the medical and spiritual fields To this end Dr Phil Shapiro has developed a ten step self help model that he uses himself and teaches to his students and patients After you have received your medication surgery or natural remedy and you are still in pain there are a variety of psychosocial and spiritual methods that can help you manage that pain skillfully The ten step model described in this book is a composite of healing principles and methods extracted from the great wisdom traditions and organized into cognitive behavioral practices These techniques are designed to help the reader accomplish three goals 1 Expand healing power for body mind and soul 2 Become more skillful pain managers for any pain problem disease or disability 3 Evolve spiritually feel better become a better person and experience higher states of consciousness To take advantage of the healing principles embedded in the religions we need to solve the problem of toxic language and traumatic religious history There is a way to do this We can design healing models that serve people of all persuasions Baptists Sufis ethical humanists scientific atheists true believers true non believers all of us have the same magnificent healing power in every cell of our bodies and we know how to make it grow The ten steps do not declare answers to life s big questions such as why we are born why there is so much suffering and evil whether there is a God and where we go after death However we can apply the wealth of healing wisdom in the great faith traditions to help us manage our pain and heal This book is written for atheists agnostics religious or spiritual persons Anyone can play in the expanded field of healing power
